Ride Proves Costly—
C. W. Beavers was fined \$10 this morning in Justice Gowdy's court, for stealing a ride on a Southern Pacific train, upon information furnished by Patrolman C. S. Priest. The culprit objected to paying the fine, although \$72 was found in his possession, whereupon he was threatened with thirty days city rockpile work. "You can't make me work on the rockpile, because I am only seventeen years old," returned the youth, who is said to look ten years older than the age named. He was sent back to jail to reconsider the matter. Justice Gowdy is of the opinion that the city should provide a woodpile or other place where such offenders could be made to work out their sentence, expressing the belief that if this were done Ashland would be less troubled with tramps and hoboes.

Gold Hill Mining Good—
According to news telegraphic dispatches sent out from Gold Hill industrial activity there in the last ten days is very encouraging. Mining has gained great impetus with the coming of rainy weather, and some diggings dormant for many years are opening up and making good showings. The Millionaire, the Gold Ridge, and the Centennial are taking the lead at present in active development on a large scale, while the Red Oaks, Alice, Rhoten Pocket, Corporal G. Blossom Lucky Bart, and smaller prospects are actively engaged in development work of more or less importance. These workings are all in hard rock and are gold producers. The Ancient River and the Centennial mines are both placer and are preparing for an extensive operation.

Concealed Weapon Costly—
Ray Darcey was this morning in Justice Gowdy's court found guilty of carrying a concealed revolver and sentenced to six months in jail. The sentence was suspended on condition that the offender pay the costs of the case, \$5.05 and leave the city, which he did. The complaint was filed by C. W. Priest, special police employed by the Southern Pacific company in the local yards.

For pleading, see Orres. 17tf

Car Found Near Siskiyou—
Carl Russell, lineman for the telephone company, while working near Siskiyou Friday found a Reo car, which looked as though it had been there for several days. The car bore a dealer's license, 271-F. F. E. Nor-

Leave for Portland—
Miss Lena Nelson, Miss Ramona Harrell, both of the Granite City hospital, Mrs. G. W. Gregg and Mrs. George J. Kinz left this morning for Portland on a week's vacation and motoring trip. The party left in Miss Nelson's car and will return to Ashland Friday of next week.

Grants Pass Visitor—
Miss Mary Colby, of Grants Pass, spent the week-end with Mr. and Mrs. H. A. French.

Cliff Payne makes silver chests. All wool suits for \$20 at Paulserud's. 63tf

Dennis Gets Light Pole—
The cement electric light pole, removed from North Main street, near the Plaza when the street was widened, is being placed in front of Dennis' store today. The cost of the job will be about \$200, which is borne by the city. The cost of the pole alone is \$50, which is not included in the sum mentioned.

Ministers Take Action—
The ministerial association at their meeting today voted to hold union Thanksgiving services at the Presbyterian church. Rev. W. J. Oldfield is to preach the sermon. Exercises will begin at 10:30 o'clock in the morning. The collection taken on that day will be divided equally between the Near East relief fund and local charity, the latter to be administered by local pastors.

Rev. Oldfield was appointed to represent the ministers on a committee of three to investigate cases of ex-service men asking for charity, the American Legion and the Red Cross each to furnish a member of the committee. One of the preachers told of a man claiming to be a former soldier and wearing the regulation uniform, who was later found to be sixty-two years old. A municipal woodpile was recommended, to furnish employment for men in need, also the distribution of tickets good for a certain amount of food at any local restaurant, to representatives of Ashland charitable organizations.

Nichols Buys Land—
C. W. Nichols, who lives across Bear creek, about three miles east of Ashland, has purchased eighty-eight acres adjoining his farm, of W. E. Cox, through C. B. Lamkin, realty dealer.

GOLD HILL LEVY 12 MILLS

GOLD HILL, Or., Nov. 14.—The levying board which has just published the budget announces that it will require \$6178.88 to meet the expenses of the city of Gold Hill the coming year. The levy proposed is 12 mills. The city has had no bonded indebtedness for a number of years until last April. In voting a new charter \$2000 was voted to cover an expense incurred by the freezing weather two years ago damaging the pumping plant owned and operated by the city.

The other indebtedness of the city consists of \$3342.87 of outstanding warrants, of which \$1000 is the purchase price of the old school block and building now owned and occupied by the city for city purposes.

MEXICAN TROOPS RUSHED TO STOP INSURGENT RIOTS

SAN DIEGO, Calif., Nov. 14.—Reinforcements are pouring into Tia Juana today to aid the Mexican federal troops which were attacked and routed by insurgents yesterday, according to unofficial reports filtering across the border.

Contrary to first reports, which said that the federal troops had put the rebels to flight without casualties, it was declared today that the federal troops were ambuscaded in San Antonio canyon and fifteen of their number killed. The rebels are reported to have lost twenty-two in killed and two who were taken prisoners.

Governor Ybarra, of Lower California, declares that he has the situation well in hand and that no further danger exists.

COMMISSION CONFERS ON NEW HIGHWAYS

PORTLAND, Or., Nov. 14.—State highway commissioners and officials of the United States forest service were in conference here Saturday in reference to road projects to be recommended to the secretary of agriculture for completion under the recently passed federal road act.

Commissioners R. A. Booth and W. A. Barratt, W. H. Kline, Herbert Nunn, state engineer, P. H. Dato, district engineer of the forest service, George H. Cecil, district forester, and C. P. Purcell, of the bureau of public roads, attended the conference.

OREGON DAIRYMEN LOYAL TO LEAGUE

HILLSBORO, Or., Nov. 14.—Several hundred Washington county dairymen in session here Saturday, by a practically unanimous vote, pledged continued allegiance to the Oregon Dairymen's league and adopted a resolution calling for a meeting of state membership at Portland next Tuesday. Upon demand of the meeting, K. C. Eldridge, manager, consented to withhold the resignation he had proposed to present at the meeting of the directors.

TEAMSTERS STRIKE IN CHICAGO OVER WAGE CUT; RIOTS

CHICAGO, Nov. 14.—Reputating an agreement to accept a wage cut of \$3 a week, several hundred members of the International Brotherhood of Teamsters and Chauffeurs struck today. It is feared that the strike will result in almost a complete tieup of Chicago's trucking facilities.

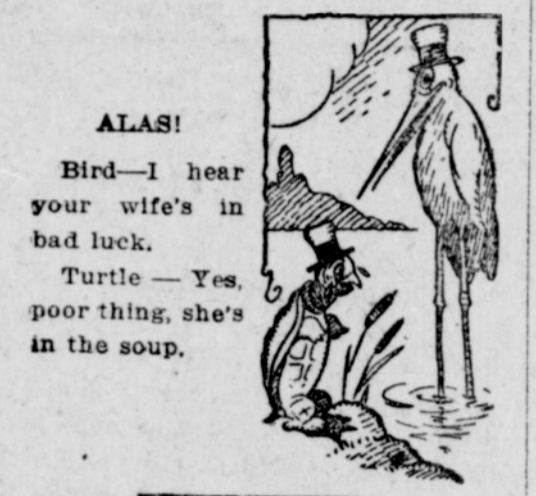

Shortly after the strike went into effect violence broke out among the teamsters and the men who were taking their places.

Police were rushed to half a dozen points throughout the city to stop the fights and break up the mob-like gatherings. A truck driver and a chauffeur were dragged from their vehicles and badly beaten. Eighty-one hundred men are idle. Police report that discontent among the teamsters is growing.

Week Generally Fair—

Weather predictions for the week, beginning Monday follow: Rock Mountain and Plateau regions: Generally fair with temperature near or above normal.

Pacific states: Normal temperature and generally fair except for occasional rains on the north coast.

ABANDONED BABY TAKEN TO HOME OF GRANDFATHER

(Continued from Page 1)

not inclined to let it get away from them. In the Golden State, according to the informant, it is the custom to "farm out" homeless waifs in batches of six or less to women who care for them at the price above mentioned. Some receive good treatment, while others do not, and in no case is a child so well off as it would be in a good home where it had been adopted.

Miss Minnie Beaver, who recently returned from Portland, where she was employed as a nurse in the Albertina Kerr baby home, states that childless parents encounter similar difficulty in finding Oregon children to adopt. While the Kerr home was always overcrowded, few of the children were available for adoption, partially because of the unwillingness of those whose parents were living to give their consent and partly because the superintendent appeared unwilling to let them go. Even abandoned babies were kept a year and a half before anyone was allowed to adopt them. Miss Beaver says that some doubt as to whether the infants can legally be held this length of time.

ASHLAND WINS GRID TITLE IN LEBANON GAME

(Continued from Page 1)

Lebanon scored for the first time in the early part of the third quarter on a forward pass. Shortly afterwards Rush, of the Ashland team, carried the ball sixty-five yards for a touchdown. In the third quarter Guthrey scored a touchdown. Captain Heer was put out of the game after spraining his injured ankle in a fifty-five yard dash for the Lebanon goal. Remsey, who had been playing end, took his place, and Holdson substituted for Remsey. Brower made the final touchdown of the game, making a score of 38 to 7 in favor of Ashland.

Despite the large score Ashland's fought for every inch of gain except when a break of luck favored them. The visiting team had two of the best defensive ends ever seen in action in this part of the state.

The Ashland lineup was as follows: Right end, Elton Ramsey; right tackle, Allen Autry; right guard, Harlen McWilliams; center, Dale Young; left guard, Harry Hill; left tackle, Taylor; left end, Allen Brower; quarterback, Leslie Heer,

captain; fullback, Earl Snyder; right half, Charlie Rush; left half, Albert Guthrey. Referee: McKenzie. Umpire: Hollis Huntington.

"FATTY" ARBUCKLE ON TRIAL; MANSLAUGHTER

(Continued from Page 1)

tate condition at the age of fourteen.

Attack Arbuckle Character—
McNab had announced that the character of Miss Rappe would not be attacked, but upon hearing of the intention of the defense to introduce this line of testimony, District Attorney Brady intimated that he would launch a counter attack against the character of Arbuckle.

There was every indication as the trial opened today that it will be a cleverly-fought legal battle. Some testimony will be omitted by both sides because of the issues it would open up. The state is not expected to place Bamba Maude Delmont on the stand, because the defense would be in a position to savagely attack her testimony. On the other hand the defense is expected to go lightly on such matters as the character of the dead girl, because of the reprisals that would follow from the state.

Arbuckle is not expected to take the stand. He has spoken to no one except his attorneys of the events of the afternoon of Labor day. Silence was enjoined on him and all of his friends the night of his arrest. It has been unbroken since. His attorneys have talked but little. Their plans in full remained undisclosed today.

The state hoped the comedian would take the stand.

"But two people know what happened in that room," District Attorney Brady declared. "One of them is dead. We hope Roscoe Arbuckle, who alone can tell, will take the stand. We want the truth."

Wife with "Fatty"

With Arbuckle when he entered court today, was his wife, Minta Durfee Arbuckle, and her mother, and his brother, A. C. Arbuckle and his wife. The charge against Arbuckle was the means of effecting a reconciliation between Arbuckle and his wife. They had been separated for five years, but immediately
