

THANKSGIVING

The three hundredth anniversary of the Pilgrim's first Thanksgiving gives a peculiar interest to this year's recognition of Thanksgiving Day. The people who established Thanksgiving Day had little bounty and many dangers. How much more have we to be grateful for! America today has greater security and greater bounty than at any time before. That all of us may partake of the season's good things, merchants now make their most attractive offerings. Profit by these announcements, so you too may have good cause for Thanksgiving.

That Thanksgiving Dinner!

The best place to have Thanksgiving Dinner is Home. But if you can't be home, the best place on earth is the

THANKSGIVING TURKEY

The most important part of the Thanksgiving Feast is the Turkey, of course. But it is equally important to know that your fowl is good and healthy, so the family may have no after-effects from the "big feed."

A big quantity of freshly-killed Turkeys has just arrived. The prudent housewife will lose no time in choosing one of these fine birds. Prices are lower here than elsewhere.

Taken to State Asylum—

The McFord man named Nichols who it was suspected had been insane for a long time and who recently took his two and a half year old motherless daughter, and went to Weed, Calif., where he was tramping around with her, and who with the girl was brought back by Sheriff Terrill, has been adjudged insane and was committed to the state asylum by Judge Gardner last week.

Soldier Land Plan Queried—

Inquiries on the soldier land plan proposed recently by the state chamber of commerce are pouring into the state chamber headquarters and land committee of the American Legion. There are many ex-service men in the state who are anxious to own their own farm, but are unemployed and without funds. The plan advanced by the state chamber is particularly for this class of men. The first tract of land which has been made available for soldier settlement is a section of the Squaw creek irrigation district. Efforts are being made by the state chamber and the Legion to make other tracts of land available.

WHEN LOVED ONES GATHER 'ROUND THE FESTIVE BOARD ON

Thanksgiving Day

What a wonderful sentiment has grown around the Thanksgiving Dinner! Truly, it is the Feast of Feasts—the occasion of family gatherings, when homes are bright with love and laughter.

We have always been proud that our Pure Foods have contributed to the joys of the occasion. This year we are better prepared than ever with a big line of Preferred Stock Canned Goods, Vegetables, Fruits and Jellies, Nuts and Candies—and prices much lower than last year.

Aristolochite, honorary pharmacy fraternity. Scholarship, participation in student activities and qualities of character form the basis upon which members are chosen for this organization. Mr. Porter is a member of Kappa Psi fraternity. Earl Beigle, registered in electrical engineering, and Oliver Anderson, studying mining, are two other juniors from Ashland.

Football fans predicted a big season for husky Burton Winne, a sophomore in mining engineering, when they saw him plow through the Multnomah line in the game with Multnomah club early in the season. A sprained ankle has kept this fullback from playing much since that time; but the team is relying on

him next year. He received part of his football training as a member of the rookie eleven last year. Mr. Winne is a member of Kappa Theta Rho.

Cecile Case, a pursuer of commercial knowledge, Elmer Mowat, registered in forestry, and William D. Whittle, a student in mining engineering and a member of Tau Delta fraternity, complete the ranks of Ashland sophomores.

Freshmen from Ashland are Jack member of Tau Delta, Rollie Freeman, taking agriculture, Cecile and Mable Moore, both enrolled in home economics, and Irving Porter, a student in commerce and a pledge to Sigma Chi.

Ira C. Neville is a special student in pharmacy, and John Swigart in electrical engineering. Violet Herbert is taking graduate work in home economics.
