Choice Cuts —and Others

A few weeks ago a newspaper man visited one of the wholesale markets of Swift & Company. He wanted to see a retailer buy a loin of beef and then watch the retailer sell the porterhouse and sirloin steaks from it over his counter. He thought this would make a good story.

The head of the market took the reporter into the "cooler" where he showed him a high class side of beef. With a wooden skewer he marked off the loin and said, "That would cost a retailer just 40 cents a pound, but it's only 3 per cent of the weight of the whole side."

"This piece, (and he marked off about one-fourth of the carcass) is the chuck and I'll sell it at wholesale for 7 cents a pound. Please remember, this is one of our best sides of beef. We also have beef which sells for half as much."

This wide variation in the price of various cuts from the same side of beef is caused largely by demand for the tender cuts. The others are, of course, just as wholesome.

It seems as though more people than ever are demanding choicer cuts, and their demand sets the price. If few people ask for the forequarter cuts, the price of forequarters will automatically drop to a figure low enough to induce people to buy because of cheapness.

Even though certain cuts sell for relatively high prices, other cuts, due to lack of demand, sell so low that our profit from all sources over a period of five years averaged only a fraction of a cent a pound.

It is competition between consumers for the choice cuts that keeps prices for those cuts relatively high; an equalizing demand for all parts of the carcass would benefit producer, packer, retailer and consumer.

Our average wholesale selling price of all products has fallen about 40 per cent since September 1920.

New Vining Organist—
Miss Leah Hanson, the new organist at the Vining, is delighting patrons with her wonderful technique and sympathetic interpretation of the stories pictured upon the cinema screen. The "silent drama" has become a misnomer, for the splendid music which the modern photoplay organ furnishes in the hands of a skilled musician like the new Vining artist, has become an essential part of a moving picture entertainment. Miss Hanson has just closed an engagement as relief organist at the Liberty theater, Portland. She studied under Mertagh, who is said to be the greatest organist on the Pacific coast.

Ernest Peachy came in Monday from the Dead Indian country where he has been engaged as forest ranger for the summer. Mr. Peachy will join his family at Medford for a time.

To Visit Relatives—
W. E. Palmer and wife, of Lincoln street, expect to leave soon for California to visit relatives in that state.

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Ashland resident's example.

Mrs. A. Sherard, 881 E. Main St., says: "I can recommend Doan's Kidney Pills from experience for I know they do all that is claimed of them. I had a lame and aching back that kept me feeling miserable all the time. My work tired me easily and I had frequent headaches. My kidneys acted too frequently, also. I read of Doan's Kidney Pills and used them from Poley & Elhart's Drug Store. They helped me wonderfully by relieving the backaches and regulating my kidneys." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sherard had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
