Who Carries Your Insurance?
What do you know about the company you are insured in? An association of credit men said, "Our committee will hear strongly on the necessity of dealing only with strictly responsible insurance companies."
Fair weather insurance may pass muster in times of prosperity when the markets are booming.
The testing time comes when the markets are declining and there is stress and storm. Property owners should apply the acid test to the indemnity they buy. Insurance that insures at all times is the only safe indemnity. That's the only kind that we would keep in this office. You can't afford to lose even once in the matter of insuring your property and yourself.

To the woman who drives a car—

Here at last is a battery that is dependable,—that will start and light your automobile with a powerful current without frequent trips to a battery station for recharging or repairs.

The Luthy battery is built to give you more than two years service. For that time at least you will be relieved of battery troubles and repair expenses. There will be no need of repairs, and seldom need of recharging.

The Luthy battery is guaranteed in writing. "Two years service or a new battery without cost." The guarantee means exactly what it says,—it is not an adjustment guarantee,—and the two-year period begins on the day when you buy your "Luthy." There is a Luthy battery for each type of car.

Come to our station for service. We shall be glad to give your present battery any necessary attention and to explain to you why the "Luthy" is the battery for you.

INVEST!

Help Ashland secure a valuable industry, and at the same time, a safe and profitable investment for yourself, by investing in the stock of the MORA PUMP CO.

All the money derived from the sale of this stock will be spent in Ashland in the purchase of the Ashland Iron Works and carrying on the manufacture of pumps.

The MORA pump has already been financed far beyond the experimental stage and has been proven by scientific and practical tests to be by far the most efficient pump now on the market

The Company has orders for pumps on hand and in order to take care of its business, requires additional capital.

All stock is being sold at the par value of \$100 per share, and no commission is being paid to anyone to sell the stock.
