Having contracted for a large amount of flour at the lowest mill prices of the season, and the cost of operating our plant at half capacity is nearly as much as full capacity, and in order to induce every family in Ashland and surrounding country to try and be convinced that Malted Milk Bread is the most wholesome, healthful and superior in the class of food, we have decided to demonstrate and prove the above statements to your satisfaction by reducing the price for an unlimited time as an inducement for a universal test.

We make only pure Malted Milk Bread, derived from 35 years of experience—most pure and wholesome.

Beginning Monday, December 12, the Malted Milk Twin Bread, weight 1 1/2 pounds, can be had for 10 cents. Two full pound Twins for 14 cents. Don't be disappointed. Call for and demand Malted Milk Twin Bread.
