

Strong as an anvil— A Luthy battery should outlast your car

Every detail of a Luthy battery is built for service.

Luthy separators of patented "Luthite" are acid-resisting; they cannot rot like wood or rubber-compound separators and cause short circuits. Thus 80% of all battery troubles are overcome.

No formations develop in Luthy batteries either to reduce the activity of plates or to cause electrical connections to rot and break.

Nearly 1,700 hooded perforations in each Luthy separator allow free paths for the solution and current, thus keeping the battery cool and assuring a quicker charge and a more powerful discharge through the entire life of the battery.

Luthy batteries are guaranteed in writing. — "Two years service or a new battery without cost." There is a Luthy battery for each type of car. Better come in today and examine the Luthy battery.

We repair and give service on all makes of batteries.

Two years service or a new battery without cost

Who is your "Luthy" distributor?

A C WILLHITE, EXCHANGE TIRE COMPANY, Buick Service Station, 83 North Main St., Ashland, Ore. REED AUTO SUPPLY CO Klamath Falls, Ore.

THE ECONOMY BAKING POWDER

CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plants.

Best by test. A trial proves it.

The Law Says 16 oz. to a Pound
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Local and Personal

When you think of insurance, think of Yeo, of course. 83tf

Surprise Valley Visitors—

Mr. and Mrs. F. C. Schmidtke arrived Wednesday from Cedarville, Calif., and registered at Hotel Ashland. Cedarville is in the Surprise valley, the former home of the Royes, Kneebones and Owens, who now live in Ashland.

An agency for the Liberty car has been established at Medford, and anyone interested in them may see them at the Riverside Garage. P. F. Close is agent, 132 S. Riverside. 83tf

McMinnville Visitor—

A. Braley arrived from McMinnville Monday and is looking at the Ashland country. Mr. Braley is a retired Willamette valley farmer.

Auto accident insurance. Yeo, of course. 83tf

Dies at Sebastopol—

Mrs. N. G. Bates received a telegram today announcing the death of her father, who was seventy-five years old, at Sebastopol, Calif.

Let Friend Wife sleep in the morning and go to the Hotel Ashland grill and get one of those fine special 60 cent breakfasts. 61tf

"Pink-eyed" Children—

A half-dozen Junior high school children have the "pink-eye" and are being kept at home.

We make our own candies, ice cream and tamales. Enders Confectionery. 82tf

Beagle Visitors—

Mr. and Mrs. E. B. Lucas, of Beagle, motored to Ashland Sunday to spend the day with their friend, Mrs. Lulu VanWegen.

Rose Brothers have the most complete line of high grade candy boxes in the city. We invite inspection. 87-5

Gold Hill Guests—

Mr. and Mrs. Walker and little daughter, of Gold Hill, were the guests of Mr. and Mrs. E. E. Gall, of Belleview, Monday.

Soft shell walnuts, Diamond brand, 35 cents per pound at White House Groceries. 89-2

Recovering from Illness—

Mrs. George Loosley, who has been very ill at her home in Berkeley, Calif., is improving, which will be welcome news to her many Ashland friends.

Dew Drop Inn for hot waffles and M. J. B. coffee. 84tf

Adding a new chapter to the book of motor experience

Hundreds have written us—telegraphed us—of amazing results with Cylol in the motor. They tell the story of increased power and mileage, greater hill climbing ability, less engine trouble, reduced repair costs, smoother running motors. All give full credit to Cylol for the change.

The reason for such enthusiastic tribute is plain:

Owing to the new Hexeon Process, used only by us, Cylol is free from destructive "sulpho" compounds and other impurities. Cylol is made from Cyclo-Napthenic base crude.

Consequently Cylol does not break down, thin out or evaporate rapidly under engine heat. It maintains an unimpaired lubricating film between all moving parts. This film prevents metal-to-metal contact and the serious damage that follows friction wear.

Take the word of Cylol users—give your engine a chance to develop its maximum mechanical efficiency. Flush out the crank case—not with kerosene—and refill with the correct grade of Cylol as shown by the Cylol Lubrication Chart.
