OREGON INVITED TO JOIN IN VICTORY MEMORIAL

WASHINGTON, D. C., Jan. 17.—Erection in Washington of the national victory memorial building, commemorating the American forces in the world war and complying with the wish of George Washington for a great educational institution here is endorsed by President Harding in a letter to all state governors and the commissioner of the District of Columbia, urging official participation of the states in the project.

In his letter to the governors; under date of January 9, President Harding said:

"I am writing to enlist your interest, with mine, in the Washington Victory building, which is in course of erection in Washington. As you doubtless know, the structure is intended to be a worthy national memorial of the services of our armed forces in the world war, and also to represent a compliance with the wish of General George Washington, that a great educational institution should be provided here.

"These two purposes have been united in the plans for the building, in whose erection it is aimed to have all the states participate. The great auditorium, designed as a meeting place for national and international gatherings, will have its ceiling studded with gold and blue stars, a blue star for every survivor who served in the war, a gold one for every one who gave his life in the service; with the initials of every man marking his own star.

"Thus will be produced a true service flag of the nation, with its millions of stars; and that it may be given the character of a truly national memorial, it is wished that

each state should provide for the stars for its own men, in addition to any other participation it may choose to assume.

"To make this structure a true shrine of national patriotism, representing for our country the sentiments that Westminster Abbey and St. Paul's church attest to Englishmen, and the Pantheon and the Invalides to Frenchmen—this is the ambition of the earnest men and women who are carrying forward the work of the George Washington Memorial association."

FIRING OF BATTLE SHIPS CAUSE TREMORS

LOS ANGELES, Jan. 18.—The firing of heavy guns on four large battleships of the Pacific fleet off the coast of San Pedro last night, caused slight vibrations to be felt as far north as Santa Barbara, and south as far as San Diego. Before the cause of the shocks could be determined, reports were sent out that Los Angeles had been visited by earthquakes.

NOTICE TO TRAPPERS
At the special session of the Thirty-first legislative assembly recently held, there were certain amendments made relative to the payment of bounty on wild animals wherein it was provided that all applicants for bounty must appear before the county clerk with two freeholders and taxpayers, and make affidavit that the animals for which bounty is sought were killed in this county. No bounty can be paid without meeting the above requirements, so please govern yourselves accordingly.

CHAUNCEY FLOREY, County Clerk.

Burned to Junk

—Many accidents suddenly turn the fire that propels automobiles and trucks into a raging force that destroys them. The building in which your automobile is kept is always liable to burn, and your car with it. Can you stand the loss of \$2000, \$1500, \$1000, or even \$500, without feeling the loss?
—The only safe way is to protect your car from loss by fire with a good insurance policy. You can also buy protection from loss by theft, collision, and your liability for damage to another's property or for injury to other persons.
—If your car is worth having, it is worth insuring. Do it today. It's better to play safe than be forever sorry.
