"GERMANY MUST PAY" SAYS POINCARE

JACK FROST IS IN ELEMENT; NO RELIEF COMING

ASHLAND SHIVERS AS MERCURY NEARS THE ZERO MARK — LAST NIGHT WAS COLDEST ONE SINCE 1919.

Eastern Oregon Towns Report Extreme Cold While in Rocky Mountain Region Temperature is Rising After Week of Zero Weather.

The coldest night of the winter, for Ashland at least, was last night. Extra bed clothes were brought and draped over the shivering forms of people, who, though they did not know Mr. Mercury had gone down nearly to the zero mark, knew that it was cold enough.

Louis Dodge, government weather observer, reports that the thermometer stood at 3 degrees above zero this morning at 7 o'clock. Mr. Dodge predicts that unless conditions change this evening, it will be still colder tonight.

This is the coldest snap experienced here since December, 1919.

PORTLAND, Jan. 19.—The Pacific northwest is still in the grip of the coldest weather of the winter. Wallowa, Or., reported a record minimum temperature of 40 below. The weather bureau predicts continued cold weather.

Pullman, Wash., reports 26 below zero temperatures. Fourteen below was recorded at Baker, Or.

DENVER, Colo., Jan. 19.—Rising temperatures are predicted for the Rocky Mountain region which has been experiencing the coldest weather of the winter. The thermometer readings during the past week have ranged from 8 below at Denver to 36 below at Worland, Wyo.

LINCOLN, Neb., Jan. 19.—A blanket of snow covered the ground here this morning, and the temperature was 12 below. Many trains were delayed.

NATIONS AGREE TO DIVULGE ALL SECRET TREATIES

WASHINGTON, D. C., Jan. 19.—The five power naval treaty will automatically extend itself at the end of the 15 year period unless one of the signatory powers gives a two years' notice of a desire to abrogate it. This was disclosed in official quarters today.

What was regarded as the most important step yet taken to open up the "open door" in China was accomplished by the Washington conference today. Upon insistence, from the American delegation, the powers informally agreed to lay before the conference every treaty agreement, or understanding which they have between themselves or between any of them and China, that in any way affects Chinese interests, whether they be secret or otherwise.

DEPARTMENT OF JUSTICE WILL NOT AID DRY AGENTS

WASHINGTON, D. C., Jan. 19.—Plans of Prohibition Commissioner Haynes to concentrate the deputy United States marshals to assist the "dry" agents in enforcing the Volstead law, will not be approved by the department of Justice, Attorney General Daugherty announced today.

Appropriations made for the department of justice are not sufficient, Daugherty said, to permit the expenditure of money to employ additional marshals which would be necessary.

Denver Promoter Offers \$100,000 For Dempsey And Harry Wills Battle

DENVER, Colo., Jan. 19.—Now that a heavyweight championship fight between Jack Dempsey, the titleholder, and Harry Wills, the challenger, has been brought to the front, Jack Kanner, Denver's midget boxing impresario, is out with a proposal to stage the match in the Mile High city. Kanner declares he is ready to hand up a purse of \$100,000 for a 20-round decision battle.

Jack Kanner

While the majority of recent fights staged in Denver have been fifteen rounds or less the Colorado state law permits bouts of 20 rounds. "As matchmaker and an official of the National Athletic club of Denver," Kanner said, "I am ready, even anxious to put on a Dempsey-Wills battle for the heavyweight championship. I have sufficient financial backing for such a bout, and our club has a lease on the stockyards stadium where the facilities are the equal of anything anywhere in the United States. The stadium has a seating capacity of 15,000, with space for several thousand additional temporary seats available.

"I have opened negotiations with the managers of both Dempsey and Wills and already have received assurances from Paddy Mullins, Wills' manager, that his fighter will meet Dempsey here on any terms that may be arranged.

"I have seen both Dempsey and Wills in action many times, and, along with the opinion of many followers of boxing, I believe that Wills is the only man in the ring today who can be classed as a worthy opponent of the world's champion."

Kanner has been interested in pugilism for the last 15 years, and for the last 12 years he has been following the sport as promoter and manager. Here in Denver he has promoted

YAMHILL MAYOR, FORMER ASHLAND CITIZEN, DEAD

In a special dispatch from Yamhill, Or., yesterday's Oregonian contains the following:

Edwin F. Magoon, mayor of Yamhill, died suddenly at his home here Sunday night of neuralgia of the heart. Mayor Magoon had been in poor health for some time, but his death was a shock to his family and many friends. Mr. Magoon was born in Iowa March 24, 1868. He came to Gaston several years ago, later moving to Yamhill. As mayor he took an active interest in all local affairs and until a few weeks ago was superintendent of the Yamhill water system. He was a member of the Knights of Pythias lodge of Gaston and the Masonic lodge of Yamhill. Funeral services were held Tuesday afternoon at the Christian church, in charge of the Knights of Pythias, with burial in the Oddfellows' cemetery west of Yamhill. All business houses closed during the funeral as a mark of respect.

Mr. and Mrs. Magoon were well-known in Ashland, having lived at one time in this city. Mrs. Magoon is a cousin of Mrs. George Spencer and the Misses Effie and Lulu Johnson.

HARRY WILLS WINS DECISION OVER LANGFORD

PORTLAND, Or., Jan. 18.—Harry Wills, negro heavyweight, won a ten-round decision over San Langford of Chicago, here last night. An effort is being made by several promoters to stage a Wills-Dempsey fight during the year. Dempsey objects to meeting the colored fighters.

PARIS, Jan. 19.—The new cabinet headed by Premier Poincare was given an unanimous vote of confidence in the chamber of deputies tonight, following the premier's address urging the policy of "make Germany pay."

A nationwide coal miners' strike in the bituminous fields in March appears inevitable, Secretary of Commerce Hoover declared today. "The stage is all set for the strike," Hoover said, adding that the government has not set up machinery to avert it.

RECORDS OF WAR DEPT. SUPPORT WATSON CHARGE

TWO AMERICAN SOLDIERS DIE FROM EFFECTS OF BEING HELD UNDER COLD WATER, SAYS NEW JERSEY DOCTOR.

Ropes and Black Caps Not Removed When Men Were Buried After Hanging, But Taken Off Before Sending Bodies Home.

WASHINGTON, D. C., Jan. 19.—Two American soldiers died in France from the effects of being held under cold water by military police as a punishment for coming into camp late at night, according to the testimony given before the senate committee investigating the charges made by Senator Watson. The witness today was James Elliott, doctor and lawyer of Newark, N. J., who told the committee that the incident he described occurred at Savenay, France, in the summer of 1918.

After presentation of testimony by way of denial, war department records submitted yesterday to the senate committee investigating the charges that American soldiers had been hanged without trial in France, showed that on the bodies of two men dug up in the cemetery at Base Oilles, ropes and black caps in which they were put to death had not been removed.

Edwin E. Lamb, of Hartford, Conn., a colonel overseas, testified that in the case of one of the men

Haz Kik

The man who consistently and persistently gets the most money, earns the most money. He is the man who is constantly trying to improve, to do more, to learn.

HAZ KIK.

POPE BENEDICT HAS INFLUENZA

ROME, Jan. 19.—"Pope Benedict needs some rest. We hope for his complete recovery in a few days," Cardinal Gasparri, papal secretary, stated today.

It was declared earlier in the day that the pope's condition was not so satisfactory. The pontiff was compelled to take to his bed after contracting a severe cold which led to influenza. His temperature was reported to be 103 this morning, which led to much anxiety.

Frost

The contents of the American Legion weekly column during this year will be prepared by the publicity committee of Ashland post No. 14. The committee consists of Don M. Spencer, chairman, and James M. Spencer and Dr. William J. Crandall. The committee also has the authority to draft any assistants they may deem necessary and convenient to aid them at any time. The committee will also be aided by a publicity committee appointed by the American Legion Auxiliary, of which Mrs. Ernest W. Hogue is the chairman. It will be the policy of these committees to produce such articles as will be of direct interest to all ex-service persons and their relatives, and if there is anybody left out these classes, why we hope that our articles will be of interest to them also. We hope to keep before the ex-service man and the public in general the doings of the American Legion.

The boys will soon have another number of their splendid lyceum courses for you. It is the De Willo Concert company, which will appear January 26th. They must raise several dollars yet to clear the course and they expect to get the where-with from those who are going to enjoy it with them. Several young ladies have offered their services to help sell a few more tickets so if any of them approach you with one don't turn your back, but hand them thirty-five cents, and smile. You will surely get more than your money's worth. The fellows who had to go overseas would have been glad to have paid a dollar to see any one of this course. Remember the 26th for 35c.

From the way the fellows are shelling out for their dues this year, we are convinced that they realize what the legion means to them. The Adjutant has almost used up his receipt books already. Of course, he can get more but its mighty good to know that the fellows are with us this year.

In the Overland Shoe shop there has been placed a sketch of an important old ruin situated right along the main line of travel by every man who went from Bordeaux, to Paris and in plain sight as they went along. This sketch was penned by an Ashland man who was there, and made the copy right from the original. He says that the man who tells him in what town the original is situated, he will pay his 1922 dues to Ashland post of the American Legion. The sketch will be auctioned at the Legion-Auxiliary banquet and entertainment Friday night in the Armory. It is a work of art in itself, better see.

The American Legion, as yet only an infant organization in point of time, has probably gained recognition more quickly than any organization of its scope in history. It has gained this recognition in the State, Nationally, and internationally, only thru its constructive policies. In the few years of its existence it has accomplished but little of what is destined to accomplish.

There is no place in the American Legion for petty fights and personal prejudices. It is the ambition of the Posts of the State to meet all issues of public interest with a broad view point, having always the interest of the State at heart.

Our county, state and national officers are directing the destiny of our country today. These men must be of the highest type if we are to keep our place as the nation of the world. It is to their leadership that the public intrusts itself. Such men as Lord Bryce and Alleyne Ireland have said that the possibilities of betterment lie in the influence of a higher type of political leader. To the American Legion comes the opportunity of accomplishing this. From their ranks to a large extent will come the future leaders in our religious, political and economic life.

The men left lying in the Arbonne Forest, in Noman's Land, in Flanders Fields gave their all for democracy and the folks at home. Now in this

MUST PUNISH WAR CRIMINALS TO FIT JUSTICE

PREMIER POINCARE IN HIS MESSAGE TO THE CHAMBER OF DEPUTIES INSISTS ON FULFILLMENT OF OBLIGATIONS.

The Clauses of the Versailles Treaty Should Not Be a Matter of Debate at Genoa or Elsewhere, Says New French Premier.

PARIS, Jan. 19.—"Germany must pay" was the keynote of the government's declaration read to the chamber of deputies by the newly appointed premier, M. Poincare. A large part of the message dealt with reparations and the economic problems.

The chief points of the policy are to the effect that Germany must fulfill all the indemnity obligations and must punish her war criminals in a manner to fit the demands of justice. The premier also insists that the complete disarmament of Germany be enforced.

"The clauses of the Versailles treaty should not be open to debate at the Genoa economic conference, or elsewhere," said Premier Poincare.

SELL TWO MILLION POUNDS OF WOOL IN BOSTON

PORTLAND, Or., Jan. 19.—Sale of two million pounds of wool here has been consummated. Boston firms taking most of the offerings. One lot of 1,000,000 pounds was disposed of by agents of United States Senator Robert N. Stanfield. Most of this lot was clipped from Senator Stanfield's herds in eastern Oregon and Idaho, and rest was purchased from neighboring sheepmen. The price was 70 to 80 cents a scoured pound.

The other million pounds was a pool by Idaho wool growers, and was sold at auction at prices ranging from 21 1/2 to 30 3/4 cents a grease pound. Crawford Moore, a banker of Boise, Ida., estimated the growers saved approximately \$40,000 in freight, commissions and incidental expenses by holding their sale here.

INCOME TAX MUST BE PAID BY MAR. 15

Blank forms for filing individual returns of income for the year 1921 of \$5000 and less are now available at the office of Clyde G. Huntley, collector of internal revenue, in Portland, and at the branch offices at Eugene and Pendleton.

Income tax returns for the year 1921 must be made not later than March 15, 1922, or the delinquent taxpayer will be liable to heavy penalties provided in the new revenue law for failure to file a return and pay the tax one time. Blanks for reporting incomes in excess of \$5000 are expected within a few days by Collector Huntley.

Blanks are now being mailed to all taxpayers who last year filed a return, so it will not be necessary for those who made returns last year to write for the necessary blanks with which to make their 1921 returns. As was the case last year, income taxes for 1921 may be paid in full at the time of filing the return, any time prior to March 15, 1922, or, if the taxpayer desires, he will be permitted to pay his tax in four equal installments, due on or before March 15, June 15, September 15, and December 15.
