ENGLISH TRAIN CUTS RECORD

Cornish Express Scheduled for 226 Miles in 257 Minutes Without a Stop.

London.—What is said to be the longest no-stop railroad run in the world, the Cornish Riviera express from Paddington Station, London, to Plymouth—a distance of 226½ miles—has been accelerated by a quarter of an hour, thus reverting to the prewar time of four hours and seven minutes. This time is sometimes beaten by the ocean mail special trains from Plymouth to Paddington, which have made the journey in four hours. The express passes through 68 stations.

FATHER MIS-PLACED ADVICE.

Father — I amassed by industry the fortune which you squandered in idleness.
Gilded Youth — Well, that's the rule. Business before pleasure.

AN OBSTACLE.

Did he swear a blue streak?
I really can't tell, on account of being color blind.

GERMAN SHIPPING REVIVES

Tonnage of Vessels at Hamburg 80 Per Cent of Peace Record, Harbor Statistics Show.

Hamburg.—Germany's freight-carrying trade is making steady progress toward regaining its prewar volume. Harbor statistics indicate that the aggregate tonnage of vessels using this port have reached 80 per cent of the peace traffic.

Announcements of steamers bought back from former enemy powers follow each other in rapid succession, and harbor facilities are already proving insufficient to accommodate the growing traffic, now that big plants, such as Krupp's and Erhardt's, which formerly manufactured war material, are turning out peace goods in great quantities for overseas consumption. Shipping authorities are urging the revival of ambitious prewar plans for harbor extensions.

Linn county game licenses amounted to \$7966 in 1921.

Motor Odds and Ends.

The modern snow tractor is able to do the work of twenty-five men.

Harvard created an automobile club twenty years ago. More than half of all the automobiles in Canada are found in rural districts.

Fifty per cent of the vehicles in the United States postal service are automobiles.

Seventy per cent of the passenger traffic in California is transported by motor buses.

In the city of Stockholm, Sweden, there are 2,135 automobiles and 1,015 motorcycles.

Every automobile in Paris must be equipped with an anti-splash or mudcatching device.

During the calendar year 1920, approximately 1,740,000 passenger automobiles were produced in this country.
