Advertising for fraternal orders or societies charging a regular initiation fee and dues, no discount. Religious and benevolent orders will be charged the regular rate for all advertising when an admission or other charge is made.

What Constitutes Advertising
In order to allay a misunderstanding among some as to what constitutes news and what advertising, we print this very simple rule, which is used by newspapers to differentiate between them: "ALL future events, where an admission charge is made or a collection is taken IS ADVERTISING."

All coming social or organization meetings of societies where no money contribution is solicited, initiation charged, or collection taken IS NEWS.

The Lincoln Birthday number of the Union Pacific Magazine, the new publication of the Union Pacific system, tells of Abraham Lincoln's association with the railroad. On July 1, 1862, he signed the act authorizing its construction. The object of the road was to effect a Pacific Union, which name reversed is the title of the railroad. President Lincoln fixed the eastern terminus of the road at Council Bluffs.

Before his connection with the Union Pacific, Lincoln was attorney for the Illinois Central and Rock Island lines. In the belief that he would be opposed to government ownership of railroads, the editor of the Union Pacific Magazine has composed a paraphrase of the Gettysburg address entitled "If Lincoln Were Alive Today":

"Four score and ten years ago our fathers brought forth on this continent a new industry, conceived by private invention and dedicated to the quasi-public purpose of moving persons and property from place to place. Now we are engaged in a great economic war, testing whether that industry or any industry so conceived and so dedicated can long endure. We have reached a crisis in that war. We have come to the point where we must decide whether our great steel highways, built and operated as private companies, and supervised by the government, can continue in their present form, and be allowed to earn a reasonable return on the fair value of the property devoted to the public service, or whether that business, encompassed by regulations impossible of fulfillment, shall be made unprofitable and then be taken over by the government.

BLow yourself for some new and Beautiful Wall Paper. It won't be a bad blow. SEE ME TODAY. Swenson & McRae Co. East Main Street.

It is altogether fitting and proper that we should discuss this. But in a large sense, we should discuss it only with full realization of its economic effect, without bias, and with careful deliberation upon complete survey of the facts. The brave men, living and dead, who struggled to perfect the science of railroading have dedicated to society a transportation machine that commands the admiration and respect of all mankind. The world will little note nor long remember what we say, but it can never forget what they did. It is for us, who remain, to dedicate ourselves to the great task remaining before us, that we here highly resolve that their efforts shall not have been in vain, that this industry under God, shall have a new birth of freedom, and that private enterprise under public direction shall not perish from our land."

An Oregon Exposition in the Full Sense of the Meaning

Every section of the state will be exploited. The wonders of Crater Lake; the development of Diamond Lake; the possibilities of the Marble Caves; the magnitude of Pelican bay and Klamath Lake; the beauties of Lithia Park; the mineral wealth of southern Oregon; the incomparable value of the Columbia River highway and the majesty of its waterfalls and artistic setting; the prehistoric discoveries of central and eastern Oregon; the snow-capped mountains of the Cascade range; our raging mountain streams; our virgin fields of timber; our wonderful ocean shore line as a summer playground; the Pendleton Round-Up as the epic drama of frontier life; an international regatta at the mouth of the Columbia river; an international stock show; a berry festival, and other ideas to enlighten and entertain the multitude, as the fruit of our labor.

Prohibition Pointers

According to the officials of the health department of the city of Pittsburgh, that city this year will experience the lowest death rate in its history, and prohibition is one of the reasons. Officials base their statements on the mortality figures for the first nine months of 1921, showing that 6171 deaths have been reported from all causes in Pittsburgh thus far this year, 383 less than 1919.

Commander Evangeline Booth of the Salvation Army in her recent annual report says: "Our social secretaries state that drunkenness among the men frequenting our hotels and industrial homes has almost disappeared; that men who previously had not enough money to pay their way from one day to another, now have money in the bank. In one of our hotels there are 100 men with bank accounts of considerable amounts who previous to prohibition could not keep a dollar for 24 hours."

William and Samuel Childs, of the famous chain of Childs' restaurants say, in the American Magazine for November: "Prohibition has raised our sales. Lots of men who used to drop into cafes for a glass of beer and a light lunch, now visit the restaurants. Also when the day's work is over, they are more likely to take their families to dinner. They have more money to spend and fewer outside influences to distract them. Even before national prohibition came in, we noticed these facts as the various states went dry."

AMERICANS SLAIN IN MEXICO, AND HARDING "SEEKS NO REMEDY"

WASHINGTON, D. C., Feb. 15.—An attack upon the Harding administration for which he describes as its continuation of the Wilson "watchful waiting" policy toward Mexico, was made in the senate Monday by Senator King, democrat, of Utah.

King declared that 800 Americans had been killed in Mexico while the "republican administration failed to remedy the situation," and charged that \$500,000,000 worth of American property had been seized and its owners deprived of reparation through the administration's "hesitant policy."

MARY MILES MINTER FILM PICTURE BARRED

LYNN, Mass., Feb. 15.—The Lynn board of theatrical censors has issued an order against the showing of a scheduled motion picture starring Mary Miles Minter. A picture featuring Mabel Normand is now being exhibited, but the censors have announced their intention of barring future films showing any of the actresses mentioned in newspaper accounts of the slaying of William D. Taylor.

WRAPS ELEGANTLY FUR TRIMMED BESPEAK STYLE DISTINCTION

THE style compass points to voluminous cloth wraps, luxuriously trimmed in fur. In these interesting semi-fur wraps, fashion plots along a course which is mapped through a maze of thrilling ideas. There is, for instance, the latest fur collar. Fashion prefers that it shall be of fur on both sides, and it often is of tremendous size. It either rolls or stands high, as it shelters the throat in its furry depth. Then there is the new broad fur cuff. At times, it forms almost half the sleeve. These wraps are of wondrous cloth, and with their accompaniment of fur, all but take precedence over the wrap entirely of fur. One of the elegant new weaves, with that deep soft pile, which is the great charm of this season's materials, is called panvelaine. It looks almost like velvet but is strictly all wool.

The picturesque cavalier cape, which is really more for effect, although it does in a measure add to the warmth, is inspired by the romantic styles,

BEVERAGES—Continued

All fruit juices make refreshing drinks and punches. The fruit syrups may be made and some kinds can be purchased ready for use. The best lemonade is made from prepared syrup in the proportion of two cups each of water, sugar and a thin shaving of lemon peel boiled for about 10 minutes, removing any scum which may gather on the surface; cool and add the juice of six or eight lemons. Allow two table-spoons of the lemon syrup for each glass of water.

Partially fill each glass with shaved or crushed ice before pouring in the lemonade. If one does not possess an ice shaver, have a small, stout canvas bag and pound the ice to the consistency of snow. This insures the mixture cooling at once and adds greatly to the attractiveness of the drink. This only applies to cool drinks served in tall glasses and not those served from a punch bowl.

Chocolate syrup is made by taking one-third cup of cocoa, two cups of sugar and one cup boiling water. Mix and boil about five minutes. Cool, add one teaspoon vanilla and store in a tightly covered jar or bottle. For iced chocolate use one tablespoon syrup to three-quarters cup of milk, pour over shaved or pounded ice, and put a tablespoon whipped cream on top.

How to Make Beef Tea
One-half pound of round beef, two cups cold water, one-quarter teaspoonful salt.

Put meat through the food chopper, cover with cold water, add salt and let stand an hour. Put in the upper part of a double boiler, fill under part with cold water, set the meat over it and cook over the water about two hours keeping the water underneath below the boiling point. Strain and serve.

Orange Julep
Three oranges, one grapefruit, one

cup sugar, two cups boiling water, one pint ginger ale; one spray fresh mint.

Extract orange and grapefruit juice. Boil sugar and water five minutes; cool and add to fruit juice. Just before serving, add ginger ale. Fill bottom of glass with crushed ice, add a small bit of the bruised mint, then fill glasses with liquid. Thin, quartered slices of orange or cherries may be added.

FIRST LADY JUROR JACKSON COUNTY MRS. ELLA SMITH

The jury list for the February term of the circuit court which meets Monday, February 27, was drawn Tuesday by the county clerk, and Mrs. Ella Smith, a housewife, of Butte Falls, has the distinction of being the first woman drawn for jury service under the new law in Jackson county.

Three Ashland women appear on the list, Luella Applegate and Isabella Barron and Alice B. Swedenburg. Out of a venire of 31, eleven women were selected, as follows:

Lulu May Penfield, Talent; Anna L. Langley, Jacksonville; Luella Applegate, Ashland; Alice B. Swedenburg, Ashland; Isabella Baer, Ashland; Mary E. Kleinhammer, Jacksonville; Mary A. Price, Talent; and Miss Ruth Manning, Mrs. Lucile Frohbach and Mrs. Maude Holmes, of Medford.

It is not predicted by the county clerk's office that many of the women selected will serve, as that office has been flooded with phone calls announcing in a feminine voice that they would not serve. Under the law, service may be denied upon the signing of a blank, which will be presented by the sheriff when he serves notice officially they have been selected.

The men drawn for service on the same list are:

Fred L. Champin, Gold Hill; Cliff L. McInney, Ashland; C. C. Hamilton, Central Point; E. A. Fleming, Jacksonville; C. W. Fraley, Ashland; Ray Offenbacher, Ruch; R. L. Damon, Medford; Louis Tucker, Ashland; H. R. Lambkin, Ashland; H. F. Platt, Medford; R. H. Childers, Medford; J. H. Atwell, Medford; Nels Erickson, Ashland; Kenneth C. Beebe, Central Point; Bruce C. Beckett, Medford, and H. L. Carlton, Prospect.

Piano Recital Held Presbyterian Church Last Saturday

A circle of interested parents and friends gathered at the Presbyterian church Saturday evening to enjoy the piano recital given by the pupils of Mrs. J. R. Robertson. Two of the class were prevented from appearing on the program by sickness.

Without exception, the performers showed taste in selection and thorough work in execution. The reading of the quaint little story of Handel's early struggles to study music was much enjoyed. The program was as follows:

AMERICAN CLAIMS AGAINST GERMANY TO BE PROTECTED

WASHINGTON, D. C., Feb. 15.—American claims against Germany, amounting to \$400,000,000 because of loss of life and property at sea from German submarine attacks will be protected to the last dollar, before the United States will agree to return property seized from German subjects during the war, it was learned authoritatively yesterday.

This decision, reached by the administration, will be embodied in legislation soon to be urged upon congress by President Harding. The president and his cabinet are anxious that congress enact a law without delay to govern the disposition of the enormous holdings in the custody of the alien property custodian. The problem is now the basis of discussions between Secretary of State

Hughes, Attorney General Daugherty, and Colonel Thomas W. Miller, alien property custodian. The administration finds it necessary, however, to work out some system that will make that plan effective—possibly a system that will aid in restoring trade relations upon a larger scale between the United States and the central powers.
