No. 145

SENSATIONAL PROPOSAL BY NEW SECT

NEW LIEUTENANT FIRST COMPANY NATIONAL GUARD

JAMES Q. ADAMS APPOINTED TO SUCCEED LIEUT. ELMORE—HAS WIDE REPUTATION AS EXPERT MARKSMAN.

First Company Will Hold Second Grand Opening About March 15 to Interest Local People in Work of the Organization.

James Q. Adams has been appointed by Governor Olcott as first lieutenant, C. A., to succeed Lieutenant Henry T. Elmore, recently resigned, according to a recent order received by Captain William Briggs from the adjutant general at Salem. Adams is a well-known Ashland man who has over eight years' experience in military work and is held in high esteem by the military authorities of the Pacific coast. He has been a member of three national rifle teams and is one of the best crack shots on the Coast.

Lieutenant Elmore, who for the past three years has served faithfully for the best interests of First company, resigned because military work took more time than he felt he could justly give it, and also from considerations of health.

Last evening about \$500 worth of pay checks were distributed to the members of First company. No checks, however, were distributed to men who were short in their equipment.

Ninth corps area headquarters has designated March 6 as the date for federal inspection of First company, and the company is preparing for this event.

About March 13 the company is planning on staging a second grand opening of the Armory, much the same as last year. This will be an affair free to the public. Exhibition drills will be put on, also a wrestling match and boxing bout, and free dance will be given afterwards. The object of this affair will be to interest the people of Ashland in the company in order that more recruits will begin to enlist. Unless the company is supported by parents urging their boys to join, it will be lost to Ashland, so it is imperative that interest be aroused in this respect.

At the grand opening, Adjutant General White, Colonel Dusenbury, Chaplain Gilbert and other notables will be present to help make the evening interesting. Chaplain Gilbert is without question the most entertaining military speaker in the United States.

One of the activities the company is now engaged in is the staging of a home talent play, entitled "Nothing but the truth." This is one of the cleverest comedies that has been staged in the city. The cast consists of the Misses Johnson, Raine, McCoy, Campbell, Herr and Messrs. Adams, Hale, Peters, Biegel and Con-

Will Spend Million To Advertise Ships

WASHINGTON, D. C., Feb. 21.—America will spend approximately \$1,000,000 in the next fiscal year to advertise its merchant marine in every port in the world.

This enormous sum is contained in the appropriation asked for the United States shipping board, which has been acclaimed in congress as "the largest business in the world."

The shipping board, under plans submitted to congress for approval, intends to establish the American flag on every sea in passenger as well as freight service. At this moment 440 shipping board vessels, flying the American merchant pennants from their mastsheads, are plying every sea on the globe. Most of them carry only freight at this time.

There are 87 trade lines maintained by the government in open com-

Portuguese Army Revolts Says Lisbon

LONDON, Feb. 21.—Several Portuguese regiments have revolted, according to a Lisbon dispatch.

The situation there is uncertain, but is said to depend on what action the rest of the army takes. The government has been in a critical condition for several months due to the activities of Bolshevik groups on the one hand and monarchists on the other.

Bolshevik leaders in the army have been actively engaged in stirring the soldiers to revolt against the government.

RESERVATION ON FOUR POWER PACT

WASHINGTON, D. C., Feb. 21.—Congress would have to give consent to any future agreements made under the four-power Pacific treaty before it would become binding upon the United States, according to the reservation to the pact tentatively agreed upon by the senate foreign relations committee.

Republican "irreconcilables" were quick to express complete "dissatisfaction" with the president's letter to the effect that no records had been kept of the discussions on the four-power pact.

Senator Borah, republican, of Idaho, leader of the "irreconcilables," said:

"I did not anticipate that there was anything with reference to the four-power treaty that the president would be able to submit to the senate. Therefore, I am not disappointed. No written record ever was kept of the vital things of a secret conference, and as no record exists of the four-power treaty, the president could hardly expect to send us one."

"The matter certainly will be debated on the senate floor when the proper time arrives."

It was decided by the committee that Secretary Hughes should be called on to appear before the committee to tell its members all he knows about the secret negotiations and private conversations.

SALEM, Or., Feb. 21.—Telephone patrons must pay increased rates, according to an order handed down by the public service commission today.

NORFOLK, Va., Feb. 21.—It is believed that 35 members of the crew lost their lives when the Roma, the largest dirigible of her type in the world, exploded in midair above Hampton Roads this afternoon. Fifteen are reported to have been rescued.

PROVIDENCE, R. I., Feb. 21.—Governor Souci has ordered four companies of coast artillery to Pawtucket. The governor's conciliation committee is scheduled to meet representatives of the mill and strikers at the state house this afternoon, as a result of which martial law may be proclaimed.

BILL PROVIDES SEED GRAIN AND FEED FOR CATTLE

WASHINGTON, D. C., Feb. 21.—The immediate appropriation of \$5,000,000 to purchase seed grain for relief among farmers in crop failure areas was unanimously approved by the senate agricultural committee today.

The bill provides that \$1,000,000 of the fund shall be used to buy feed for starving cattle on the western plains.

KLAMATH FALLS JUDGE RESIGN

SALEM, Or., Feb. 21.—Circuit Judge E. V. Kuykendall of Klamath county has resigned according to a letter received at the office of Governor Olcott Saturday. The governor probably will not name his successor for several days.

Judge Kuykendall was appointed by Governor Withycombe in 1915 to succeed Judge Noland who died in office.

GRAND JURY WILL COMPLETE WORK

The last indictment returned by the grand jury was last Friday, and it is presumed that it is deliberating on the various phases of the Bank of Jacksonville failure.

The present grand jury will conclude its work this week, and a new grand jury will be drawn when the new petit jury term starts next Monday. The calendar for the petit jury term will be drawn today. Women may be drawn on this jury, but the serving rests entirely with them.

MISSING TAXICAB DRIVER LOCATED IN LOS ANGELES

LOS ANGELES, Feb. 21.—The taxicab driver sought in connection with the William Desmond Taylor murder was found late yesterday. He was found by detectives working under the orders of Police Captain Adams. The officers immediately took him before District Attorney Woolwine.

The man gave the name of Tracy. He is said to have been an acquaintance of Taylor. He has been missing since the afternoon preceding the slaying. Police claim to have found bullets of a pattern obsolete for the last 15 years and which matched exactly the slug that killed Taylor, in Tracy's room.

Lewis Takes Step To Avert Strike

CHICAGO, Feb. 21.—Announcement that he had taken a step in the direction of averting a nationwide strike among coal miners, was made here today by President Lewis, of the United Mine Workers of America, as he entered into a conference with the heads of the railroad brotherhoods to present his "defensive alliance" proposal of resisting contemplated wage reductions.

President Lewis said he had called a conference of western Pennsylvania, Illinois, Ohio and Indiana operators, adding that unless the conference was held and an agreement reached protecting the interests of all parties concerned, including the public, there would be a strike April first.

Haz Kik.

I hold in high esteem as men and high regard as public-spirited citizens, J. H. McGee, L. F. Ferguson, Hal McNair, F. C. Homes, F. S. Engle and A. C. Briggs. During the past year these men have been members of the board of directors of the Chamber of Commerce and, had they dominated the action of the Chamber, I have no doubt but there would have been a different story to tell of the club's accomplishments. But, unfortunately, the club has been dominated by director members who, I think, have given 95 per cent of their thought and energy in attempting to throttle enterprises proposed by others and but a paltry 5 per cent in an attempt to put the town forward. That is why I became convinced that the club was not worthy of support. I still hold the men mentioned in high esteem and am convinced that the prejudice they have held against some enterprises and some individuals has arisen from a persistence and studied effort of those who have dominated the club's activities, to prejudice them. I think if they were put in good company they would be valuable, active and intelligent workers for the common good. HAZ KIK.

GRANDDAUGHTER OF ROCKEFELLER TO MARRY MAX OSER

CHICAGO, Feb. 21.—The baby granddaughter of John D. Rockefeller yesterday won the right to marry the man she loves—a Swiss groom over thrice her age.

Mathilde McCormick, 16 persuaded her father, Harold F. McCormick, head of the International Harvester company, that her happiness depended on her marriage to Max Oser, of Zurich, Switzerland. Mr. McCormick then made the announcement of the engagement.

Only one string is attached to the consent of McCormick-Max Oser must quit his fatherland and come to America to live, friends of the family stated.

This provision, it was said, was a concession to the world's richest man, John D. Rockefeller, the patriarch of the family, who has prided himself publicly that fortune-seeking men of Europe would never marry into his family.

FERGUSON CORNER BEING OVERHAULED

The building at East Main street and Pioneer avenue, formerly occupied by the L. F. Ferguson dry goods store, is undergoing a transformation. Carpenters, plasterers and painters are busily engaged remodeling the interior for the new sporting goods store soon to be opened by Amos Nininger and Robert Warner, who are directly supervising the work.

A name has not yet been chosen for the new business, but suggestions are said to be in order. While the exact process is not known, it is thought that a contest of some kind will be arranged, and a No. 210 shot gun is waiting for the contestant who furnishes the most appropriate name. Messrs. Nininger and Warner intend carrying a large line of sporting goods, cigars and tobacco, soft drinks, candy, magazines and periodicals. They will also have a billiard table or two.

At this time plans have not progressed to a place where an opening date can be announced, but it will be the earliest day possible under existing circumstances.

Here from Portland—

Jack Stadifer, of the Goodyear Rubber company, was in town yesterday, selling Revere tires.

Tongmen Silently Quit Portland

PORTLAND, Or., Feb. 21.—Slipping silently through the deserted street, the Hip Sing tong deserted Portland in a body yesterday. Taxicabs—a dozen or more, with curtains drawn, drove quietly up to the Hip Sing headquarters in old Chinatown, and once filled with nervous, tense tongmen, glided cautiously away.

Special police were on duty to guard the fleeing orientals. Recent tong troubles between the Bing Kung-Bow Leong tong and the Hip Sing tong are said to be responsible for the migration.

The tong men left on the 9 o'clock train. Their destination could not be learned, except a vague suggestion, "Eastern Oregon."

It is not known how many individuals were in the party, but estimates were that fully 40 took the early morning train for the east.

MELLON DOES NOT FAVOR SALES TAX

WASHINGTON, D. C., Feb. 21.—Secretary of the Treasury Mellon warned the congressional money hunters that the establishment of a sales tax to provide funds to meet the soldiers' bonus presents "enormous difficulties to the administration" and is inadvisable at the present time.

Mellon appeared before the tax division of the ways and means committee, together with treasury experts, and discussed at some length the features of the sales tax plan. Mellon reiterated his opposition to it.

The end of the bonus problem is not in sight. Schemes galore are flourishing in the gossip of congressional cloakrooms. President Harding stands committed to the payment of a bonus sometime. He insists that he has hitherto favored it, but he did not believe that last August was the right time to burden the treasury with it. He holds out hope for the future and promised faithfully to sign a bonus bill, if the means of paying interest on the debt is found, as some of that fund will be used directly or indirectly as a basis for bonus payments.

BULLETINS

PAWTUCKET, R. I., Feb. 21.—One man was killed here today when police, acting on the orders of Mayor Kenyon, fired into a gathering of textile strikers outside a cotton mill.

DUBLIN, Feb. 21.—The De Valera party in Aed Feis won its first victory in the Sinn Fein general assembly when that body voted for an open ballot which De Valera advocated. Michael Collins, in a statement later, conceded the victory to De Valera upon his motion in Aed Feis, stating that the Sinn Fein could not accept the Anglo-Irish treaty.

"I am supremely happy," Miss Frederick said at the studio where she reported to her director, Emile Chautard, on the Monday morning following her marriage, "and will continue my work before the camera. We have no definite plans just now, except that we will have our honeymoon trip through Yosemite valley, horseback."

and E. V. Carter was chosen as secretary-treasurer. A board of trustees was also selected to hold office for the ensuing year. The board consists of one lot-owner from Klamath Falls, one from Medford and one from Ashland. William Baldwin was selected from Klamath Falls, S. T. Richardson from Medford, and Amos Nininger from Ashland. The date for the annual meeting was set for the second Sunday in August of each year.

Permitees at Lake O'Woods Organize

A meeting of the owners of lots at Lake of the Woods was held Sunday afternoon in the parlors of the Elks' club to select a permanent organization for carrying on the business in connection with this prominent recreation center. It has been realized for some time that such an organization should be formed for the good of the property owners in order that any matter which was a common grievance could be properly taken up with the federal authorities from whom the land is leased.

Prof. Irving E. Vining was selected as president of the organization,

DAUKHOBOR SECT PROPOSES DOING AWAY WITH BABES

"KILL ALL OLD AND SICK PEOPLE, SELL OUR PROPERTY AND GO FORTH AS WANDERERS," SAYS PETER VERIGIN.

Doukhobor Sect, Which Has Been Established at Brilliant, B. C., and Other Cities Throughout Canada, Refuse to Pay "Unjust Taxes."

VANCOUVER, B. C., Feb. 21.—"Kill all your babies and children under ten years of age, and all aged and sick people and let us sell all our property and go forth as wanderers on the face of the earth that men will know that we will not pay unjust taxes."

That is the startling, sensational proclamation of Peter Verigin, head of the Doukhobor sect which has been established at Brilliant, B. C., and elsewhere in British Columbia, Alberta and Saskatchewan.

Verigin proposes a grand trek of all able-bodied members of the sect, according to his declaration sent to the Vancouver newspapers.

He said that the men had agreed to Verigin's sensational proposals, but the mothers opposed killing the children.

The liquidation of all property was previously discussed at a mass meeting in Brilliant. If only that idea were carried out, the Doukhobors will sell out, pay their debts and become nomads of Canada.

PAULINE FREDERICK PLANS HONEYMOON IN SADDLE THROUGH THE YOSEMITE

Pauline Frederick and her husband, Dr. C. A. Rutherford, whose marriage at Santa Ana, Calif., a few days ago, was a surprise to the noted actress' family and friends and hosts of admirers, is planning a romantic honeymoon trip through the wonderful Yosemite valley in California, on horseback, to be begun as soon as she can complete "The Glory of Clementina," and the next picture she has planned for R-C Pictures, which will be "The Woman Breed."

Dr. Rutherford, who is Miss Frederick's second cousin, is 45 years of age. He has a prosperous medical practice at Seattle, but will move to Los Angeles, where his wife has her work in motion pictures, and where also she has a beautiful estate, which she hesitates to leave. Like Miss Frederick he is an ardent outdoors sportsman, and the proposal to tour the Yosemite by horseback appeals as strongly to him as it does to his bride.

"I am supremely happy," Miss Frederick said at the studio where she reported to her director, Emile Chautard, on the Monday morning following her marriage, "and will continue my work before the camera. We have no definite plans just now, except that we will have our honeymoon trip through Yosemite valley, horseback."
