Numerical. We used to ask, "How many chil- dren have they?" Now, to be correct, one says, "They haven't any children, have they?" although "There is one child, I believe," is permissible. From Life.

COUNTY SCHOOL NOTES

Miss Cowgill, assistant state club leader from Corvallis, spent two days last week among the boys' and girls' clubs of Jackson county. Clubs are getting organized rapidly this month, leaders are being searched for, and all things point to a busy six months in club projects. Sewing poultry and camp cookery are among the popular courses this year.

February 15 Lloyd A. Moss en- tered on work in the county as as- sistant to C. C. Cate, county agent, and as club worker in connection with the county superintendent's of- fice. Mr. Moss is an O. A. C. man, and will work especially with live- stock clubs and other clubs in farm projects.

Local teachers' institutes, under the name of teachers' councils, are being held weekly. Talent, Ruth, Trail and Gold Hill have each been

GIRDLES OF MANY SORTS GROW IN IMPORTANCE

IT WAS a happy thought when some- one decided to use the season's fash- ionably simple dresses as a back- ground for interesting girdles. Quite likely this idea first saw the light of day in that thrifty Paris—which is al- ways on the alert to take advantage of opportunities and always enthusias- tic over the appearance of any new dress accessory.

Many of the new girdles are made of metals and set with mock jewels, but compositions imitating ivory and other semi-precious materials, together with beads, plaques and cabochons of jet, steel, glass, mother-of-pearl or por- celain are also used. Silk cord, it almost goes without saying, is found in the company of all these other things, at least as often as chains. Some of the girdles merely encircle the waist

hostess to a group of teachers. Pat- rons and friends have also been in attendance, and at Ruth and Trail they were accompanied by such bas- kets of good things to eat that the memory makes the mouth water. At- tendance at Trail developed much heroism, for snow two feet deep at Prospect varied to mud one foot deep at Trail. But indeed teachers were there, and in such group gatherings it is easier to speak out from the abundance of the heart. At each of the sessions held the council was duly organized and a chairman se- lected, so making it a teachers' body through which all may speak and work.

The officers elected follow: South council—Mrs. Bessie Mur- phy, chairman. Applegate council—Mrs. Edna B. Allen, chairman. North council—Mrs. Inez Willits, chairman; Mrs. Winifred Stewart, secretary-treasurer. West council—Miss Almeda Ful- ler, chairman; Principal W. R. Put- nam, secretary-treasurer. Next Saturday, February 25, the Eagle Point session is to be held. This includes teachers from Butte Falls to Agate and Lost creek. The county office is emphasizing standardization of schools, club work in each community, and a lesson plan book on every teacher's desk.

As this is the "national week of song," a number of schools are hav- ing "community sings," and so do- ing their part toward setting all America singing.

The boys and girls of the county are being told of the educational and boys' and girls' club building to be

placed on the county fair grounds for their use next fall. There seems considerable stir in their minds as to what they and their school shall exhibit there. One hundred per cent attendance for January is reported from the Per- sists, Conley and Long Mountain schools; 98 per cent or above is the record from Butte Falls, Highland, Little Applegate, Laurelhurst, Pilot Rock, Brownsboro and Lake Creek schools. Seventeen schools (includ- ing Medford) report 95 per cent or above, and the 22 others report, at the lowest, 92 per cent, which is the requirement for a standard school.

The very attractive Arbor day books for April 14, are now in the hands of the teachers. This book contains illustrated lessons on Oregon shrubs by Prof. Sweetzer of the University of Oregon; also music and words of "Beautiful Oregon Rose." The latter is sung at each council session, so the teachers may easily take it to their schools.

A uniform county drill is being introduced under physical training work, with plans for its use en masse on Jackson County School day.
