 Fraternal Orders and Societies
 Advertising for fraternal orders or societies charging a regular initiation fee and dues, no discount. Religious and benevolent orders will be charged the regular rate for all advertising when an admission or other charge is made.

What Constitutes Advertising
 In order to allay a misunderstanding among some as to what constitutes news and what advertising, we print this very simple rule, which is used by newspapers to differentiate between them: "ALL future events, where an admission charge is made or a collection is taken IS ADVERTISING." This applies to organizations and societies of every kind as well as to individuals.
 All reports of such activities after they have occurred is news.
 All coming social or organization meetings of societies where no money contribution is solicited, initiation charged, or collection taken IS NEWS.

Entered at the Ashland, Oregon, Postoffice as Second-class Mail Matter.

**CHAMBER OF COMMERCE
 PRIMARY RESULTS**

The complete vote in the Chamber of Commerce primary election as cast yesterday is printed today on the first page. The result is gratifying to the Tidings, inasmuch as the majority for the banker domination of the club indicates an average of 36, notwithstanding that three weeks ago practically all members still remaining with the chamber were those who were in sympathy with the methods of the directors, the dissatisfied ones having either withdrawn or allowed their dues to become delinquent so that they were not eligible to vote. Under the stimulus of the campaign, some 165 citizens, during the past two weeks either paid up their delinquent dues so they would be able to vote in the election, or joined the club as new members, some, of course, joining so they could support the bank domination, but a large majority so they could oppose it. We understand the membership increased during the past two weeks from 72 active members to 237 paid up members, besides the 71 new members who were voted in last night.

Citizens are as capable as we of analyzing the tabulated vote as it was cast. With the 72 new members, voted in last night, some of whom, of course, will vote to continue the present board, but most of whom will vote against it, leaves the result in the final election, the vote of which will be counted next Tuesday, about a fifty-fifty prospect.

Inasmuch as the issue is not personal, but rather to get a true index of the sentiment of the community, no compromise will be accepted by the ants. It will be a fight to a finish. It is very much to be desired that the vote next Tuesday will be decisive, one way or the other.

The prospect for the new hotel and sanitarium is considerably dimmer today than it was yesterday, under any circumstances. The investors are not keen to "win a fight," the thing they are after is an indication of a wholesome support from a solid favorable community spirit, or to know that they cannot depend upon a solid community backing, if they undertake the enterprise. The re-

sults of yesterday's election indicate that Ashland has a large element of influential citizens who do not care for the new project as outlined by Mr. Greer. It will take more than a fifty-fifty result, on a hot fight, to change that.

However, Mr. Greer will not quit trying as long as a spark of hope is left. He feels that the issue is the most important ever faced by this city, but, of course it will do Ashland no good unless conditions are favorable enough to justify the conclusion that the enterprise can be made to succeed to the end that it will increase population and prosperity for the city and make money for the investors. The interest of the city and the investors are identical. One cannot succeed without the other succeeding.

**Shrine Will Hold
 Ceremonial in May**

A Shrine ceremonial is in prospect for May 26, and in this instance, Hillah Temple will hold the ceremonial at Medford. This was decided at a stated meeting last Friday evening, in connection with the transaction of quite a little other routine business. There was a good attendance of members from Grants Pass, Medford and Jacksonville in addition to the local contingent. Various places were mentioned as being good places to hold the ceremonial, among which were Klamath Falls, Grants Pass and Marshfield, but sentiment crystallized overwhelmingly in favor of Medford.

Hillah Temple will send its Arab Patrol to San Francisco next June to attend the gathering of the Imperial Council and voted each member of that organization \$50 in individual expense account, there being 27 men in the patrol. To assist financially in the matter, a series of dances will be given at Grants Pass, Medford and Ashland in rotation, under the Shrine auspices, details of which will be advertised in due season.

strangers in Language.
 All men are strangers. There are no two men on earth who speak the same language. Each places his own individual meaning in his words. With the self-same words men talk of quite different things. And I cannot be certain how my words will be interpreted by him to whom they are addressed. That is the reason all aged people talk to themselves; it is the habit of a lifelong experience—Mabel Johnson Leland's Translation of Arne Garborg's "The Lost Father."

**PORTLAND POLICE
 RAID VICE JOINT**

PORTLAND, March 7.—One of the most spectacular vice raids in recent years was made upon the negro resort at 220 North Fifteenth street Sunday night, where scenes of caucousal and wild disorder prevailed.

White girls of tender years were dancing with negroes, while white men, several of whom were students, were dancing and drinking with negroes to the strains of a negro orchestra.

The drinking and hilarity of the mixed gathering of whites and blacks was at its height when plain clothes men quietly surrounded the resort and took it by storm before any of the visitors or inmates had a chance to escape. Twenty-eight men and women, white and colored, were arrested and bundled into the police patrol.

Several of the women were married and unaccompanied by their husbands. One white girl was found in an upstairs room over the dance hall so drunk she could not walk. Wine and whiskey in abundance were found by the police.

**INSANE PATIENTS TO
 BE TRANSFERRED SOON**

SALEM, Or., March 7.—Dr. R. E. L. Steiner, superintendent of the state hospital for the insane, informed the state board of control at a meeting last week that a carload of patients will be transferred next month from the Oregon hospital to different hospitals for the insane in Eastern states. None is to be deported to a foreign country. All are patients whose legal homes are not in this state.

**MOUNT VESUVIUS
 STILL IN ERUPTION**

NAPLES, Italy, March 7.—The eruption of the volcano Vesuvius, after the earthquake shock, showed no sign of abating. Smoke and lava are still belching from the crater.

WEATHER

The weather man predicts considerable cloudiness and occasional rain for the Pacific coast states during the ensuing week.

The Rocky Mountain states will enjoy fair weather most of the week.

**Youngest Girl Preacher Has
 No Use for Modern Flapper**

MIAMI, Okla., March 6.—A slangy word calls her the "flapper preacher," but she is not that at all.

Just a slip of a girl is Miss Orietta Stoddard, still in grade school, but already an ordained minister of the gospel. The district conference of the Methodist Episcopal church in recent session at Tulsa admitted her to the ministry and thereby made her the youngest ordained preacher in the United States. She was voted in by acclamation, after having passed every test successfully.

Miss Stoddard has no use for the butterfly life of the modern "flapper" just in her teens. Jazz music's most syncopated moans and whines fail to entice her, for she has given up all social activities, including dancing.

"Cake-eaters" in flaring bell-bottom trousers, a fashion epidemic now raging in Oklahoma, fail to amuse her, although she is one of the most popular girls in school.

"My work is more important than silly love affairs," she said. "I have been called by my God and I intend to make the ministry my life's work."

Makes Pulpit Debut

Miss Stoddard made her pulpit debut in her home town, Miami, where she now is in the seventh grade at school. She first attracted widespread attention as a preacher of the gospel, however, when she delivered a sermon to the congregation of the First Methodist church at Baxter Springs, Kansas, at an evening service. The Rev. O. B. Morris, district superintendent, declared she led more young people to the gospel on that occasion than had the regular minister during any previous meeting.

Two years ago the girl preacher, after joining the church, first began her religious work. Under the direction of her pastor, the Rev. G. A. Kleinsteiper, of Miami, she prepared her first sermon, which was delivered from the Rev. Kleinsteiper's pulpit. She later preached regularly at the old folks' home at Miami and then filled a temporary vacancy at Pil-

cher, Okla., for two services.

Miss Stoddard plans to complete her high school education at Miami and will attend the Oklahoma City Methodist college to finish her gospel training. During the approaching school vacation, however, she will be assigned to regular preaching throughout the district, according to Mr. Morris.

**Why Oil Breaks Down
 Under Engine Heat**

Motor oils containing "sulpho" compounds decompose rapidly when exposed to the terrific temperatures of the engine ranging from 100 to 3000 degrees Fahrenheit. The thin oil film between moving parts is impaired. Trouble, and plenty of it follows.

Cycol Motor Oil is free from destructive "sulpho" compounds. They are removed by the new Hexeon Process, used only by The Associated Oil Company. Cycol retains its lubricating qualities under engine heat—maintains the oil film between moving parts—prevents many motor disabilities.

Cycol-ize you motor today. Clean out the crank case—not with kerosene—and refill it with the correct grade of Cycol as shown by the Cycol Recommendation Chart. The price of Cycol is 25c to 35c a quart according to grade.

ASSOCIATED OIL COMPANY, San Francisco

**Wrong Ideas
 on Paint Economy**

THERE'S one way to save on paint. That way is to use the best paints. Some think of paint economy as "cost per gallon." That is wrong. Cheap paint doesn't cover as much surface—you need more gallons.

Cheap paint is more difficult to spread, requires more labor, so the best paint costs no more when you've put it on the house than cheap paint does.

More than that, it lasts five or more years longer, if properly applied, while cheap paint on the average begins cracking in twelve months. Good paint is an investment that saves money by preventing deterioration of the house.

"Cheap" paint is the only paint that really costs you anything.

Don't allow surfaces to rot—it costs less to paint them.

We've made paints for western use for 72 years. We use pure PIONEER WHITE LEAD, pure linseed oil, zinc and color, but we mix them in scientific proportions with long-time skill.

Our white lead base must be fine enough to pass through a silk screen with 40,000 meshes to the square inch. That means covering capacity and ease of spreading. We super-purify the lead to make it "whiter" which means clearer, truer colors.

The finished product on the house is a beautiful, elastic, tough protective coating. We call these paints "Fuller's Specification House Paints" because they are the very best made for the purpose.

**Fuller's
 SPECIFICATION
 House Paints**
 Phoenix Pure Paint
 Pure Prepared Paint
 Manufactured by W. P. Fuller & Co.

"Pure Prepared" and "Phoenix" are Fuller's specifications for house painting. Get either and you have the best that anyone can make—long-service paints.

Where To Buy Them. These paints are important to you so it's important to go to the right stores to get them. Agents' names and addresses are printed in the memo, coupon to the right. Cut it out and put it in your pocket now.

For all exterior jobs of painting it is advisable to obtain the services of a Master Painter

**Free Advice
 on Painting**

ASK our agent for our free advice. He will show you a color card which shows 32 shades of this desirable paint.

We have a Fuller Specification Department which will tell you all about the most desirable color schemes, color harmony and the other details you want to know.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.
