9 A.M.==Revival Meetings

and a week's washing out of the way

The old-fashioned housekeeper who had her washing on the line by 9 A. M. was a miracle in her neighborhood— But today, hundreds of women—right in this city—have a whole week's washing entirely out of the way by 9 o'clock. They simply gather up everything that needs washing and turn it over to our representative. Promptly, always on the same day, their clothes come back, beautifully clean and fresh—finished just as they like. Try this better way—you'll find it a big relief to have no washwoman to pick up after; no waiting; no worry. Phone us, and we'll gladly explain all the details.
