The Miracle of Milk
So reconstructive is its process that the list of diseases amenable to its treatment are too long to print. Certain it is that wonderful results have been gotten in deep-seated nerve troubles, stubborn diseases of the stomach, bowels, liver, heart, kidney, arteries, etc.
The Milk Diet, if taken in a sanitarium, where the patient has complete rest, baths, fresh air, osteopathic treatments, quiet, pleasant surroundings and is intelligently directed, is a veritable wonderworker.
On the 15th of this month, I will be ready for several Milk Diet patients. I have arranged with Doctors Sawyer and Crandall to give my patients two osteopathic treatments each week.
Convalescent Home
MRS. W. M. BARBER
153 Granite Street Phone 411-R

We are arranging a **FISHERMEN'S CONTEST** and will make an award of a \$10 Fly Rod to the one getting the nicest string of fish on the opening day. For further particulars apply at **NININGER & WARNER** Headquarters for Sporting Goods

ALBERS Dairy Feed
Does Not Cost as Much as Mill Run Has Superior Feeding Values
Notice the analysis in comparison. An actual chemical analysis shows:

	Protein	Fat	Fibre
ALBERS DAIRY FEED	13.9%	4.5%	16%
Wheat Mill Run	12%	2%	15%

PROTEIN is the essential factor in determining values of feeding-stuffs. Protein makes milk. Reckon fat as energy values. Fibre is waste. Therefore, buy protein and fat. The above table shows that **ALBERS DAIRY FEED** gives greater feeding values. A moderate amount of fibre is necessary to give bulk or to act in keeping the meals apart.
Ashland Fruit and Produce Association

BABY CHIX—All popular breeds of Baby Chicks, Rhode Island Reds, Banded Rocks, Black Minorcas, Anconas, etc., and our famous Oregon-Corvallis White Leghorns. Sunday — Monday
Pauline Frederick in... **VINING** THE THEATER BEAUTIFUL
"Two Kinds of Women"
He had helped her fight the fight of a man—had seen her ride an outlaw horse to a standstill and outwit the cleverest scoundrel in the West who had tried to steal her million dollar ranch while she held it against heavy odds.
Although he was the man of her heart, she could not win him. Physically as tough as rawhide, he yearned for a feminine woman. He thought her unmaidenly in leather breeches, flannel shirt "and Stetson." But win him she did with women's weapons—clothes.

Coming Next Tuesday—**GLORIA SWANSON** in "HER HUSBAND'S TRADEMARK"

You get everything you can expect in a battery—and more, when it is a **WESTINGHOUSE**
(The Acme of Achievement in Battery Construction)
To live with the Westinghouse 50 year record of achievements, Westinghouse batteries have one quality—the best Westinghouse can put into them.
Yet Westinghouse batteries are not high priced. Consider that they represent the most advanced battery engineering and the finest materials and workmanship that money can buy. Remember, too, that they are built oversize.
Their greater plate area—in many sizes running as high as 25% greater—meaning a battery with more power, more resourcefulness, longer life; a battery as nearly trouble free and as low in cost per "battery mile" as can be built.
Then consider the matter of assured battery service. Every Westinghouse battery is guaranteed to give its purchaser 18 months of starting, lighting and ignition service from the date of installation in his car and to live with the other tradition of the name of Westinghouse, this guarantee must mean exactly what it says.
And, business is good with Westinghouse Service Stations. Nearly two thousand of them will confirm this statement for they enjoy a franchise unlike that offered on any other battery—and the prestige of a name that has held the confidence of a nation for more than half a century.
Write, wire or phone at our expense for information about the Westinghouse Service Station Contract.
