OBITUARY

Mrs. Latha Jane Paxson

Died Thursday afternoon at the home of her daughter, Mrs. E. A. Cooper, 1304 Quincy street. She was an early pioneer of Coos county, coming across the plains with her parents with an ox team in 1863, being then six years old. For a short time the family resided at Willow Springs, Jackson county, and then moved to Coos county, where her father, Jarise A. Collier, took up a homestead at Coquille.

She was married to William C. Paxson in 1876, April 19. Mr. Paxson had taken up a homestead in 1874 and they lived there for many years. They moved in 1904 to Drain, where they bought a farm, living on it for eight years, then moving into Drain where they bought property and lived till the death of Mr. Paxson August 22, 1914.

She made her home with her daughter, Mrs. E. A. Cooper afterwards and came with her to Ashland in October, 1917, residing here until her death.

She was a woman of kindly dispo-

sition and spirit, a Christian mother of eight children, four of whom survive her. They are: John H. Paxson of Reedsport, Or.; Mrs. Dora M. Cooper, of Ashland; James G. Paxson, Weed, Calif., and Harvey C. Paxson, Marshfield, Or.

The funeral was held from the Baptist church, Rev. G. H. Young of Portland officiating. Many friends mourn the loss of Mrs. Paxson and express appreciation of her splendid character.

W. C. GILLILAND DIED SUNDAY AT HIS HOME

W. C. Gilliland died at his home at 803 North Main street Sunday night about 12 o'clock. He was 36 years, five months and 28 days of age.

Mr. Gilliland came here from Fossil, Oregon, about two years ago, and bought property. He has made his home here since that time. He leaves surviving him, his wife and two daughters. The body will be taken to Fossil for burial, leaving here on train 54 this evening.

J. P. Dodge and Sons have charge of preparing the body for burial.

NOTICE

Ashland, Oregon, April 10, 1922. Notice is hereby given to the Oregon-Montana unit holders that a meeting has been called for the purpose of nominating two candidates to be voted on as trustees in the Oregon-Montana Oil and Gas Company, at an election to be held in Eugene, Oregon, on April 26, 1922, and this meeting is to be held in Ashland city hall, at 7:30 o'clock p. m., on Thursday, April 13, 1922.

W. EVERTON, R. P. NEIL, E. E. PHIPPS.

CARD OF THANKS

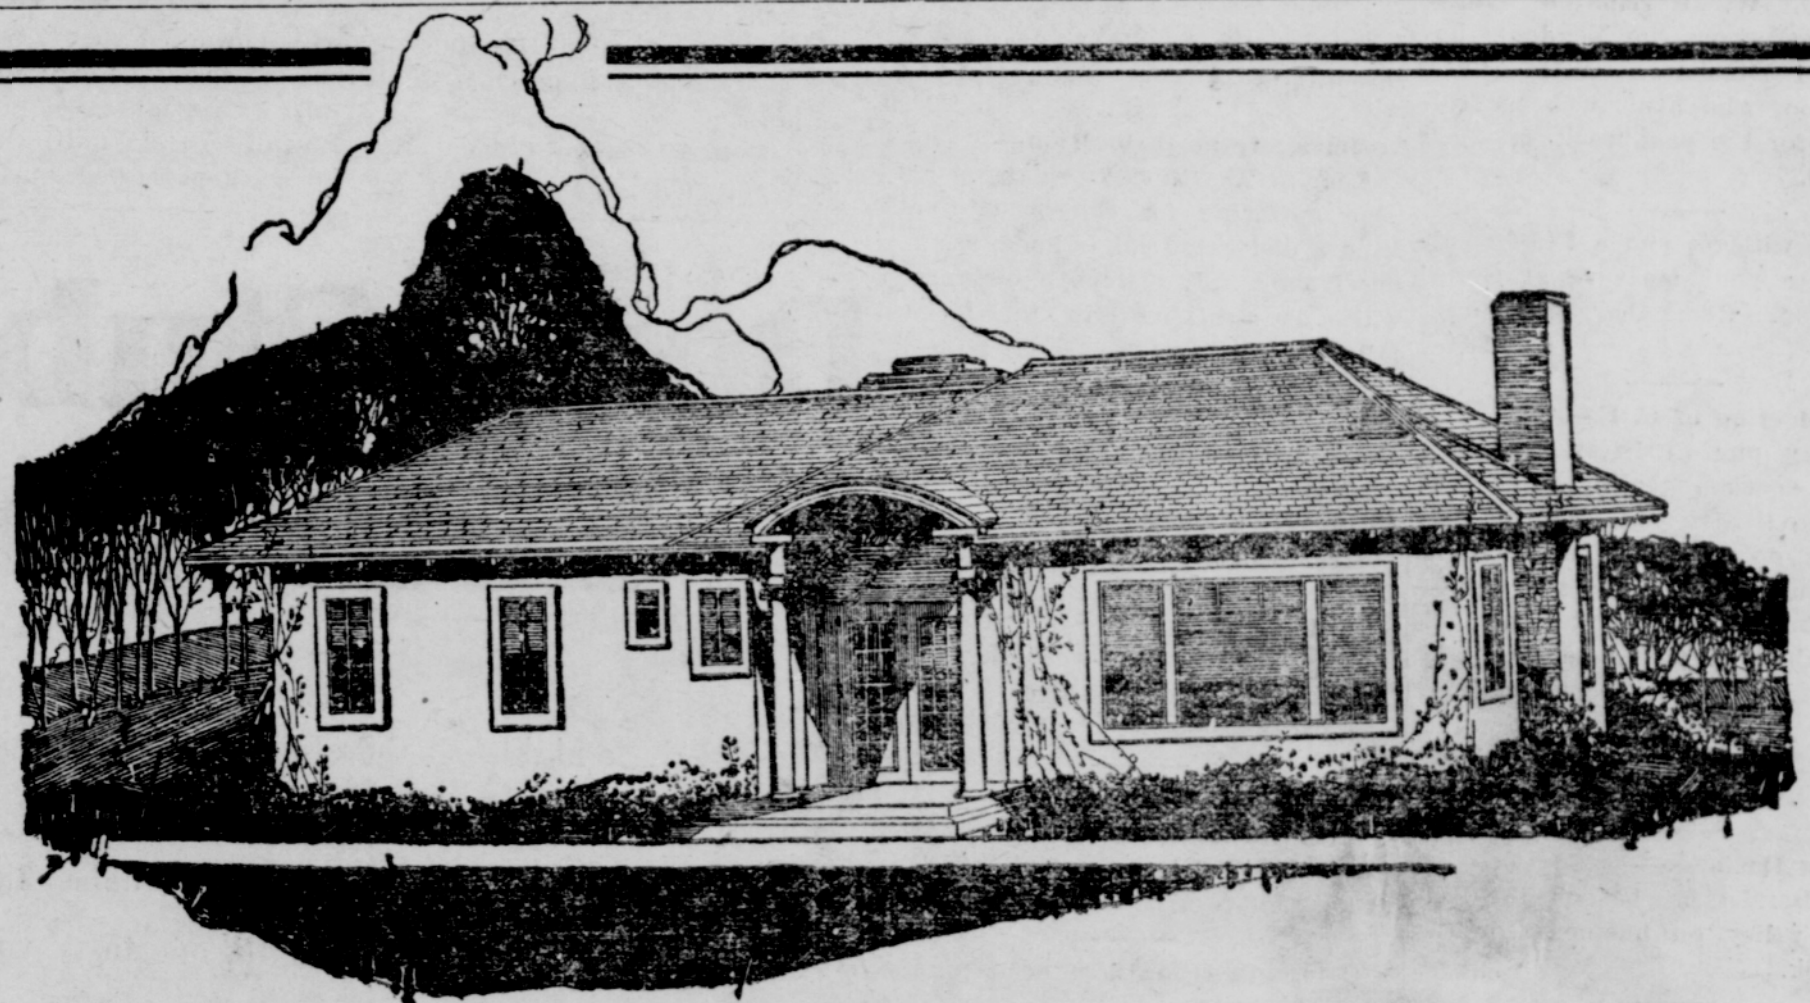

We wish to thank the many friends who were so kind and thoughtful during the illness and death of our mother, Mrs. Latha Jane Paxson. Mr. and Mrs. E. A. Cooper, James G. Paxson, Harvey C. Paxson.

That Easter Dinner

will be better and more easily prepared if you use our up-to-date cooking utensils. The labor saved will more than repay you for the cost of the utensils, and the success of Easter dinner and dinners to follow will be assured.

Wrong Ideas on Paint Economy

THERE'S one way to save on paint. That way is to use the best paints. Some think of paint economy as "cost per gallon." That is wrong. Cheap paint doesn't cover as much surface—you need more gallons.

Cheap paint is more difficult to spread, requires more labor, so the best paint costs no more when you've put it on the house than cheap paint does.

More than that, it lasts five or more years longer, if properly applied, while cheap paint on the average begins cracking in twelve months. Good paint is an investment that saves money by preventing deterioration of the house.

"Cheap" paint is the only paint that really costs you anything.

Don't allow surfaces to rot—it costs less to paint them.

We've made paints for western use for 72 years. We use pure PIONEER WHITE LEAD, pure linseed oil, zinc and color, but we mix them in scientific proportions with long-time skill.

Our white lead base must be fine enough to pass through a silk screen with 40,000 meshes to the square inch. That means covering capacity and ease of spreading. We super-purify the lead to make it "whiter" which means clear-toned colors.

The finished product on the house is a beautiful, elastic, tough protective coating. We call these paints "Fuller's Specification House Paints" because they are the very best made for the purpose.

Fuller's SPECIFICATION House Paints
Phoenix Pure Paint
Pure Prepared Paint
Manufactured by W. P. Fuller & Co.

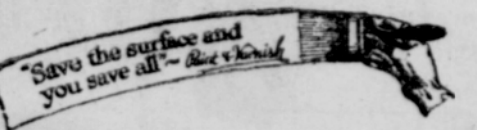

"Pure Prepared" and "Phoenix" are Fuller's specifications for house painting. Get either and you have the best that anyone can make—long-service paints.

Where To Buy Them. These

paints are important to you so it's important to go to the right stores to get them. Agents' names and addresses are printed in the memo. coupon to the right. Cut it out and put it in your pocket now.

For all exterior jobs of painting it is advisable to obtain the services of a Master Painter

Free Advice on Painting

ASK our agent for our free advice. He will show you a color card which shows 32 shades of this desirable paint.

We have a Fuller Specification Department which will tell you all about the most desirable color schemes, color harmony and these other details you want to know.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.
