Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

**Like Going To A Fair**

**T**HERE'S something fascinating about a fair. Things are always moving. Folks come from near and far to see, to hear and to compare.

But nobody would think of going to a fair every day. It would take too much valuable time. Besides, there's a continuous substitute right in your home, though you may not have realized it. For the Tidings conducts a regular fair every day in its advertising columns.

Here the merchants and makers of everything you need or want display before you their most attractive wares. You have only to choose at your ease what you care most about before actually going to see the products so displayed.

There's a world of information and interest in the advertisements. The time and trouble they save you are beyond calculation. Always feel you're shopping when you read the advertisements. You'll find the habit pleasant and profitable.
