REAL ESTATE

We have a very fine 10 acre tract, well improved, located within the city limits of Ashland, and with advantage of city water, that is being offered for a short time at a low price and is well worth investigating if you are looking for something of that kind. A good share of the place is in bearing orchard, fine varieties and excellent quality. The price is \$4500.

We also have some one-acre tracts that we consider good bargains at the price asked. Any one of them will make a good home and furnish a large amount of produce for the man who will give them attention. Prices will vary from \$1300 to \$1800. Now is the time to secure these properties.

The MOTOR OIL FREE FROM DESTRUCTIVE SULPHO COMPOUNDS Produced under the new HEXEON process.

miles more

from each gallon of gasoline

One motorist says:

"I recently returned from an 1100-mile trip. Before starting I cleaned out crank case and filled with Cycol. With Cycol I found better lubrication, smoother operation, entire absence of spark plug trouble, although base was full at all times, less carbon and an increase of three miles to the gallon of gas."

M. BLACKMAN San Mateo, Cal.

Ordinary motor oils contain destructive "sulpho" compounds, no matter what "base" they are or where the crude comes from. It is these impurities which cause them to break down rapidly under engine heat, thin out and result in faulty lubrication, excessive oil and gasoline consumption and unnecessary maintenance costs.

Cycol retains its correct body under engine heat, gives more efficient lubrication, insures a gas-tight piston seal and reduces upkeep costs.

You too will notice a great improvement in the power and life of your motor, and in maintenance costs, by flushing your crank case the right way and using Cycol. Remove drain plug while the engine is hot. Replace plug and pour in two quarts of the grade of oil specified on the Lubrication Chart (not kerosene or so-called "flushing oils"). Run the engine for five minutes. Drain and refill with the correct grade of Cycol. Cycol will mix with other oils—but it is advisable to use Cycol exclusively, because it contains no destructive "sulpho" compounds and because it insures correct lubrication.

Look for the Cycol Sign. It is your guarantee against getting motor oils which contain those power-wasting, money-wasting "sulpho" compounds.
