TO THE PEOPLE OF JACKSON AND JOSEPHINE COUNTIES

I resort to this medium of announcing to the people of these two counties, which constitute the First judicial district, that I am a candidate for the office of Circuit Judge. I have been a resident of Jackson county, Oregon, for a period of 40 years, and during the last 20 years I have been actively engaged in the practice of law in these two counties and I believe I have tried as many cases at the bar of Jackson county as any other lawyer now practicing in this court.

Prior to my admission to practice in the courts, I served two terms as County School Superintendent, and two terms as County Clerk, and preceding my election to those two positions, I taught school in the county for a period of seven years.

The position of Circuit Judge should not be the football of petty politics and I can not, and shall not, play politics with any sect, creed or church, nor with any educational, religious, charitable or fraternal organization to consummate an election. The office of Circuit Judge must and should be above such machinations.

I consider that the election of one to the position of Circuit Judge, where he is charged with the obligation of properly determining the personal and property rights of his fellow citizens, makes it incumbent upon him to be unfettered by any expressed or tacit pledges, excepting the one only that he will do his utmost to see that the law shall be properly and economically administered, and that justice shall be meted out, and that all of the laws shall be properly enforced. If elected to this position I make this pledge to the people of Jackson and Josephine counties. I have no other pledge to make.

It is needless to say that I have been a republican in politics since my early manhood and I am asking the nomination at the hands of the republican party at the approaching primaries. GUS NEWBURY.

Unwitting Criticism.

There are some well-intentioned persons who walk about the streets of a certain town with poles, displaying large paper placards, on which are printed texts and religious exhortations.

The other afternoon one of them took for his pitch a place just in front of a potato chip stall. On his placard ran the affrighting query: "After life, judgment. After judgment—what?"

Exactly beneath and in a line with it ran the potato stall announcement: "We fry in the best beef dripping."—London Answers.

Looking Ahead. Wedmore—What's the idea of giving your fiancée a cigarette case? Does she smoke?

Gayboy—Oh, no, but she's just about due to break off and send my presents back and I can use it myself.

Process of Absorption.

Miss Christina Merriman, head of the disarmament division of the League of Women Voters, said at a dinner party in Washington:

"Disarmament, when it comes, will do away with the absorption of one country by another.

"These absorbing, or bona constrictor, countries remind me of the elderly man in the snooker who bent over an old gentleman seated in front of him and said:

"Beg pardon, but do you mind lending me your spectacles a moment?"

"Not at all," said the kindly old gentleman, "not at all."

"The elderly chap fixed the spectacles firmly on his nose.

"Thank you," he said. "And now, sir, since you can no longer read your newspaper, will you kindly pass it over to me?"—Washington Star.

NEW CUSTOMERS WEEK

THIS is an event of importance to us—we want to put our "best foot forward" in introducing this store to the many customers we expect to visit us during the coming week. Our store has been searched from top to bottom for the values you will find. We have scoured the markets for weeks preparing for this epoch-making sale.

First of all, let us explain our reason for this selling event. Every year during our Anniversary Sales we celebrate our Birthday by giving worth-while values to all our old customers. This year we also intend having a special week for our new customers.

Not the profit of today, but the confidence of our customers, has been the aim of this store. We believe the buyer wants quality in whatever he buys, and a satisfied customer today is a customer tomorrow and next year.

With this in mind, we invite everyone to take advantage of the many worth-while savings you will find at our store during New Customers Week. We have no hesitancy in emphasizing the values you will find, and for that reason we suggest that you come early. Sale starts Saturday—and closes Saturday.

THE VALUE OF SERVICE

The doctor who answers a hurry call with the greatest possible speed is more valuable than a physician of equal skill who drives up to the patient's door at his own convenience. Service counts. It is worth money. Who is there who doesn't agree with this general principle? And doesn't it apply also in the buying of merchandise? The progressive merchant in our trading center gives service along with the goods. He has a selection of merchandise continually in stock. You don't have to wait. When you enter the store you are able to see the article itself in which you are interested. You see it with your eyes, feel it with your fingers, note its actual size, shape and color, compare it with other goods at different prices, and, if it is what you want, take it away with you. If you have questions to ask, you are given an explanation on the spot. The answer given your first question may suggest another query. It is answered within half a minute of the first interrogation. No time is lost. You benefit from the dealer's practical knowledge, from the fact that he is on the ground and ready at all times to see to it personally that the article he has sold you gives satisfaction. The wise buyer will not forget that such matters have a dollars and cents value and should enter into the reckoning whenever a price comparison is being made.—Idaho Farmer.

This store is at your service—not with any extravagant services but with the necessary ones.
