No. 212

LABOR BOMB WAR GRIPS CHICAGO POLICE SLAIN

CITY IS ARMED CAMP AND TWO PLANTS ARE WRECKED BY BOMBS

"Murder Car" Used by Rioters—Shootings Are Frequent—Police Raid Union Headquarters and Arrest Labor Leaders.

CHICAGO, May 10.—This city is an armed camp with every available policeman rounding up suspects in the latest outbreak of the labor war here, which culminated in the slaying of two policemen, and the wounding of another, and the bombing of two printing plants during the night.

The shootings occurred, when a scouting squad of police attempted to stop a "murder car," following the reports of the printing house bombing. A command to halt was answered by a volley of shots, and the death car speeded away. The police later found the car, bullet scarred and blood stained. It is believed some of the occupants were wounded.

Fred Mader, president of the Chicago building trades, "Big Tim" Murphy, and "Con" Shea, all prominent labor leaders, were arrested in connection with the slaying last night of two policemen in a bomb war that has gripped the city.

As the three were seized, scores of policemen were rushed to raid the union headquarters with orders to arrest scores of business agents of the unions and other men supposed to be leading in the campaign of terror.

As the afternoon progressed, scores of labor agents were rounded up, and it is expected that by nightfall more than two hundred will be in custody.

RETURNS AFTER WINTER SPENT IN CALIFORNIA

Mrs. A. R. Gregory returned yesterday after having spent the last six months visiting in Santa Ana, Los Angeles, Pasadena and other California towns. She reports having a very pleasant time considering the very cold, disagreeable weather they had there during almost the entire winter, but is delighted to get back to her home in Ashland again.

PAST SACHEMS TO MEET IN REDDING

REDDING, Calif., May 10.—Two hundred Past Sachems of northern California are expected to meet here next Sunday. Manawa tribe No. 201 of this city will be host to the visiting Red Men.

Members of the association from Marysville, Oroville, Chico, Corning, Red Bluff, McCloud, Weed and Yreka are expected here.

LOCAL CANDIDATES ENTERTAINED BY CRATER CLUB

T. H. Simpson and George W. Dunn, local candidates for county commissioner and state senator, respectively, were entertained last night by the Craters at Medford, together with the other candidates of the county. While none of the candidates were allowed to speak for themselves, the Craters had selected parties to speak for them. The platform of each of the candidates was also read, and brought out some remarkable facts in regard to what the various candidates stood for. However, as the platforms were made up by the Craters without consulting the candidates, there may be some slight changes when the candidates have a chance to speak for themselves.

An enjoyable time is reported by those who attended from Ashland, although they would probably have liked the chance to make a few minor changes in the platforms as offered.

RUSSIAN REPLY TO ALLIES STILL IN ABEYANCE

GENOA, May 10.—The Russian reply to the allied memorandum of conditions for the eventual recognition of the Moscow soviet government, which was to have been delivered today, but was held up at the last moment, criticizes the contents of the allied communication.

All was in readiness for its delivery, when George Tchitcherin, the head of the Russian delegation, held a conference with Signor Schanzer, the Italian minister, which put a different complexion on some of the matters. It was understood the reply was to be revised forthwith, and this was regarded as a favorable development.

CHAUTAQUA DATES

Wednesday, May 24th to Monday, May 29th

EDITOR DECLARES KLAMATH'S WOES REACHED BOTTOM

Don Belding, managing editor of the Klamath Record, was in town for a couple of hours this morning on his way from Portland to Klamath Falls. He was accompanied by his mother, Mrs. Mollie Belding, and Mrs. S. J. Dillard, mother of Frank Dillard, of the Talent irrigation project. The latter will remain in Ashland.

Mr. Belding has been in Portland for several days, making arrangements to engage in business there, as he expects to sell out his interest in the Klamath Record within the next few days to Al. Van Dahl, who at present is foreman of the Record. Mr. Belding said that the Falls was hard hit by the strike, just as the city was on the eve of a big business boom, but he thought the bottom had been reached in the depression occasioned thereby, and, as there was a probability of a settlement of the strike next week, and Klamath was quick on the rebound, he expected to see normal conditions resumed before the month is out.

ETHEL CLAYTON, POPULAR STAR, AT THE VINING

As an emotional artist, Miss Clayton ranks among the greatest of screen celebrities. Her art is characterized by the ease with which she adapts herself to every character, and her perfect expression of every emotion. This is due to native talent, polished and perfected by extended experience on stage and screen.

Miss Clayton has been particularly successful in high class society drama, and her numerous portrayals have had a general popular appeal among screen patrons. Her latest vehicle is an adaptation of Mark Swan's play, "Her Own Money," which is running at the Vining theater today and tomorrow. In this she is shown as the economical wife of an extravagant young husband. Many interesting situations applicable to the lives of many young married folks are unfolded and convincingly presented.

Charlie Chaplin is also shown in his wonderful production, "Pay Day."

THEODORE PROVOST TO BE BURIED THURSDAY

The body of the late Theodore T. Provost arrived on an early train this morning from Dunsmuir, Calif., and was taken in charge by H. C. Stock, funeral director.

The funeral services will be held Thursday afternoon at 2:30 o'clock from the Elks temple, the services to be in charge of that order, and burial will take place in the Elks' plot in Mountainview cemetery.

Exciting Canoe Race in New Zealand

The picture shows the finish of a canoe hurdling race in New Zealand. Starting from the mark the canoes are driven rapidly to the hurdle where, by skillful balancing, the bow is lifted over the crossbar and the canoe slides across. The least miscalculation, however, results in tipping over the canoe.

SCHOOL ROOMS CLEARED IN 44 SECONDS TIME

A Tidings representative was present yesterday afternoon at the Junior high school when the fire gong sounded, and held a watch on the time it took to clear the building of the 450 scholars who attend there. In just 44 seconds from the time the fire gong sounded, every scholar was outside the school building. This is a remarkable record, considering the fact that half of the scholars at this school will average less than ten years in age. Only by the best of discipline could such a record be made.

In two minutes and 30 seconds from the time the gong rang out, the scholars were back in their seats and at work again.

DENTAL SOCIETY MEETS SATURDAY IN MEDFORD

The Rogue River Valley Dental society meets in Medford Saturday evening, May 13, starting off with a banquet at the Hotel Medford at 5:30 p. m. Grants Pass puts on the clinics of the evening. All dentists of Josephine and Jackson counties are urged to be present.

At a meeting held in Dr. Elliott's office in Medford April 12, the following officers were elected: President, Dr. Johnson of Ashland; vice-president, Dr. Macy of Grants Pass; and secretary-treasurer, Dr. Elliott of Medford.

BIG COLD STORAGE INSTALLED AT THE NELDA CAFE

Mine host R. A. Avery, of the Nelda cafe, has an eye to the future based on his firm belief that Ashland is on the eve of the most prosperous year the city has ever experienced, and he is demonstrating that belief in equipping his hostelry on a scale which is not equalled anywhere between Portland and Sacramento. He has just installed a cold storage outfit that is capable of taking care of any demands made on his restaurant, no matter how great the boom that strikes Ashland.

The plant occupies a space of 30 by ten feet in the cement basement of the cafe, and is divided into three compartments—one for milk, cream, eggs and butter, from his own ranch, and the two others for meat and poultry. They cover, practically, ten feet square, and each is equipped with its individual cooling apparatus, so that any different degree of temperature can be maintained, according to the requirements of the goods in storage.

The machinery for the operation of the plant is on the outside of the refrigerators, every part of which is exposed. It has a capacity for making a ton of ice a day—ice that can be used for every purpose, as the ammonia tanks are separated from all other parts of the machinery, and the frigidness is obtained without the chemical coming in contact in any way with the water. It is the last word in cold storage plants.

In Ashland's Auto Camp

Tourists were snowed in yesterday, all up and down the line, and the bunch that struck Ashland before the storm counted themselves lucky to find such accommodations. They certainly appreciated the shelter offered by our kitchenette and community house. Some of them said they did not know of a camp any place where they could have been taken care of so well during stormy weather.

The sun this morning made everyone feel good, and as they broke camp, many of them said they certainly would speak a good word for the Ashland camp.

In addition to the twelve that remained over yesterday, five other parties braved the storm to reach Ashland. They were: R. F. Cruse and family, Portland; Mr. and Mrs. A. D. Jones, Los Angeles; Mr. and Mrs. Westeen, Spokane; H. W. Larkin and family, Portland; W. W. Hall and party, San Diego.

EGG PRODUCTION RECORD SCORED BY JOHN DILL

John H. Dill, of North Main street, claims the record for the greatest number of eggs from his prize flock of chickens of any person in the valley, having gathered and placed in cold storage during last week an even 3600 eggs, or 300 dozen. This would average 43 dozen eggs a day.

Chicken ranching is becoming one of the most important industries in the vicinity of Ashland. The success which has attended Mr. Dill's efforts is the result of hard and careful work and the exercising of the utmost diligence in caring for the health and general well-being of the chickens. Some idea of the far-reaching extent of the operations on this ranch may be gathered from the fact that to feed the flock of chickens producing the above results it takes 30 tons of feed a year.

BIG INHERITANCE TAX ON LARGEST ESTATE IN SHASTA

REDDING, Calif., May 10.—The largest inheritance tax ever paid in Shasta county is that of \$2,983.44 charged on the estate of the late A. F. Smith of Cottonwood, merchant and power company promoter. His estate was appraised at \$312,727.

COUNTERFEIT PENNIES

AKRON, May 10.—They're after the small change now.

Akron bankers report that a veritable flood of counterfeit pennies is in full progress here.

The pennies look all right, but react only with a dull thud instead of a slight ring, when they hit the counter.

BASEBALL RESULTS TODAY

National League At Cincinnati 3; Boston 9. At Chicago 0; Philadelphia 4. American League At New York 1; Chicago 2. At Boston 9; Detroit 10. At Philadelphia 7; Cleveland 6. At Washington 2; St. Louis 1.

MANUFACTURERS SAY BUSINESS ON UP GRADE

NEW YORK, May 10.—"A nation wide survey of American business conditions shows that trade and business have turned the corner and have left depression far behind," announced John E. Egeron, president of the National Association of Manufacturers, at the opening of the convention here today.

The advance, Egeron said, is stable, sane and definite. Business is on the upgrade in all basic industries, he declared.

RETURNS AFTER SEVERAL WEEKS' VISIT IN NORTH

Mrs. O. Gustafson, of Holly street, returned home yesterday after an absence of seven weeks, the greater part of which time was spent at the home of her daughter, Mrs. Bert Cator, who lives about ten miles south of Corvallis in the Willamette valley. Mrs. Gustafson was present at the birth of a fine baby girl, born to Mr. and Mrs. Cator and acted as nurse for the daughter and granddaughter. This makes the tenth grandchild of Mr. and Mrs. Gustafson, and they feel just as proud of the last as they did of the first one that arrived.

After leaving the home of her daughter, Mrs. Gustafson spent a week visiting with her son Carl, at Woodburn, and another week with her youngest son, Harry Paul, who lives in Portland. She reports having had a delightful visit with each of her children.

ANNOUNCE THE ENGAGEMENT OF LOCAL MAN

Word has been received in Ashland of the engagement of Carroll Wagner, son of J. M. Wagner, of Oak street, to Miss Marion Alice Black, of San Francisco. Young Wagner was born and raised in Ashland and has a host of friends among the younger people of the city. At the close of the war and upon being discharged from the army, he entered the employ of the General Petroleum company of Los Angeles, and has been with that company continuously since that time.

AIRPLANE AMBULANCE SOON TO BE TESTED

DAYTON, O., May 10.—An airplane ambulance, equipped with litters and cockpits for physicians and Wilbur Wright field for the United States army air service. The new aero ambulance is said to be the last word in construction of that kind.

PLAN TO MODEL CHINA AFTER UNITED STATES

PAO TING FU, China, May 10.—General Wu Pei Fu, victor over the Manchurian army of General Chang Tso Lin, and virtually dictator of northern China, declared he will call the Chinese people into conference to adopt plans for a government modeled after that of the United States.

Both General Wu and the Christian general, Peng Yuh Siang, are certain they will conquer all China. They still are being resisted in the south by an army of Sun Yat Sen, who is head of the Canton government.

CAVE MEN RECEPTION

A few tickets for the Chamber of Commerce banquet at Hotel Ashland are left and may be secured at the secretary's office or by phoning 65. As the Grants Pass chamber is a guest at this time, a full attendance is desired.

FREAK LIGHTNING STRIKES DOWN GIRL IN HER HOME

REDDING, Calif., May 10.—Miss Ivy Henderson, 20, was struck by lightning during the storm at 5:30 o'clock last evening and knocked senseless. That she was not killed is regarded as something of a miracle. She was taken to the hospital and there she is gradually recovering her senses and use of her muscles.

Miss Henderson was standing by the stove with the stove lifter in her hands and talking to her father, T. J. Henderson, when a bolt of lightning ripped off the limb of a big tree standing close by the house near the east end of the free bridge. Electricity coming down the stovepipe into the poker gave Miss Henderson such a shock that she was knocked to the floor senseless.

Miss Henderson was paralyzed on the left side of her body. Muscles on that side were numb at first. After being taken to the hospital she regained the use of her arm, but her left leg remained numb. There is no question, however, says the physician, that she will recover completely after a good rest.

REV. C. A. EDWARDS TO MAKE TRIP TO COOS CO.

Rev. C. A. Edwards will leave tomorrow for Marshfield, Or., where he will deliver two addresses Friday and one Saturday, before the Epworth League convention, which is in session there the latter part of the week. On Sunday, he will deliver the class sermon to the graduating class at North Bend, and return in the evening to Marshfield for the closing address of the convention. Rev. Koehler, of the Presbyterian church, will occupy the pulpit of the Methodist church Sunday morning.

PISCATORIAL FREAK OR A MOONSHINE VISION?

RED BLUFF, May 10.—A new species of fish that swims backward has been discovered in Paynes creek. This is according to County Auditor George DeShields and George Wahl, who drove out to that section Sunday and enjoyed a little fishing between showers. While waiting for a bite they say they observed these fish floating back and forth with their tails leading the way.

IRISH PEACEMAKERS REPORT FAILURE OF THEIR MISSION

DUBLIN, May 10.—The Irish peace committee has reported to the Dail Eireann that they had failed to agree upon any basis for a cessation of hostilities between the free staters and the republicans.

CHAUTAQUA CAMPAIGN NOW IN FULL SWING

PRICE OF SEASON TICKETS TO BE CUT NEARLY ONE-HALF

A Splendid Program Is Scheduled For the Week, Beginning Wednesday, May 24, and Closing Monday, May 29.

Another meeting of the Chautauqua guarantors was held in the city hall Monday evening for the purpose of making definite arrangements for the coming session of the Southern Oregon Chautauqua, which is to be held May 24-29. An excellent program has been provided and it is the desire of the Chautauqua board to give everyone an opportunity to see and hear these splendid entertainers.

Inasmuch as the Chautauqua auditorium is large and commodious, the board is not limited for seating capacity as in other public halls; so it was thought best to give the community the benefit of this condition and place the season tickets on sale at a price which every one can meet. At most of the other Chautauquas on the coast the season tickets are sold for \$2.50 and this has been the usual price in Ashland for some years. It was decided at the Monday meeting, however, to put on the season tickets at \$1.50 each, so as to give more people the benefits of Chautauqua, and with the expectation that the people of Ashland would get behind this movement in a way that would justify that reduction. This is a radical cut in price, and as the program and a small allowance for incidental expenses will require \$1500 in cold cash, it is easy to see that 1000 tickets must be sold in order to break even.

The people who attended the Monday night meeting believed that the public would appreciate this reduction of the price of tickets and assist in making it a success. They even went further than this, and believing that a larger attendance could be had and should be secured when we had such an ample auditorium, it was expressly stipulated that when the ticket sale was put on it should be announced that in the event that 1500 adult season tickets were sold before 8 p. m. Monday, May 22, a rebate of 50 cents would be given on each \$1.50 season ticket bought before that time. This would bring the tickets for the whole session down to \$1 each; it means, however, that everyone who cares for good things for themselves or for their children or the children of other homes, must become a real booster.

A good Chautauqua assembly is a great asset to Ashland. It will not run itself, but a little help from every one will make the wheels go round. Let's get our shoulders to the wheel and make it go.

PETITION TO END LUMBER STRIKE IS CIRCULATED

KLAMATH FALLS, May 10.—A concerted effort by operators and business men to end the lumber strike is seen in the petition being circulated here today, which subscribes to the nine-hour day as necessary to an immediate resumption of the industry, protection of all persons desiring to work and the establishment of the American plan in all business and industry.

It is pointed out in the petition that unless the citizens take some action to end the strike, it will lead to a whole season of stagnation, and that if lumber is not sawed during the summer the box factories cannot operate during the winter. The petition denounces paid union agitators, holding them responsible for the continuance of the strike.

Get your season ticket for the Chautauqua.
