GEO. CARPENTIER KNOCKS OUT KID LEWIS IN ROUND

SHIFTY FRENCHMAN ACCUSED OF TWICE FOULING HIS OPPONENT

Lewis Was Appealing to Referee Claiming a Foul When Georges Landed Another (That Sent the "Kid" to the Mat for the Count.

LONDON, May 11.—Georges Carpentier knocked out "Kid" Lewis in the first of a scheduled 20 round bout here tonight.

Carpentier carried the battle to his opponent from the very first tap of the bell. Carpentier led with his left. Lewis rushed into in-fighting. The Frenchman skillfully blocked all of Lewis' attempts to land a deadly body punch.

Lewis scored three times with left hooks, and had Carpentier bleeding at the mouth. The Frenchman countered and the thud of his blows could be heard down in the ringside seats.

Carpentier landed a snappy punch with his left. Lewis looked toward the referee. Carpentier smashed in another right and Lewis crumpled up on the canvas. It looked like a foul blow to many spectators and they hissed loudly as the Frenchman stood over his prostrate opponent.

The actual fighting lasted two and a half minutes. Lewis was appealing to the referee, claiming to have been fouled, when Carpentier sent home the fatal wallop.

Major Wilson, who is promoting the fight, has been angling for the chance to stack Lewis against the French heavyweight for several months, but it was not until Carpentier had disposed of George Cook, Australia's heavyweight offering, that the match was arranged.

Lewis, on his part, also has cleaned up every man in Europe approaching his weight, and one or two others considerably in advance of him in avordupois, but far behind him in skill and stamina. De-marc had a chopping block of Boy McCormack, who had a few weeks previous extended Joe Beckett, the British heavyweight champion, almost to the limit; it was the effect of this contest that Lewis established his right to meet the holder of the European championship title.

Carpentier Is Favorite

The Albert Hall will hold a \$50,000 audience tonight, about equally divided in sympathies. If there is any majority at all it probably will favor the Frenchman, but the pluck of the lighter man in taking on a much heavier opponent enlisted a corps of sympathizers who otherwise would have been strictly neutral.

In the ring the physical inferiority of Lewis is most marked, and on the stripping of dressing robes the unlightened gasp in sympathy for the smaller man, but those learned in the art note that in the torso, the back muscles, the biceps, the breadth of shoulder and chest, the disparity is almost negligible. Carpentier carries too much of his weight below the waist. He has the legs of a Russian ballet dancer, whereas Lewis' legs are those of a cavalry rough rider.

What little betting there is goes in favor of the Frenchman, but the admirers of Lewis found consolation in the fact that if their man could only withstand that terrific right punch of Georges for the first six rounds the fight would be his. Open warfare would favor the big man, but Lewis, veteran of many fights, knows that success for him is only assured by mixing it and infighting, a form of ringcraft which often in the past has led to the downfall of Carpentier.

BABY STILLMAN'S MOTHER IS UNDER FIRE OF QUESTIONS

POUGHKEEPSIE, N. Y., May 11.—Under cross examination here today, Mrs. Anna Stillman stuck to her "straight from the shoulder" denial of the charges of misconduct with Fred Beauvais, the Indian guide, made by her banker husband, James A. Stillman, in his divorce suit, in which he charges the Indian is the father of "Baby" Stillman.

The examination conducted by Stillman's counsel was marked by "snappy" questions, and just as "snappy" answers by the defendant.

S. P. BOYS BACK PRETTY ASSOCIATION MEETS

The Southern Oregon Medical association met Tuesday at the public library at Medford for an all day meeting.

Dr. Coffee, of Portland, the greatest surgeon in the state of Oregon, gave a lecture in the forenoon, and illustrated his talk with the aid of lantern slides.

At the noon hour a fine banquet was served at the Hotel Medford, which was as thoughtfully enjoyed by the attending physicians as was the various lectures.

Dr. J. G. Strohm, of Portland, who saw service overseas as a high officer in the medical corps, gave an exceptionally fine talk on kidney stones and intestinal troubles. He also had lantern slides made from X-ray pictures, which he showed along with his talk.

Dr. Pettit, another Portland man of prominence, gave a talk on plastic surgery, and showed a number of pictures of the work. This was a talk that was interesting and up-to-date, as this is one of the new things in the line of surgery.

A large number of physicians were present from Roseburg, Grants Pass, Medford and Ashland and from the smaller towns in the district, which comprises the territory as far north as Roseburg.

PASSION PLAY WILL BE STAGED AGAIN ON NEXT SUNDAY

OBERAMMERGAU, May 11.—Weary pilgrims from the four corners of a troubled earth are in this quaint little village of the mountains in throngs today, seeking renewed visions of eternal hope and the simple Christian townspeople are ready again to redeem their age-old vow to God.

Once again, for the first time since 1910, the Passion Play—the famous dramatization of the life of Christ—is to be enacted.

An air of solemnity and reverence pervades the community and its overcrowded populace as the tragic events of history which have delayed the production two years, are again in the minds of the assembled multitudes.

The first public performance will be given next Sunday to which a capacity audience already has been assured.

CATTLE FEUD IS BELIEVED CAUSE CONROY MURDER

CHICO, Calif., May 11.—The existence of a feud over cattle in which Charles Conroy, wealthy cattleman shot to death a week ago in Dead Horse canyon, was involved, has been uncovered by the authorities in the search for the slayer. As a result of this new turn in the investigation, Jack Cussick, Jr., another cattleman, was last night taken into custody by City Marshal J. A. Peck at the request of Sheriff J. B. Webber. There had been bad feeling between the prisoner and the murdered man.

A confession is said to have been obtained from David Alvarado. Constable Guerin, who arrested Alvarado, says Alvarado admits he witnessed the murder at close range, and also that he knows the culprit, but denies his own implication in the crime.

In Ashland's Auto Camp

It should be of interest to the community to know what the tourists in general think of the idea of a pay camp. While occasionally one will remark that he thinks that charging the tourist will injure the town, it is the consensus of opinion among those stopping at the Ashland park that by far the largest part of those traveling by auto prefer the pay camps. Not all pay camps, however, are good camps. Some of them offer very little for the fee charged.

It is the rarest exception for any one to make any objection to paying a fee, and practically all agree that they get their money's worth at the Ashland park.

Mr. H. A. Carlisle, from California, remarked last evening that the free camps are getting to be a joke. He said also that you might as well expect a city to build a fine hotel for the free entertainment of the traveling public as to create a fine auto camp ground like Ashland's for the free use of the auto tourists.

A tourist, he said, that could not pay his way had no right on the road.

Lewis Ball, who has been here for nearly a week, said: "If you turn this camp into a free camp, I will leave."

The reasons given by the tourists in favor of a pay camp are that the grounds and rest rooms are kept clean and sanitary; pure water and electric lights are provided, as well as baths, laundry tubs and other modern conveniences; an attendant is on the ground to look after the welfare of every one and provide police protection.

The charge also keeps away an undesirable element that would be a nuisance in the camp and of little value to the community.

Besides many remaining over, there were the following reaching Ashland park last evening: Mr. and Mrs. H. A. Carlisle, Mr. and Mrs. Wm. Fletcher, F. O. Thomson and family, John Nelson, Mr. and Mrs. S. J. Erickson, W. G. Mount, H. B. Rogers and family, and Mr. and Mrs. D. C. Lowe.

WHITE SLAVERS LEFT DESTITUTE IN ROSEBURG

ROSEBURG, May 11.—Lee Confrey aged 24, and Jack Kennedy, aged 25, were arrested today at Yoncalla and charged with bringing Ruth and Norma Gray, aged 16 and 14 years, respectively, from Los Angeles to Roseburg in violation of the Mann white slave act. J. C. Armantrout of this city was arrested with the men. Norma Gray also was held but the other girl escaped.

Confrey and Kennedy, with the two girls, arrived in Roseburg by automobile last night, it was alleged. They were out of money, and the girls went out on the street to try to sell a bracelet to buy food and gasoline to proceed to Portland. They received a gift of 50 cents with which they bought food. Having no place to sleep, they drove the car onto a side street, and slept in it. This morning the girls were endeavoring to sell a neck fur when the juvenile officer discovered them and began an investigation.

AUBURN, Calif., May 11.—Suit for \$100,000 damages for alleged libel has been filed against John Hill, president of the Roseville Banking company, by Rev. C. R. Fairchild.

The complaint on file with the clerk of the superior court here alleges that on April 17, 1922, in the presence of several Roseville residents, Hill stated that Fairchild was a fugitive from justice, that his arrest was being sought on a charge of bigamy, that he had several wives in the country, and that he had left other places to avoid arrest.

SOUTHERN OREGON IS COMING TO THE FRONT

Southern Oregon is coming to the front as a tourist center since the completion of the Pacific highway, which is one of the largest tourist arteries in the entire country, being the only practical way to journey by auto from Portland to San Francisco or from any way point between the two cities. The traffic has grown so heavy that the tourist information bureau of Oregon, which is financed by the state, has established a branch office at Medford, and the Oregon State Motor association has also established a branch there which will be open the year round.

BLACK FROST KILLS MELONS AND HAY NEAR RED BLUFF

RED BLUFF, Calif., May 11.—Reports from Davisville yesterday afternoon indicated the storm and sudden drop in temperature Monday night probably did considerable damage in that section. Half an inch of snow fell during the night, it was stated, and yesterday it was found potatoes, melons, and sweet potatoes had been killed, the vines being black from the effects of the unusual snowfall.

By far the greater damage, however, was reported to the hay crop in the district. Henry Smith, it was said, had 80 acres of alfalfa ruined, and other farmers suffered relatively in the extent of damage to their hay.

How much, if any, damage was done to the fruit crop has not been ascertained.

CAVE MEN TO BE GIVEN A ROYAL RECEPTION TODAY

Thirty members of the Grants Pass chamber of commerce will come to Ashland this evening and be the guests of the local chamber of commerce at a 7 o'clock dinner at the Hotel Ashland.

Following the dinner there will be a general get-together meeting at which time, Mr. Blanchard, president of the Grants Pass chamber, George Sabin and F. W. Miller of the visitors will be the principle speakers of the evening.

Several local people are down for short talks and others may be called on for impromptu speeches.

The visit of the "cave men" at this time is quite opportune and in line with the work that has been planned by the local chamber of commerce in exploiting southern Oregon in the way of points of interest to tourists. The information that can be gained in regard to the territory about Grants Pass by co-operating with the "cave men" is beyond any value that might be put upon it by local people. If Ashland is to be a tourist center of importance, the points of interest about Grants Pass must be brought to light and Ashland will extend a helping hand to the "cave men" in an endeavor to make the Oregon Caves one of the world's greatest attractions and a point every native American as well as all the globe-trotting foreigners, would make an extra effort to see.

Plates for 75 people have been ordered for the dinner tonight, and it is expected that every seat will be taken. This is the first big meeting, and it is hoped that it will be such a success that others will follow in rapid succession until southern Oregon stands united as one large community.

CHIEF SAYS HE HAS "WAGON LOAD" OF EVIDENCE TO HOLD THEM

The chief named "Big Tim" Murphy, Fred Mader and "Con" Shea, all prominent labor leaders, as responsible for the reign of bombings and assassinations. The wholesale roundup of labor leaders followed the slaying of two policemen on Tuesday night.
