HON. WILL H. HAYS

EX-CHAIRMAN REPUBLICAN NATIONAL COMMITTEE

TELEGRAPHS
RALPH E. WILLIAMS

WESTERN UNION
TELEGRAM

A152 NY 98 Blue

Ralph E. Williams,
Republican National Committeeman
Portland, Oregon.

Mutual friends have told me that you are a candidate for re-election as Republican National Committeeman this year, and I am constrained to send just this word of appreciation for your splendid service on the committee all the time that I was chairman. Your election as vice-chairman of the national committee was the fullest possible evidence of the committee's gratitude to you and their confidence in your great future usefulness to the committee and to the party. In this I join most heartily. Kindest regards and best wishes always.
WILL H. HAYS.

RALPH E. WILLIAMS
Vice-Chairman
Republican National Committee

EDITORIAL FROM THE MORNING OREGONIAN

Mr. Williams for Committeeman
Will H. Hays, who but lately retired as chairman of the republican national committee, pays tribute in a telegram to the service performed to the republican party by the committeeman for Oregon, Ralph E. Williams. Mr. Hays should know. His testimony may be accepted as something more than a mere polite and formal expression of approval, to be expected from one member of the organization for another; for it is supported by the entire committee, which, not many months ago, by unanimous vote of the representatives of 48 states, elected Mr. Williams vice-chairman. He is the oldest member in point of service, and it is obvious—it is not denied by anyone—that his standing with the heads of the republican party is very high.

The national committeemanship is a party job. It pays nothing in salary, but it carries many responsibilities, and calls for work. Its rewards are, of course, recognition of leadership, and the prestige and influence that go with it. Mr. Williams has been the committeeman for Oregon for 14 years, and is a candidate for re-election. There is no good reason why he should not be re-elected; there are good reasons why he should be, the most obvious and unanswerable of which is that he has a high place with the committee, is on terms of intimacy and confidence with the national leaders of the republican party, is in line for the national chairmanship, and can, and doubtless will, perform service which no new man, whatever his qualities, can possibly perform.

The Oregonian is reluctant to interfere in the contest for national committeeman, but the advantages to the republican party in Oregon of Mr. Williams' election are so plain that it feels that it should point them out.

Ashland Granite Company
AUTHORIZED CAPITAL—\$150,000.00
SHARES \$100.00 EACH — ALL COMMON STOCK

Incorporators: E. V. Carter, Julius P. Wolf, H. H. Elhart, F. D. Wagner, D. Perozzi, O. Winter, N. H. Harrison, Emil Peil, and H. C. Galey. These are all Ashland business men who have resided here for many years, and a reference to any one of them should be sufficient guarantee of the integrity of this enterprise.

The purpose of the corporation is to buy the land and machinery of the Blair Granite Company, located about six miles in an air line southeast of Ashland, and to enlarge and build up the business to a point where it will be one of the leading industries of Southern Oregon and pay good dividends to investors.

During an exhaustive investigation covering over three months, sufficient evidence has been procured, duly verified and substantiated by official reports, original letters and otherwise, to enable any investigator to satisfy himself beyond any reasonable doubt on all important points in connection with this enterprise, as follows:

1. That the company will have practically an unlimited quantity of granite of finest quality;
2. That the quality of this granite is equal to the best gray granite quarried anywhere on this continent.
3. That the physical conditions and location of this quarry are favorable to the development of a big business.
4. That the normal demand for this granite at prices yielding a good profit is large enough to absorb all the stone likely to be produced for many years.
5. That freight rates to marketing points are favorable to Ashland within a territory greater than the five western states.
6. That all points likely to affect the prosperity of this business have been fully covered and that there is every reason to expect a splendid development of much benefit to the community and yielding good dividends to investors.

The financing of this company is now under way, and you are invited to have a part in it. Additional information will be furnished upon request mailed to the company.

Arrangements have been made with the three Ashland banks under which they will receive subscriptions for stock in the company.
