"Since using the 'J. B. L. Cascade,' I can do things I would not have attempted before. I do not get tired or worn out and that awful heavy feeling has entirely disappeared from my head."
The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.
Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.
McNAIR BROS.

LOCAL INVESTMENT OPPORTUNITY
BUILD A BUSINESS — MAKE A PAYROLL
DRAW YOUR DIVIDENDS
The ASHLAND GRANITE COMPANY offers to the people of the Rogue River Valley \$150,000 of the common stock of the Company in shares of \$100 each, no preferred stock issued.
The Company proposes to purchase the land and equipment of the Blair granite quarry about six miles southeast of Ashland, to enlarge the plant and to expand the business to a point where the present annual output will be increased many times over, and a local payroll created that will mean much to the community in the opportunity afforded for work to local people, and result in the distribution of many thousands of dollars annually for wages and supplies of all kinds.
This quarry has been in operation for six years. It is producing as fine a gray monumental granite as is quarried on this continent — equal or superior to the famous granite of Barre, Vermont. The stone is well established in Pacific Coast markets. Demand, prices obtainable and freight rates are favorable for the building of a very large business, for the supply of this granite is practically unlimited. Three months careful investigation covering all important points has satisfied twenty Ashland men of the great opportunity awaiting development.
The company has been incorporated by nine well-known Ashland business men of long residence in the community. They are: E. V. Carter, Julius P. Wolf, H. H. Elhart, F. D. Wagner, D. Perozzi, O. Winter, N. H. Harrison, Emil Peil and H. C. Galey.
Information regarding all phases of the business has been procured, classified and substantiated by ample reference to original sources. This is available to the public and will be furnished upon application to the company.
