

ASHLAND CLIMATE, without the aid of medicine, cures nine cases out of ten of asthma. This is a proven fact.

ASHLAND DAILY TIDINGS

MALARIA OBEYED HIGHEST SUPPLY OF OZONE AT ASHLAND. THE PURE DOMESTIC WATER HELPS.

VOLUME 3 (Successor to the Semi-Weekly Tidings, Vol. 43) ASHLAND, OREGON, WEDNESDAY, MAY 17, 1922 No. 218

SCHOONER ON THE ROCKS OFF CAPE BLANCO

HELP RUSHED TO RESCUE CREW OF SEVENTEEN WHO TOOK TO BOATS

Vessel Was Gotten Clear After She Struck in Heavy Fog, but Pumps Failed to Work and Crew Abandoned the Ship and Await Help

MARSHFIELD, Or., May 17.—Schooner Osmos, in a heavy fog, crashed on the rocks, off Cape Blanco, at an early hour this morning. The fog lifting for about half a hour she was floated clear of the rocks and into deep water. The radio message received here stated that she was leaking badly, and it was thought she would have to be abandoned. Another radio, a little later, said the pumps refused to work, and the crew of 17 men, had been compelled to abandon the vessel and take to the boats.

A rescue tug was rushed from here immediately after the first radio was received, from a point about 40 miles south of Coos Bay. A high sea is running, but it is hoped that the crew in the small boats will be able to keep afloat until the rescuers reach the scene of the wreck.

EUGENE WILL GRADUATE BIGGEST CLASS IN HISTORY

EUGENE, May 17.—Eugene high school will graduate a class of 125 this year, the largest in its history. The annual commencement exercises will be held on Friday night, May 26.

SUMMER SCHOOL IN CONNECTION WITH NORMAL

On account of the normal school in Ashland this summer, the children of the first six grades will have an opportunity of attending school for that period. There will be no cost to the children nor to the school district. The expense is borne by the state, for all standard normal schools must have a practice school for its advanced students.

The direction and supervision of the teachers and the management of the summer school will be in charge of Mr. Briscoe and the critic teachers, but a large part of the teaching will be done by advanced students in the normal school. This session will be a large benefit to the children. They will have the advantage of supervision by the best teachers in the state, as well as the opportunity of an extra six weeks of school. Those behind in their studies will have a chance to make it up at no cost to the parents. Those who want to do advanced work will have the best of chances of doing it.

In addition to these advantages, if a normal school is desired in Ashland, children for the practice school must come from Ashland homes. So it can be seen that our community and our own children can be benefitted by putting at least 120 of our children who are in grades one, two, three, four, five and six in school at the Hawthorne building from 8 to 11:45 each day from Wednesday, June 21, to July 28, 1922.

You may be assured that the children will have good teachers, and that they will be well cared for.

G. A. BRISCOE, Director.

DISASTROUS FIRE DESTROYS BUSINESS BLOCK IN CHICO

CHICO, Calif., May 17.—A block of frame structures at the Junction, bounded by Eighth and Main streets, Oroville avenue and an alley from Oroville avenue to Main street, were burned to the ground last night, by a fire which threatened other structures in the vicinity, particularly the Chico hotel, pioneer landmark. The total loss today was estimated to be about \$45,000 partly covered by insurance.

NAVAL SCRAPPING BILL IS PASSED BY HOUSE

WASHINGTON, May 17.—The naval scrapping bill has passed the house without an objection. It authorizes the president to scrap naval vessels under the provisions of the armament conference treaty. The bill provides for the conversion of two of the battleship cruisers now about half completed, but which will not be allowed in the navy under the treaty, into airplane carriers. The cost of this conversion is placed at \$32,000,000 for the two ships.

BOOZE RUNNERS CAPTURED AFTER A GUN FIGHT

LONG BEACH, Calif., May 17.—Police officers here played the hero roles in a six-reel thriller at the local harbor early today, when liquor smugglers landing a shipment of 193 cases of Scotch whisky apparently consigned to Mexico from Glasgow, were arrested after a gun battle, and a limousine, two trucks, a boat, the "Hollywood," and liquor worth \$50,000 were confiscated.

Four men are under arrest. Registration cards on the cars and other evidence point toward Hollywood as the destination of the contraband whisky.

At least two trips had been made to the local beach from a large ship off the coast, when officers surprised the smugglers.

CO-EDS HELD UP BY HIGHWAYMAN AND ROBBED

EUGENE, Or., May 17.—Miss Maurine Elrod and Miss Mary Gill, both of Portland, students at the University of Oregon, were held up and robbed by two unidentified men while on their way from the homes in Portland to Eugene in an automobile.

One of the men was a negro, according to Miss Gill. He held the girls up at the point of a revolver. The robbers obtained \$20 from the girls. Miss Elrod and Miss Gill are seniors in the university.

In Ashland's Auto Camp

The auto camp ground is fast becoming a self-sustaining institution, judging from the various callings and professions among the tourists of late. There are ministers to direct your spiritual welfare, marry the young, and to say a good word over your final resting place. There are physicians to administer to your body, and to teach you how to be well and keep well, and should he make a mistake there are undertakers to see that you are decently buried. Then there are farmers to raise your food, and grocers and butchers to dole it out to you if you have the price. There are miners, mechanics, expert wood-workers and finishers, motion picture artists and vaudeville performers. Yes, they are all here—"Doctor, lawyer, merchant, chief, rich man, poor man, beggarman."

Those arriving last evening were: Dr. Joiner, Seattle; Rev. E. E. McVicar, San Selmo, Calif.; C. O. Crain and family, Hood River; C. E. Crain and family, Hood River; Mr. and Mrs. J. A. Marshall, Portland; Mr. and Mrs. V. Hunsel, Seattle; M. Leon Cazare and family, San Diego; Marjorie Howell and party, Centralia, Wash.; S. H. Ridsen and party, Napa, Calif.; H. Nelson and party, Tacoma; Theo. B. Crowe, Colorado Springs, Colo.

CHINESE WAR LORD ARRAYED AGAINST SIGNATORY POWERS

PEKIN, May 17.—Chang Tso Lin, the northern war lord, who has declared the independence of Manchuria, has ordered the seizure of all salt and maritime customs revenues at the port of Newchang, according to official confirmation here.

This amounts to a virtual declaration of war on the signatory peace powers, according to officials. It is admitted that Chang's act has created a serious situation, as the revenues seized are the security for foreign loans.

FREIGHT TRAINS IN COLLISION MAN KILLED

PEEKSKILL, N. Y., May 17.—One man was killed, all through traffic on the New York Central was held up for two hours and a half, and about 2000 chickens were killed when two freight trains were wrecked in a rear-end collision on a sharp curve north of here.

BIG TURNOUT AT CIVIC CLUB GATHERING

The Civic club and its guests met at the parish house on Tuesday and enjoyed the 4 o'clock party arranged by Mrs. Lamkin to bring together the "human calendar" interests. There were thirteen tables in charge of and arranged by the year and the twelve months, or their substitutes, each table very attractive in its decorations and appointments. Thanks are extended to each hostess and, to the excellent chefs who provided refreshments.

A clever parody about the club house was sung by Mrs. Shortridge, accompanied by Miss Ward, and a pleasing whistling solo was given by Miss Wing.

Over \$80 was collected from those present by Mrs. Wilshire. Many contributions to the human calendar have already been put in the bank, so the entire result of Mrs. Lamkin's collection will have to be announced later. Individuals were urged to put on parties, or plan novel ways to add to the club house fund. As Mrs. Callahan, our state president, said at Grants Pass, it is a real art to extract money as painlessly as possible from many people, that the burden of giving support to public enterprises may not fall too heavily upon a few individuals who have the welfare of their town at heart.

Contributions to the salvage tent were solicited. If money is to be made through the salvage, everyone must do her part by sending material to help the women who are in charge and giving of their busy days, to keep the tent open. It means a steady source of income for the club house fund.

Mr. Thomas, attorney for the Civic club, was one of the guests at the president's table, and made an appropriate speech, telling of the Greek women and their united stand against unfair laws, illustrating the old motto—"Strength in unity"—which is the clubwoman's slogan today.

DR. DE VILBISS IS NOTED NEW YORK PHYSICIAN

Chautauqua Lecturer Is Prominent on New York Board of Health.

Dr. Lydia Allen DeVilbiss, noted New York physician, will discuss the most important business of all—"The Business of Living"—before Chautauqua patrons here on the fourth after-

noon. Dr. DeVilbiss is well known as the medical editor of the Better Babies' Department for the Woman's Home Companion, and as assistant director of the Division for Child Hygiene for the New York Department of Public Health. In 1919 she was appointed to the United States Public Health Service.

LOCAL AND PERSONAL

Move to Medford—Mr. and Mrs. Nessler, who have been residing in Ashland for some time, have moved to Medford.

Here Visiting Family—J. H. Ring, of Gold Hill, is in the city for a short visit with his wife and family. He expects to return to Gold Hill this evening.

Visitors from Medford—Mr. and Mrs. W. C. Gannaway and family, of Medford, were in the city last evening, calling on Mrs. Claire Minard at the Plaza confectionery.

Leave for Santa Cruz—Samuel M. Rhodes and J. Spaulding left Tuesday morning by auto for Santa Cruz, Calif., where they expect to stay about a month. Mr. Rhodes is going there to attend to business matters.

Boom for Talent—"Talent is looking for business this summer, as is indicated by the report that they are to have a new sawmill and box factory there."

Turns Down Big Offer—Information has reached this city to the effect that Mr. Spatts, of Talent, turned down an offer of \$20,000 for his 20 acre pear ranch near Talent. Many people are learning there is big money in pears.

Buyers Seven Acre Ranch—Thomas Clayton has purchased a seven acre tract of ground in Talent through the Mason & Manning agency. The deal was made for the cash consideration of \$2000.

Factory Representative Here—Mr. Hunt of the Sellers Kitchen Cabinet company, is in the city for a few days, and has charge of the demonstration at Swenson and McRae's this week.

Evans DuBose, an engineer for the Southern Pacific, was taken to the hospital very hurriedly and operated on last night. He rested quietly last night and hopes are entertained for his recovery.

Returns from California—Mrs. C. A. Cotter has returned from Richmond, Calif., where she has been at the bedside of her niece, Mrs. Flynn, and reports her improving nicely.

Here from Medford—John H. Carkins, of Medford, was in the city today on business.

Spends Week-End Here—J. E. Coffee, of Ventura, Calif., arrived in the city Saturday morning to spend the week-end with Mrs. L. M. Ring. Mr. Coffee, accompanied by Mrs. Ring and son Richard, and Mrs. J. E. Durkee and children motored to the top of the Siskiyou Sunday and enjoyed the afternoon there. Mr. Coffee left for Grants Pass this morning, where he will visit with his sister for a few days.

Will Visit Parents Here—Mrs. Dale Guiley and children, of Lane county, expect to come to Ashland soon to visit Mrs. Guiley's parents, Mr. and Mrs. Charles Hooper. Friends will be welcome.

CONFERENCE AT GENOA REACH AN AGREEMENT

GENOA, May 17.—Unanimous agreement has been reached by the international economic conference on the proposed Hague commission for the solution of the problem of the recognition of Russia, and on the provision for a truce to continue operative until this commission completes its deliberations.

This announcement followed another period of anxiety and doubt, due to the fact that the Russian delegation did not appear at the time set for the conference, which led to rumors that they were withdrawing from the deliberations.

BOOZE SLEUTH KILLED WHILE MAKING RAID

HOUSTON, Texas, May 17.—Federal Prohibition Enforcement Agent Floyd was shot and killed as he was about to raid a garage in the rear of a residence here today. The police say that Floyd was killed by a fusillade of shots fired from the house.

MOVIE STAR MAY BE CHARGED WITH BIGAMY

LOS ANGELES, May 17.—Jean Acker, film actress from whom Rodolph Valentino, film actor, obtained an interlocutory decree of divorce January 10, 1922, said last night she "would like to do something" because of his marriage at Mexicali, Lower California, last Saturday, to Winifred Hudnut, dancer and film art director, professionally known as Natacha Rambova.

"I shall take the matter up with my attorney," said Miss Acker, "and may prosecute Valentino for bigamy."

JACKSON COUNTY TEACHERS APPRECIATE TROPHY CUP

The commercial teachers of Jackson county wish to express their appreciation to the typewriting trophy cup, which was used in the Jackson county commercial contest held at Medford May 6. The instructors are glad to know that the people of Ashland have enough interest in this work to make it possible for the students to compete without cost. The contest has inspired interest in the work which will lead to greater efficiency. Medford won the cup, but each school of the county is already planning to be its owner next year.

MARRY IN HASTE AND REPENT AT LEISURE

This is the modern attitude toward marriage. It seems as if the young people of today are possessed with an unconquerable desire to do daring deeds regardless of the outcome. The matrimonial escapade of two young couples is very forcibly enacted in Cecil B. De Mille's current production, "Saturday Night," which will be seen at the Vining theater today and tomorrow.

The picture puts before us in an attractive yet convincing way the inevitable result of the majority of the hasty marriages—they repent at leisure. While they are repenting, they carry the spectators into the overpowering extreme of the fashion seekers' playground, the Halloweeners' and the bathing dancers. Then to the humble home of a common man.

These two far remote realities furnish many reasons for "repent," even though all concerned do their best to "get along."

PRIZE CONTEST BRINGS OUT SOME BIG FISH

Harry Morris is one of the fishermen of the city who believes in going out after the best to be found. Early Monday morning Mr. Morris left for Gold Ray and returned in the evening with a 33 pound Chinook salmon, which required 35 minutes for him to land unaided. The fish was on display at the Elkhorn Gun store Monday afternoon.

Another fish entered in the contest was caught by Lester Beck in Bear creek. It was a four pound steelhead.

THREATEN REIGN OF TERRORISM IN CHICAGO

CHICAGO, May 17.—Red riot and destruction are foretold in dozens of threatening letters received by city officials the newspapers, police, prosecutors and judges, within the past 24 hours.

The letters, hurling defiance at capitalists, law and order societies, and the Judge Landis wage award, are signed by such titles as "real bombers," "burners of Chicago," etc.

As an alternate to such terrorism, the letters dictated that citizens must repudiate the Landis wage award. Chief of Police Fitzmaurice issued an order to "shoot to kill" all suspects found loitering around any buildings erected under the Landis wage award, who refuse to submit to questioning. This action followed the burning last night of an apartment building by terrorists.

SCHOOL TEACHER DESERTS LOVER ALMOST AT ALTAR

VANCOUVER, Wash., May 17.—Almost at the altar, Miss Wilma Scott, 21, pretty school teacher of Eugene, Or., refused to go ahead with the wedding plans and refused to see the boy she was about to marry, Reginald Stroud, 18 years of age.

The couple had eloped from Eugene, but the bride's brother got on their track and while they were in the sheriff's office applying for a license, he got his sister on the telephone, with the result that the bride-to-be changed her mind and went home to her parents.

VALLEY VIEW PARENT-TEACHERS MEETING

The Valley View Parent-Teachers association held an all-day meeting at the school house yesterday. A splendid dinner and a social noon-hour was enjoyed by all.

In the afternoon, a business meeting was held, followed by a varied program of current events, music and selected readings. At the close of the program, the annual election of officers took place, resulting as follows: President, Mrs. H. R. Reacher, vice-president, Mrs. John Farmer, and secretary and treasurer, Mrs. Jewell Lowe.

JUNIOR Y. M. C. A. BASEBALL LEAGUE

League standings to date:

Team	Played	Won	Pct.
Methodists	4	4	1.000
Christians	4	3	.750
Presbyterians	4	1	.250
Baptists	4	0	.000

MILLIONAIRE IS CHARGED WITH BOOTLEGGING

WINERY OF THEODORE GIER OF "HOCH DER KAISER" SOCIETY, RAIDED

His Chauffeur Caught Red Handed And Seizure by Dry Officers of 12,000 Gallons of Wine Valued at \$60,000.

SAN FRANCISCO, May 17.—Theodore Gier, Oakland capitalist, was brought into the prohibition limelight late yesterday afternoon, when federal agents arrested Gus Lindemann of the Theodore Gier Vineyard company, Oakland, while Lindemann was seated in a big limousine on a Southern Pacific ferryboat on his way to deliver 50 gallons of sherry to an alleged purchaser in San Francisco.

A warrant for Gier himself, according to the prohibition authorities, will be issued today.

Following the arrest of Lindemann, a squad of prohibition agents, raided the headquarters of the wine company at 581 Eighteenth street, Oakland, and seized 12,000 gallons of wine, valued at \$60,000.

Gier has extensive vineyard holdings in the Napa valley and owns several wineries in that section. During the war, Gier, then a colonel on the staff of Governor William D. Stephens, figured with Lindemann in the famous "Hoch der Kaiser" episode in Oakland that led eventually to Lindemann's arrest and an investigation of Gier by the governor.

JACKSON COUNTY SCHOOL DAY WILL BE HELD MAY 30

The inauguration of Jackson county school day will take place Saturday, May 27, in beautiful Lithia Park, and plans have been perfected to make the day such a success that it will be a permanent fixture in Jackson each year hereafter.

The entire day will be taken up with exercises and a general outing for both children and parents, with a fine basket dinner to be spread in the park at the noon hour. The morning program will start at 10 o'clock and will be held in the Chautauqua building, which is amply large to care for all who may attend. Dr. DuBach, of O. A. C., will be present and will deliver a talk to the children that promises to be of exceptional merit. Following this talk, about 200 children will receive their eighth grade diplomas in the first commencement exercises of the kind ever held in Jackson county.

The afternoon will be turned over to the athletic side of the school life and will be spent in Lithia Park. The uniform drill by 1000 children will, in itself, be worth going miles to see, but this is only one of the many features of the afternoon, as there will be games of different kinds—tennis and volley ball—and races and stunts.

It is expected that a large number of parents and children from every section of the county will be present, and every Ashland scholar and his parents should turn out for this day of all days. Make Jackson county school day, a day that is looked forward to by every student until they have received their diploma on that day and one ever to be remembered with pleasant associations after the diploma has been received.

NON-UNION COAL MINES SET PRICES SOARING

WASHINGTON, May 17.—Only operators of non-union coal fields are being invited to attend the conference called by the government to halt the soaring prices of coal at the mines. Secretary Hoover announced today. It is the non-union mines, Hoover said, that are showing from 50 to 100 per cent advance on the price of coal.
