ASHLAND, OREGON, FRIDAY, MAY 19, 1922

No. 220

CONFERENCE AT GENOA BROUGHT TO CLOSE TODAY

EIGHT MONTH TRUCE BETWEEN RUSSIA AND OTHER POWERS

Way is Opened for Lloyd George Later to Propose Pact Similar to Pacific Agreement Drawn at the Washington Armament Meeting.

GENOA, May 19.—The economic conference ended its labors this afternoon, after six weeks of deliberations over international affairs.

The chief results of the conference were: Approved the plan for meeting at the Hague in June when a mixed commission will be appointed to study the Russian problem, to make recommendations regarding the possibility of a loan to Russia, and the eventual recognition of the Moscow government.

The conference arranged an eight months truce between Russia and the other powers represented here. It laid the ground work for future representations to the United States regarding American participation in the reconstruction of eastern Europe.

It opened the way for Lloyd George to propose at a later date a ten year truce in Europe, similar to the Pacific pact drawn at Washington.

BLANCHE GLAZIER WINS FINE NAVAJO RUG

Miss Blanche Glazier, of 777 East Main street, won the fine Navajo rug that was offered by Icehower's furniture store for Wednesday. The rug was given away by Mr. Icehower in a campaign of advertising which is being conducted by the merchants of that part of the city. Many other merchants of that section are offering exceptional prices this week and special bargains on sale each day.

MELTING SNOW CAUSES BIG DAM TO BURST

WEAVERVILLE, Calif., May 19.—Unable to withstand tremendous pressure, the dam at the La Grange reservoir, midway between Weaver and Junction City, burst Thursday noon, releasing water 25 feet deep, which swept everything before it in Oregon gulch, a distance of five miles to the Trinity river.

Huge iron pipes were carried from the reservoir into the river, so great was the force of the released water. The dam burst due to the impounding of rapidly melted snow in Oregon Gulch mountain.

The state highway was washed out at three points. Convict road workers were sent to the scene and today had the road open to travel.

No houses were in the path of the water.

LAVA BEDS TO BE MADE RESORT FOR TOURISTS

KLAMATH FALLS, May 19.—A tourist resort in the Modoc lava beds is the plan of Merrill and Company, headed by C. Guy Merrill of this city. Tent houses are being erected near the Bear Paw cave, and the road repaired from Merrill in preparation for the opening on June 4.

The plan is to provide experienced guides so that sightseers may explore all interesting historical locations, including Captain Jack's stronghold, as well as the numerous ice caves. Meals and sleeping accommodations will be provided.

Merrill owns 160 acres near the Bear Paw cave, where the resort will be located.

WILL PROBE THE FAILURE OF KLAMATH BANK

SALEM, May 19.—State Superintendent of Banks Bramwell has instituted an investigation to ascertain if there has been criminal violation of law in the failure of the First State & Savings Bank at Klamath Falls.

Attorney General Vanwinkle appointed Judge J. P. Kavanaugh of Portland to conduct the investigation.

FLOWER VANDALS RAID GARDENS OF RESIDENTS

An epidemic of flower vandalism appears to have struck some parts of the city, and residents who have taken the trouble to beautify the surroundings of their homes by setting out attractive gardens are complaining bitterly of depredations occurring almost daily. During the week a number of gardens along Granite street have been visited by the vandals and last night some persons made a raid on the garden of Mrs. W. J. Hastings, 549 Fairview street, and carried off nine geranium plants, uprooting them from a box in which they had been placed for nurture before being transplanted to the garden. Apparently the same vandals visited the T. D. Pryor place as this morning it was found that some time throughout the night, seven thriving geraniums had been torn from their beds in the garden. The identity of those who took the flowers last night is said to be pretty well established, but Mrs. Hastings says that if the flowers are returned, no complaint would be made, but if not she intended to prosecute to the fullest extent of the law.

STATE OFFICERS TO ATTEND MEETING HERE

The state consul and head officer of the Modern Woodmen of America, will be present at the initiation of a large class of candidates in the Moose hall Monday evening at 8 o'clock. Both of the distinguished visitors are good speakers and entertainers and all Woodmen should turn out and hear them.

Invitations have been extended to the neighbors of Talent, Central Point and Medford to be present, and a large delegation is expected from each place. All members of the local camp are urged to attend the initiation and asked not to leave until after the banquet is served.

Demonstrator at Square Deal

Mrs. H. Meeker is demonstrating the labor-saving qualities of a new washing soap at the Square Deal grocery and will be here today and tomorrow. Housewives to whom the product has been demonstrated pronounce it a wonder.

When better ice cream is served, Rose Brothers will serve it. We make it.

OROVILLE TO JUBILATE WHEN BIG MILL OPENS

OROVILLE, Calif., May 19.—All business in Oroville will be suspended at 2 o'clock Tuesday afternoon, May 23d, while all the community takes part in the ceremonies that will mark the opening of actual operations of the Hutchinson Lumber company's mill here.

LIGHT VOTE IS BEING POLLED IN CITY ASHLAND

NOT MORE THAN ONE-THIRD OF REGISTERED VOTERS HAVE CAST BALLOTS

Interest in Election Throughout the Other Parts of State is Intense, and Record-Breaking Vote Expected With No Index of Results.

Notwithstanding that interest in the election generally throughout the state appears to be intense, and that a heavy vote is being cast everywhere else, a very light vote had been polled in Ashland up to 3 o'clock. In some precincts at that hour, little more than a dozen votes had been cast, while in the North Ashland precinct, at Fourth and Main, where the heaviest vote had been polled up to that hour, only 35 votes had been cast.

In the most outlying precinct, extending from the beginning of the Boulevard to the city limits, less than a dozen votes had been cast up to noon. A great deal of complaint has been made in regard to the location of this voting place, it being so far out of the way as to be almost inaccessible to the majority of registered voters, unless they were the owners of automobiles.

It is impossible this early in the day to get anything like a line on the results, although it is certain that the very light vote cast in the city jeopardizes the chances of naming the candidate for county commissioner from Ashland.

Out of a registration of nearly one thousand voters, from present indications it would appear likely that not more than one-third of that number will vote.

MILITARY TRAINING

Lieutenant J. F. Powell, of the war department, was here yesterday in an effort to stir up enthusiasm among the young men of this vicinity in the citizens military training camp at Camp Lewis, which will open on July 27 and continue until August 25. As he explained, no obligation for military service is incurred by those taking the training. It is an ideal way for young men, between the ages of 17 and 27, to spend their vacations. "In time of peace prepare for war" is a sound axiom, pacifists to the contrary notwithstanding, and it is a pretty good thing to have a citizenship equipped so that when the emergency arises it is prepared, not only to shoulder a gun, but knows what to do with it.

The success of the United States in all wars in which it has engaged, and we have never suffered defeat, has been in the intelligence behind the gun. To cultivate that is an essential of citizenship. Training at these camps costs nothing; it is a purely educational course and should be regarded in the light of supplemental education.

WEDNESDAY BRIDGE CLUB ENTERTAINED LAST EVENING

Mrs. Elsie Churchman entertained the Wednesday Bridge club last night at her home on Union street. There were three tables, and Mrs. Dyrud won first prize, the consolation falling to Mrs. Bevington. Delicious refreshments were served. The guests were: Mesdames O. W. Long, J. MacRae, J. R. Lilly, G. H. Hedberg, J. C. Poor, C. A. Shotts, Walter Bevington, Frank Merrill, S. Dyrud, Pete Garrett, Waldo Klum and Miss Elsie Alexander.

SISKIYOU DEPOSITS OF ASBESTOS TO BE EXPLOITED

YREKA, Calif., May 19.—The location of valuable deposits of asbestos in Siskiyou county and the uses to which these deposits might be put were described by W. S. Russell, of Gazelle, at a meeting of the Siskiyou County Miners' association held here.

At the meeting the members of the association plan to have the minerals that abound in the Marble Mountain district of the county explained by a speaker familiar with that district.

Decision was reached that these meetings shall be held monthly in the future, the next meeting being scheduled for June 6.

NATION-WIDE LABOR SHORTAGE IS PREDICTED

WASHINGTON, May 19.—Unemployment has virtually disappeared in the United States, and there is likely to be a shortage of common labor within 90 days, according to reports reaching the White House, it was learned officially today.

President Harding is of the opinion that the United States is on the threshold of a new era of prosperity.

GALE ON ATLANTIC DRIVES SUPPLY SHIP ON ROCKS

NEW YORK, May 19.—Virtually the complete loss of the second victim of the gale which drove eagle boat No. 17 ashore during the night, was reported when it was announced that the army supply ship Wilkins, which struck the rocks at Orient Point, Long Island sound, caught fire and her interior was burned out.

NEW COMPANY TAKES OVER DUNEY HOLDINGS

A company composed of T. J. B. Davis of Sisson, E. Mitchell of Antioch, and E. B. Durney of Weed, to be known as the Igerna Lumber company, has taken over the old Durney Lumber company holdings on the slope of Mount Eddy, and expects to begin active operations soon.

Durney is the son of the original owner of the property and at present owns the timber. He will have active charge of the sawmill operation.

\$21,910.85 IN TAXES IS DELINQUENT IN TEHAMA

RED BLUFF, Calif., May 19.—Delinquent taxes in Tehama county this year amount to \$21,910.85 as compared with \$19,260.62 last year. This is according to the figures County Treasurer E. L. Cullen has turned over to County Auditor Geo. De Shields.

THIRTEEN CAUGHT IN DRY RAID IN YREKA

YREKA, Calif., May 19.—Thirteen local men are accused of violating the eighteenth amendment, following raids conducted here by three federal prohibition enforcement agents, A. R. Shurtliff, W. Lammeister and W. R. Paget. The alleged offenders were taken before Justice of the Peace Charles E. Johnson, who set bail at \$1000 in each case.

FATHER PAYS DOUBLE BIRTH FEE FOR GIRL TWINS

SANTA ROSA, Calif., May 19.—A new arrival was expected in the family of Ray Lattin, a rancher near here.

Dr. J. Switzer was called. Said Papa Lattin: "I want a girl; if it's a boy I won't pay you a cent."

"That goes," said the physician, "but double fee if it's a girl."

They shook hands on the bargain. Papa Lattin will pay a quadruple fee. The reason for that is, twin girls arrived.

TUESDAY IS SET ASIDE TO VISIT THE QUARRY

The Ashland Granite company has designated next Tuesday afternoon, May 23, as quarry visiting day. All who are interested in watching the development of this enterprise are invited to visit the Blair quarry. Those who have no means of going are asked to leave their names with the company, either personally or by mail, a day in advance, if possible, and free transportation will be provided.

BABY LIONS AND WHITE CAMELS WITH THE CIRCUS

Some of the new features with Howe's big circus which will show in Ashland Monday, May 29, are the pair of baby lions born in winter quarters at Palo Alto, on January 10, 1922, a baby monkey, arriving at about the same time and also with just claim to citizenship; "Mizpah," a white or albino camel, heading the only troupe of camels who have been broke to perform; "Rubber," the giant elephant, largest of his kind; lions who ride horses and soar heavenward in balloons; Jules Jacot's group of forest-bred, fighting lions; Mlle. LaNova's mixed group of wild and domestic animals; Mlle. Falkenstorff's cougars, leopards and jaguars; Charles Fulton's peerless exhibition of horse accomplishment; "Maud," the only mule ever broken to do cake-walking; ball room dancing horses; Casteel's educated dogs, monkeys and goats; not forgetting the clowns, an army of them, headed by Kenneth Waite, the greatest of original producers.

MAN WITHOUT NAME IS 'TRAVELIN' ON'

To be unaware of his own name, unable to read or write and to adopt a cattle brand as his sole means of identification—that is the role portrayed by William S. Hart in his latest and most memorable Paramount picture, "Travelin' On" to be presented at the Vining theater today and tomorrow.

"J. B." is the identification disc of this man whom fate has decreed shall be a wanderer, forever travelin' on, and it has cursed him with a mistrust of everything that walks on less than four legs. And so he roams the face of the earth, caring only for himself and his pinto pony taking whatever he wants until there comes the day when he finds that the cards have been stacked against him; it is when he comes up against the power of God; a power which he cannot understand until it is shown to him through the love and trust of a beautiful woman.

Ethel Grey Terry is leading woman in this pulsing epic of the Arizona that was. Little Mary Jane Irving is in the cast.

EDISON WOULD REVOLUTIONIZE PRODUCE PRICES

URGES CONGRESS TO ESTABLISH GIGANTIC WAREHOUSE SYSTEM

Would House Farmers' Products So As to Create "Full Year Storage," Thus Enabling Producers to Hold Monopolistic Control Over Prices.

(Copyright, International News Service.)

WASHINGTON, May 19.—Thomas Edison appeared before a secret night session of the senatorial agricultural inquiry committee, and recommended the establishment by congress of a gigantic government warehouse system for solving the nationwide agricultural depression, it was learned today by the International News Service.

The plan which Edison has urged upon congress to adopt would give American farmers almost a monopolistic control over the price of their products, through the operation of a "full year" storage provision.

Edison urged the passage of the proposed legislation as "soon as possible," in order to give the farmers relief before the next crop is harvested. The proposed warehouses would be used as a basis for farm credits, under which farmers could get a fair return on their products. Edison's recommendations appealed tremendously to the senators. He was frequently interrupted during the session by his deeply interested auditors for additional facts. He specifically urged that farmers be given permission by the government to store products for a full year, if necessary, in order to insure fair returns.

This suggestion, the senators believed, would give the farmers virtual price-fixing power over their own products, inasmuch as they could wait for a favorable market in which to sell.

Although stressing the warehouse credit system as the most advantageous, Edison offered two other means of relieving agricultural depression. He approved direct financial aid by the government to farmers, and also suggested the establishment of livestock credits through federal reserve banks. Both these measures would be in addition to the warehouse credit plan.

SILVER TEA AT HOTEL A DECIDED SUCCESS

The silver tea given yesterday at the Hotel Ashland by Mrs. B. F. Leach in the interest of the Parent-Teachers association, proved a decided success.

Quite a large number of ladies turned out to attend the tea and undoubtedly others were kept away by the threatening weather.

Two delightful musical numbers were rendered, one a piano solo by Miss Florence Pratt, and the other a piano duet by the Misses Caroline Tilton and Margaret Johnson.

Mrs. Louis Dodge, who has served during the past year as president of the local Parent-Teachers association, and who attended the recent national convention at Tacoma, gave a fine report on the doings of the convention.

The Parent-Teachers feel very grateful to Mrs. Leach for her kindness in opening the hotel parlors for the benefit of their organization.

OBITUARY

Mrs. M. F. HULL
Mrs. M. F. Hull was born in Weaver, Trinity county, Calif., October 5, 1865, and died at Grants Pass, Oregon, May 12, 1922, at the age of 56 years four months and 12 days. Mrs. Hull was one of the pioneers of Oregon, having come here 50 years ago with her parents. She was a highly respected, gracious lady and her loss will be severely felt by the members of her family and her many friends.

She is survived by her husband, M. F. Hull, two sons, George Hull, of Aberdeen, Washington, and Carl Hull of San Francisco. One sister, Mrs. A. D. Helms, lives in Ashland; two brothers, George W. and Marion Lance, are at Foots Creek, Oregon.
