

# BABE RUTH'S BAN IS LIFTED TODAY PLAYS NEW YORK

By DAVIS J. WALSH  
I. N. S. Sports Editor

NEW YORK, May 20.—Saturday afternoon at the Polo Grounds promises to be a very ponderous occasion indeed, with cash customers as numerous as flies in a restaurant kitchen.

First off, it is the day when the eminent B. Ruth is released from the official displeasure of Judge Landis. Official attendance figures at the Polo Grounds to date have been a right fair indication of Ruth's popularity.

But if the event needs any further recommendation, consider the freak of schedule-jugglery which brings the St. Louis Browns to New York on the day of Ruth's return. The Browns are not only one of the leading pennant contenders, but they happen to have right and title to Kenneth Williams, and Ken is the young man who has been Ruthing them over the fence ever since the season started.

Ruth versus Williams. The king meeting what may be the heir apparent in a man to man duel. That ought to pack them in.

In fact, the reserved sections at the Polo Grounds are sold out in advance, this being not only a testimonial to Ruth as Ruth, but recognition of the fact that Williams, as a slugger, is no temporary institution. He is coming to his best just as was Ruth the first year he broke the record, and the time may not be far distant when comparisons will be taken for granted.

Of course, Williams does not hit the ball as hard as Ruth does, or did, and possibly never will. For one thing, he hasn't the physique. For another, he probably lacks the Babe's co-ordination of eye and muscle. For a third, the ball has been made less lively, and perforce the pitching is becoming better.

Yet Williams, staked to a five weeks' start, might very easily head off Ruth for the home run honors this year, and hitting them as he has been, would possibly top the Babe even up.

Even if he seriously challenged Ruth's supremacy it would be a great thing for baseball attendance. They would want to compare the two stars in action, and we can think of no types more dissimilar in style and appearance.

Everyone is familiar with Ruth's man-in-the-moon countenance, his barrel of a chest and pipestem legs. He and Williams have about as much in common there as Mrs. Asquith and Eva Tanguey.

The St. Louis outfielder is a lean, sun-bitten individual of dour, lugubrious expression and few words, at least as far as the ball field is concerned. He would make an excellent undertaker.

## JACKSON COUNTY SCHOOL DAY NEXT SATURDAY

One week from today, Saturday, May 27, will be Jackson County School Day, and all of the students of the local school are showing a great deal of interest in the one great day for the schools of Jackson county.

The program for the forenoon will be held in the Chautauqua building and will be as follows:

10 a. m.—Band concert.  
10:30 a. m.—Invocation. Music by high school orchestra. Readings by "Dick" Posey. Music, Oregon songs. Announcements by County Superintendent Homes.  
11 a. m.—Address by Dr. DuBach of O. A. C. Presentation of diplomas.

At 12 o'clock a basket dinner will be spread in Lithia park, and it is expected that between two and three thousand people will take their dinner there and enjoy an afternoon in the open. Of this number there will probably be a total of at least 1000 people from other parts of the county who will come to see the eighth grade pupils receive their diplomas and enjoy the day in Lithia park.

In the afternoon a program of outdoor sports and drills will be held in the park near the band pavilion:

1:30 p. m.—Uniform drill. Track

# "Turn to the Right" Play Really Powerful Sermon

Chautauqua Patrons Will Have Opportunity to Enjoy Greatest of American Comedies—To Be Presented on Fourth Night by the Celebrated Keighley Players of New York—Story is Clean, Wholesome and Delightful

It's a familiar sign in every city, town and hamlet in the country today. It's a danger signal that might well be applied in traveling along life's highways and byways, too. Incidentally, it's the central theme in America's greatest comedy, which, paradoxical as it may seem, is also one of America's greatest sermons. Maybe that's one reason for its tremendous popularity. It's clean, wholesome, delightful, and it's a story that gets close to everyone's heart, for it has to do with the redemption of an erring boy. Yes, "Turn to the Right" is coming to Chautauqua. It will be produced by the Keighley Broadway Players. Mr. Jim Keighley is one of the best known of all actor-producers in New York. Through his professional standing he is enabled to secure the greatest plays while they are still at the height of popularity. Dramatists and authors permit him to produce their efforts, for they know that the presentation will be standard in every way. Mr. Keighley will be remembered as the producer of the last year's Chautauqua play, "It Pays to Advertise," which made such a decided impression with the Chautauqua patrons here a year ago. Mr. Keighley has given most careful attention to the selection of a capable cast to handle the difficult roles in "Turn to the Right" and has chosen some excellent players to handle these roles.

visited over and over again by those present.  
Light refreshments of ice cream and cake were served by the hostess.  
Those present were: Mrs. Dora Hubbard, the Misses Alice Craig, Lola Coney, Bertha Smith, Mildred Carlton, Norma Williams, Myrtle Otterdahl and the Messrs. Donald Dickerson, Willard Phelan, Francis Call and Harland McWilliams.

SHANGHAI Y. M. C. A. MAN GIVES CHINESE EXPERIENCE  
J. C. Clark, a Y. M. C. A. worker, who has spent the past ten years in Shanghai, China, and only recently returned to the states for a short vacation, was in the city over Sunday, mixing with the local Y. M. C. A. workers.  
Mr. Clark is a graduate of O. A. C., having been in school there at the same time that some Ashland boys were students in the college. After graduating from college, Mr. Clark spent six years in the Y. M. C. A. before going to China.  
In the city of Shanghai, there are 5000 members of "Y," 1700 of whom are boys, and school work is given more attention than is the athletic side of life, although during the past year there has been a great increase in the number who attend the gymnasium classes.  
The organization is branching out and now has 46 places outside the "Y" building where it is giving instruction in work shops, boys' clubs, and other activities.  
The Y. M. C. A. in Shanghai, with which Mr. Clark is connected, built the first swimming pool in China, American business men furnishing the money to build the pool, and Chinese business men furnishing the money to purchase the ground. Despite the fact that the expenses of the "Y" in Shanghai run over \$100,000 annually, the place is self supporting.  
Thirty-two cities in China have Y. M. C. A. organizations, with a total membership of about 50,000, with 60 American and 360 Chinese secretaries.  
The "Y" introduced the playground into China, and now the Chinese, Japanese and Filipinos are

having an annual field and track meet.  
The attitude of the Chinese toward the United States is more friendly than toward any other nation, and they greatly appreciate the educational advantages offered them by Americans and are copying the educational system of America.  
Mr. Clark states that the winner of the recent battles in China was the most favorable man toward the republic of any of the military governors and that he personally believed that it would mean the end of the military rule for China.

JACKSON COUNTY FAIR TO BE BEST IN STATE THIS YEAR  
Three thousand is the estimated number of automobiles that will enter the gates of the Jackson county fair on each of the four days of September 13, 14, 15 and 16. A minimum of 30,000 persons is the estimated attendance.  
The reason for this large attendance is that Jackson county has not held a fair in five years, and because it will be the first fair to be held on the newly acquired ground and in the permanent fair buildings.  
Farmers and stockmen as well as producers of horticultural products, sheep and hogs are urged to make exhibits next September at what will be the biggest county fair in Oregon. The boys and girls in their club work are going to make a creditable showing and the display of works of art, sewing and cooking by the women of the county will be complete.  
Horse, automobile and motorcycle events will be featured every day, and plenty of other amusement features will be on the ground. The fair will be the cleanest one ever held, as those in charge have positively gone on record against the cheap shows and gambling devices which follow the ordinary fair.  
Measurements in thousandths of an inch are shown in easily read figures on one side of a new micrometer gauge.  
A bell is rung mechanically whenever a Tacoma inventor's door knob is turned.

A new fireless cooker utilizes the steam from a heating radiator.
