WHITES IN ARMS GUARD AGAINST BLACK UPRISING

KILLING OF NEGRO BROTHERS RESISTING ARREST MAY AROUSE REVOLT

Trouble is sequel of burning of Negroes at Stake—Whites are getting ready for attack and Dallas posse arms to rush to rescue.

KIRVIN, Texas, June 3.—Negro friends of Leroy Gibson, 19, and his brother, Allie, 24, who were shot to death by officers while trying to arrest them, are reported in open revolt against the whites. Reports persist that the negroes are arming themselves. The sheriff has received messages from Dallas and other cities saying that squads of men equipped with riot guns stood ready to be sent to Kirvin at a moment's notice, when needed by that officer.

The officers requested citizens who had rushed to the scene of the trouble, to return to their homes and places of business quietly, but they have returned and are remaining on the ground. The feeling against the blacks is intense.

The trouble is the direct result of the brutal murder of a 17-year-old school girl, for which crime three negroes have already been burned and one hanged. The officers went to the home of the Gibson brothers to arrest them late yesterday, when the negroes attacked them and the brothers were killed after a desperate fight.

While excitement here is still at fever heat, the white inhabitants this afternoon were returning to their regular occupations, although everyone is armed and in momentary expectation of an onslaught from the negroes. A number of the latter, who were reported to be gathering arms, were rounded up in a farmhouse on the edge of town last night. Notwithstanding the house was surrounded by a guard all night it was found this morning that the blacks had escaped, and reprisal is feared.

SETTLE DISPUTE OVER CRATER LAKE MANAGEMENT

Crater Lake lodge will be operated this season by the Crater Lake National Park company, composed of Portland and Medford men, with R. W. Price, an official of the company, again general manager, according to members of the company who have returned from a meeting in Portland.

The company operated the concessions last season under an agreement with Alfred L. Parkhurst, holder of the concessions, and also held option to purchase his holdings. A dispute over the terms of the option threatened to return the management to Parkhurst, but an understanding has been reached satisfactory to both parties to the option.

Mr. and Mrs. Taylor are both blessed with a host of friends who wish them a long and happy married life.

They will live at the home of the groom on Lincoln street.

The citizens military training camp, which will be opened at Camp Lewis, Wash., for young men between the ages of 17 and 25, on July 27, will accept and consider all applications received during the first part of June.

The reason for extending the time limit on applications is that the quotas for the states of Oregon and Washington, have not as yet been furnished.

JESSE WINBURN ON WAY HERE TO CELEBRATE 4TH

Mrs. Bert Moses arrived in the city Thursday evening by rail from the east and is now at her home on Scenic Drive.

Jesse Winburn, owner of "Sap-and-Salt," who has been spending the winter in New York, and Bert Moses, who left here a few weeks ago in company with his wife, for east, are traveling west by auto, being scheduled to arrive in Colorado Springs yesterday.

Mr. Winburn and Mr. Moses are taking the trip leisurely, but expect to arrive in Ashland before the Fourth of July, and it is not improbable that he will lead the Ford parade on July 3d, as well as the parade on the Fourth.

W. Judson Oldfield of the Congregational church of Ashland, will be the speakers. The meetings during the past season have proved very interesting and helpful from an educational standpoint and the social feature has been very enjoyable. They have been well attended and it is hoped that a large number will avail themselves of the chance at this time to pass a pleasant day socially.

Interested laymen, as well as all ministers will be welcomed. The hour for opening the meeting is 10:30. At 12 adjournment will be made for luncheon together, and at 1:30 the afternoon session will open.

Makes Business Visit—

Judge W. J. Moore, a well known Ashland lawyer, was transacting legal business in the county seat yesterday. The judge knows how to sympathize with country newspaper editors, as he was for some time himself editor of a paper at Lakeview some years ago.—Jacksonville Post.

A sport, all their own, has been developed by miners at Tonopah, Nev. It is a rock drilling contest and the winner is the man who can drill the most holes in a piece of granite in a given length of time. The contest draws as much attention as do baseball games and boxing matches in other parts of the country.

FAVOR AWARD OF MUSCLE SHOALS LEASE TO FORD

MILITARY COMMITTEE VOTES FAVORABLY ON LEASE OF BIG PROJECT

Big Business Representatives Get Hard Jolt When Committee Announces Recommendation in Favor of Accepting Ford's Offer.

WASHINGTON, June 3.—The house military affairs committee today voted to recommend to the house favorable action on Henry Ford's offer to lease the government's great nitrate plant and water power project at Muscle Shoals. The announcement came like a thunder clap out of a clear sky to the representatives of big business who have swarmed about the capitol since the military committee took up consideration of Ford's offer. It was felt certain yesterday the committee report would emasculate the agreement submitted by Ford to such an extent as would make acceptance on his part a practical impossibility. This feeling was accentuated when it was given out that the committee proposed to eliminate the water power clause of the contract, and when Ford's letter was made public, he would not consider the matter at all if the water power clause was excluded from the contract, it was felt that the Muscle Shoals project was doomed in so far as Henry Ford's operation of it was concerned.

In Ashland's Auto Camp

Twenty-five cars rolled into camp last evening, the largest number reaching the ground any single day so far this season. Occasionally a former resident of Ashland turns up, glad to get back to the land of the palm and the pine. Among those arriving yesterday were Mr. and Mrs. George Kincaid, who having drunk of the waters of Ashland creek in other days were drawn hither again to refresh their souls after a two years' sojourn in arid California. They will remain several days and in the mean time will be "at home" to their many friends in the auto camp.

PLANE DROPS IN ENGLISH CHANNEL TWO DROWNED

FOLKESTONE, England, June 3.—A London-Paris passenger airplane fell into the English channel off this port today. Later it was reported that a steamship bound for Boulogne had picked up two bodies. It is believed the machine is one which left the Croydon aerodrome at 10:30 o'clock this morning. This plane was piloted by Aviator Morin and carried two passengers.

FOURTEEN-YEAR-OLD BOY RUNS AWAY FROM HOME

Fayme Wilcox, 14-year-old son of Mr. and Mrs. Charles Wilcox of Nutley street, left for parts unknown Wednesday evening and was last seen at Siskiyou, aboard a south-bound freight train.

PARK SUPT. SMITH RESIGNS PLACE AS CUSTODIAN

T. F. Smith, who has been superintendent of the Ashland parks for the past several years, resigned his position, effective today.

Mr. Smith has not been in good health for several months and has not been able to leave his home for the last several weeks. He therefore thought it best to resign and let some other man take charge who was physically able to see that the proper work was done and the parks not allowed to lose any of their exceptional beauty, for which he has been personally responsible in the past.

Mr. Smith expects to continue his residence in Ashland for the present, having made no plans for leaving at this time.

Harris Dean has been chosen by the park board to take the place of Mr. Smith, and will undoubtedly prove to be as good a superintendent as the former official.

HARDING WIELDS BIG STICK ON SHIP SUBSIDY BILL

WASHINGTON, June 3.—President Harding called the republican house leaders into conference today and told them the ship subsidy bill must be passed at the present session of congress. The leaders promised to get the bill reported from the merchant marine committee within ten days and make every effort to jam it through the house. They told the president, however, there was considerable opposition to the bill, and it would be a difficult job to get the measure passed.

DISCONTINUE CLOSED POUCH TO PORTLAND

The closed pouch service on train 16 for first class mail from Ashland to Portland and points north has been discontinued, effective today. The service will not be re-established until the Ashland-Klamath Falls stage line star route service ceases its schedule next fall. This means that Ashland patrons who wish to get their mail into Portland the next morning must make sure to get it to the post office in time for train 54, as there is no further service to Portland until train 12 the following morning, which gets into Portland too late for any delivery that evening.

During the winter months, when the Ashland-Klamath Falls stage does not operate, Klamath Falls has service into Portland over train 16 by way of Weed, but when the Portland service for Klamath Falls is discontinued by reason of the advanced service to Portland by way of the stage route which gets the Klamath Falls mail on train 54, the service on train 16 is removed entirely, and Ashland, Medford and Grants Pass suffer for the lack of a mail train which would give them service into Portland for all mail up to closing time for their stores.

FORD 'EN FOURTH CELEBRATION IS LAUNCHED HERE

NOVEL PARADE OF FLIVERS PLANNED FOR FORD DAY JULY 3

Besides the Prize of a Touring Car, Merchants Will Award \$1000 in Other Prizes for Those Taking Part in Flivver Parade.

Ashland merchants announce today that beginning Monday the active campaign will be under way for the two big celebrations—"Ford 'en Fourth." Ford day, while strictly speaking, planned as a commercial holiday, will have so many entertaining features that the Fourth of July program will be hard pushed to provide features to surpass those the merchants will offer on July 3d as a prelude. It is the general idea to have visitors make a week-end visit to Ashland, spending Saturday, Sunday, Monday and Tuesday in this city. It is promised there will be something doing every minute.

The Ford parade will be something unique, and not only are the merchants offering a grand prize of a Ford touring car, but there will be other prizes awarded aggregating in value more than \$1000. Everything in the shape of a "tin lizzie" is eligible for entry in the parade. None too old and none too new. It is expected that the first flivver ever operated in this state will be seen in the procession, which it is confidently believed will be the most novel and startling aggregation ever brought together since people began to talk of sending the horse into the discard.

As announced in the advertisement on the back page, the merchants will begin giving out tickets with purchases made on Monday and on every day thereafter until July 3d. Every ticket will entitle the holder to a chance on getting a 1922 model Ford and the more tickets you have the greater your chances of being the holder of the lucky number.

ICE CAVES RESORT OPENS TODAY IN MODOC LAVA BEDS

A new resort, at the entrance to an unique scenic region in the Modoc lava beds, was opened today, when the Bearfoot Ice Caves colony established by C. G. Merrill, received its first visitors.

There is cottage and tent accommodations for about 40 people at present, with a dining room in connection. There is a large dancing platform, and a feature of the opening will be a big dance tonight.

A four-piece orchestra will furnish music for the dance, and at intervals tomorrow, a chicken dinner will be served at noon Sunday, and in the afternoon all who wish will have opportunity to explore the far-famed caves of the region under direction of skilled guides.

After the business session the program was begun by a musical number by Gerald Headley and a duet by Vera and Mrs. Champie. Others on the program, following prayer by Mrs. Morrison, were Mesdames William Rice, Ruby Harvey, J. V. Wright, L. Hedrick, and Mrs. Dr. Buchanan. The program was followed by refreshments served by Mrs. John Cochran and Miss Benedict.
