**POPULAR STAR VINS ALL HEARTS TO HER**

**Anita Stewart More Vivacious Than Ever in "A Question of Honor"**

Never has Anita Stewart seemed more beautiful, more vivacious or more captivating than in her latest First National attraction, "A Question of Honor." The story, laid for the most part in the wooded and mountainous country of the northwest, presents her as a delightful hoyden who falls in love with a young engineer.

The romance leads her into contact with a plot which she upsets by a single handed raid so daring and so spectacular that only deep love for the intended victim could have supplied the courageous spirit of the act. The star role of Anne Wilnot is both attractive and dramatic and offers Miss Stewart in what is probably the greatest triumph of her entire screen career.

Seldom does a story combine romance, adventure and drama in such an exciting and yet smoothly running tale as is the case with "A Question of Honor." The incidents are well balanced, the love theme is both fascinating and consistent, and the thrills are so distributed through the picture as to keep suspense at a high pitch and yet not detract from the force of the climax. "A Question of Honor" will be presented at the Vining tomorrow and Saturday.

**CITY COUNCIL PASSES ON SEVERAL ORDINANCES**

The city council met in regular session Tuesday evening, with Councilmen Shinn and Pierce absent. Several ordinances came up for consideration and were disposed of.

An ordinance prohibiting the sale or giving away of liquor was strengthened by adding some necessary words and will make the drawing up of a complaint less intricate than it has been heretofore.

The ordinance in regard to the selling and exploding of firecrackers in the city limit was repealed, which leaves the city law the same as the state law in this connection.

A special ordinance was brought before the council, placing a special license on jitney busses during the celebration on the third and fourth of July. Upon the council tying on the vote on this measure, the mayor exercised his right to vote and defeated the ordinance.

An ordinance to grant concessions for temporary businesses and amusements in the park and other parts of the city during the celebration, was taken up and passed.

An ordinance was passed to renew the present rights as they now exist between the Southern Pacific company and the city regarding certain water and light privileges.

A new parking ordinance was considered and passed. This makes a radical change in parking on all the paved streets of the city. The new ruling provides that all cars shall back to the curb instead of driving in forward, and that when standing with the rear wheel against the curb the right front wheels must not be further than five feet nor nearer than three to the curb. No light are required on machines where parked near a street light, but they must display lights when parked in dark areas.

Another item of interest was a petition which was presented, asking that a boxing commission be appointed for the city of Ashland. The mayor presented the names of H. K. Tomlinson, P. K. Hammond, I. E. Vining, L. F. Ferguson and A. C. Ninninger to the council for members of such a board. They were confirmed by the council with Mr. Ninninger as chairman.

Various other minor matters were taken up and disposed of during the session.

**LEGION DRIVE ON FOR BIGGER MEMBERSHIP**

The preamble of the American Legion's constitution states that is dedicated to God and Country. The Legion, during its career of only three years, has demonstrated that it is the best insurance policy the nation has.

Our post appeals to all eligible ex-service men in this community to join the Legion and to aid our fight for Americanism. The blue and gold button of the American Legion marks its wearer as one who has not thrown down his patriotism with his uniform. It means that he has not "passed the buck" to someone else to see that the sick and disabled buddies get justice, and to fulfill all those things that he desired to result from the war.

Every man in the service hoped for better things after the war. More than two million doughboys, gobs and gyrenes realized that it was going to be a fight to bring to pass all the things that they had dreamed of. The result of this prevailing sentiment was the formation

of the American Legion. Legion members are from every branch in the service, from those who were forced to remain at home to men who won the congressional medal at Chateau Thierry and in the Argonne. It includes all ranks from private to general.

Our Legion post can be the most beneficial organization in this community. Its purposes are high; its deals are untarnished. It deserves your support and the membership of every war veteran. Join Ashland Post No. 14 of the American Legion and make it the best post in the state.

GEO. EDWIN DUNN, Commander Ashland Post No. 14, American Legion.

**WILL NOT FAVOR NEW PARTY**

CINCINNATI, O., June 22.—An attempt to stampede the annual convention of the Federation of Labor into favoring the formation of a new political party was effectively squelched by a decisive vote against the measure today. Max Hayes, former president of the typographical union, backed the appeal for a new party.

The convention assailed all the branches of the government and threatened a revolution by labor, "if the government continues to stop progressive evolution."

Independence mine, Granite river district, will re-open.

**PARENT TEACHERS TO GET SHARE OF THEATRE TICKETS**

"Little Lord Fountelroy," starring Mary Pickford, is coming to the Vining theatre next Tuesday, Wednesday and Thursday, and the management of the theatre has consented to give the Parent-Teachers association a percentage on all tickets that are sold through the organization. As a result of this arrangement, the members of the Parent-Teachers body are planning a campaign to sell tickets, commencing tomorrow forenoon.

Children will solicit the residential section and the women of the association will call on the people in the business district. Adult admission tickets will be sold for 55 cents, and children's tickets for 25 cents. A number of people have inquired why the admission for children is so high. The explanation is made that the owners of the film refuse to allow any admission to be sold for this picture for less than 25 cents.

Money received from this source will be used by the association to make up the deficit that exists in connection with the expenses of a local delegate to the national convention at Tacoma last month, and in installing additional equipment at the children's playground in Lithia park.

Anyone desiring to help the cause who is not solicited to buy a ticket, will confer a favor by calling up either of the following ladies, who will see that this oversight is remedied: Mesdames George Rose, A.
