**MARRIAGE**

Time was, they say, when marriages Were made in Heaven above, When we had a sort of feeling That we diagnosed as love; And the "high contracting parties" Gazed into each other's eyes And vowed their inward spasms Were recorded in the skies.

And, somehow, men did manage through a long and busy life to look across the table at just one familiar wife; but since our sacred marriage laws with free divorce are tainted, we don't stay married long enough to even get acquainted.

Just watch the average marriage as it's put across today—mamma dolls her little flapper up and sends her out to play. She tips a saucy little wink at gay old Money Bags, and he grins and smirks and cackles and struts around and brags, and says he's such a sly old dog, they can't resist his wiles, but soon he's eating from her hand and lapping up her smiles. She knows she has him washed and rinsed and hung outside to dry; she was bound to get his "nanny," or she'd know the reason why.

See them standing at the altar, Youth and old senility, With a giddy world applauding Such a hideous travesty; 'Both are cheated at the bargain, Neither stopped to count the cost, And they take the vows unheeding— For they have their fingers crossed.

Steady, light, alert, power to spare, economical of operation. Watch a Fordson Tractor in action and you will wonder how those apparently contradictory qualities of strength, lightness, power and speed could ever be combined in one unit.

The Fordson's speed is available for hauling heavy loads for long distances. Its power is available for dragging plows or disc-harrows through the heaviest soil or for running the cutting-box, grinder or threshing machine.

We take pride in handling such a compact, portable power plant.

We are equipped with every facility for giving quick service for the Fordson.
