VOTE ON RECALL ONLY 50 PERCENT REGISTRATION

BOTH TERRILL AND LOWE ADHERENTS ARE CLAIMING VICTORY

Indications Are That Ashland Will Give a Majority for Lowe, But the Vote in the Rest of the County Expected to be Close.

At 3 o'clock this afternoon there was every indication that in Ashland about 50 per cent of the registered voters would go to the polls. It is deduced from this that Terrill will be defeated insofar as the Ashland vote can accomplish that purpose. Those most in evidence in the vicinity of the polling places were known adherents of the recall, while the supporters of the sheriff were conspicuous by their absence. In all precincts it is noticeable that quite a number of votes are being sworn in, and in most instances these were vouched for by those in sympathy with the recall.

Throughout the rest of the county the vote, as near as can be ascertained, is correspondingly light, although there appears to be no indication of a landslide in either direction.

At 2 o'clock the number who had voted in the various precincts in Ashland were as follows:

Junior high school, North Main street—55 votes cast out of 278 registered.

North precinct, Smith & Wicks—55 votes cast out of 235 registered.

West Central, Granite and North Main—52 votes cast out of 230 registered.

West precinct, city hall—42 votes cast out of 188 registered.

Oak street precinct, Whittle's—41 votes cast out of 243 registered.

South precinct, library—59 votes cast out of 327 registered.

Fourth street precinct—30 votes cast out of 224 registered.

In Medford, Jacksonville, Central Point and Eagle Point, the vote is estimated at about 50 per cent of the registration. Both sides are making deductions in their own favor from the fact that the voting is heavier than it was at the primary. While in Ashland, the staunchest supporters of Terrill are working hard to get out the vote, their activities are by no means equalled by the efforts in other parts of the county. In Jacksonville, the vote at noon was far in excess of that cast at the primary, and the Terrill adherents were claiming that the sheriff was being supported at a ratio of three to one. In Central Point, however, practically the same claims are being made for Lowe. In Medford it is thought that 60 per cent of the registered vote will be cast, and both sides are claiming victory.

AUTO PARTY NEARLY PERISH IN DEATH VALLEY

TONOPAH, Nev., July 29.—With their automobile stalled in one of the worst desert spots in southwestern Nevada, four California boys, ranging in age from 14 to 21, narrowly escaped death in the waste of burning sands, a few miles from Silver Lake. One of the boys managed to reach Silver Lake, and when rescuers found the others, the youngest was lying unconscious in the sand.

The elder boys walked 18 miles for aid, the last eight miles without water. They had attempted to drive a car from Los Angeles to Tonopah without realizing the dangers attending a trip across the desert in the summer.

A few days earlier a party of motorists, consisting of a father, mother and daughter, were found nearly dead of heat and exposure in an old cabin by a party of railroad men, near Silver Lake. The driver had wandered from the road and lost his way in the shifting sands. That day the mercury rose to 123 degrees at Death Valley Junction.

FREE STATERS WILL NOT GRANT AN ARMISTICE

DUBLIN, July 29.—Proposals for an armistice forwarded by the irregulars have been rejected by the Free Staters, saying, "There must be no peace by compromise," as such might lead to future warfare.

NEAR CENTENARIAN FIGHTS 14 YEARS FOR HOMESTEAD

YREKA, Calif., July 29.—Forty years ago, William Gott, 91 years old, of Gottville, Siskiyou county, applied to the land department for a patent to his homestead. After all these years of red-tape the matter has resolved itself to a point where, if there are not any more hitches, Gott can prove up and get the necessary patent to his property.

The trouble all comes about for the very reason that several surveys, official ones by the government, have been made, but not in a single instance did the four corners of the section homestead agree.

FORTUNE IS LEFT FOR RELIEF OF DOWN AND OUTS

NEW YORK, July 29.—Samuel Clark Williams, of 1250 Bushwick avenue, Brooklyn, left the bulk of an estate, estimated to be from \$200,000 to \$1,000,000 to the Salvation Army, for the relief of worthy aged persons and "down and outs." This is according to the will filed for probate in the surrogate's court, Brooklyn, recently.

CATHOLIC PRIEST KNOCKED DOWN BY RUNAWAY HORSE

Father Conaty was knocked down by a runaway horse this morning at 11:45 o'clock, while he was walking along the sidewalk near the Nelda cafe. He received some very severe bruises and was considerably shaken up as the result of the fall. He was taken to the office of Dr. E. A. Woods, where it was found that he had struck his head, shoulder and one knee in the fall, all being badly bruised. After having the wounds dressed and resting for a while, he was taken to his home in a car. It is thought he will be able to be about as usual in a few days.

The horse was one of two saddle animals tied to a metal bicycle rack in front of the Eastern Supply company store. The spirited animals were bothered by flies, and one of them jerked its head and pulled the rack off the sidewalk, and before anyone could reach them, they were running down the street. They ran past the Ashland-Medford bus which was preparing to stop at the East Side pharmacy and were crowded towards the sidewalk. Here they ran into a car standing there, one horse going on each side of the machine. The horse on the street side broke loose from the rack and fell down when the bridle rein broke. The other horse ran by the car and onto the sidewalk, taking the bicycle rack with him. On account of cars parked along the walk, he was unable to get back to the street until after he had run down the priest. He kicked himself loose from the rack at this point and was caught by people close by. The horse received several scratches and two bad cuts, which a veterinary was called to attend.

TERMS PROPOSED ON WHICH STRIKE MAY BE SETTLED

PRESIDENT'S PEACE PLAN TO PROTECT RAIL STRIKERS' SENIORITY

Must Accept Wage Scale Fixed by Labor Board Pending a Rehearing Of the Claims of Both Sides in the Controversy.

CHICAGO, July 29.—Two men were shot at, another kidnapped and a fourth beaten yesterday in disturbances attributed to the shopenmen's strike. The shooting occurred at the Burnside shops of the Illinois Central railroad.

Whiteford R. Cole, president of the Nashville, Chattanooga & St. Louis railroad, announced that he would not restore the seniority rights of the striking shopenmen.

President Harding's peace program, designed to end the rail strike, is outlined as follows:

First—The strikers are to return to work at reduced wages, pending a rehearing of the case.

Second—They will return to work with their seniority unimpaired.

Third—The demand for a national adjustment board will be left open for future discussion.

Fourth—Working rules, modified by the labor board—such as time and half for overtime, to be made the subject for an early rehearing.

Fifth—A settlement to be based on a national agreement and not an individual or regional one.

Back of the whole program lies the understanding, arrived at in previous White House conferences, that both sides hereafter shall live up to the decisions of the labor board.

GRAND JURY ADJOURNS UNTIL TUESDAY AUG. 1

The special grand jury sitting in Medford did not function today, owing to the fact that one of its members is a Seventh-Day Adventist and could not serve on account of religious scruples.

It is thought now that the work of the inquisitors will be finished by Monday night, and that the findings will be made known Tuesday. It is a matter of common report that not less than 20 indictments will be handed down, and that the list includes residents of various parts of the county.

The case of Arthur Burr, the Jacksonville negro, was scheduled to have been taken up yesterday afternoon, and it was expected that he would be brought from Modesto, Calif., to testify. He failed to materialize, however. Tom Ward, head of the department of justice forces, is said to have gone after him, and it is expected that he will be brought to Medford sometime on Monday.

COLUMBIA PARK BOYS' BAND TO APPEAR AT THE VINING

The Columbia Park boys' band, of San Francisco, will appear at the Vining theatre tonight, and give a concert.

The band is composed of 50 members, and some of them appeared on the streets this afternoon, playing a number of selections to the delight of the people on the streets.

The boys have been making a tour of the northwest, in cars, and had heard of the wonderful bathing facilities in Ashland and included the city in their itinerary. They will be in Ashland overnight, after which they will start on their journey to their home.

LITHIA BAKERY BOUGHT BY CALIFORNIA MAN

The Lithia bakery has again changed hands, the new owner being A. Bartoletti, of San Francisco. Mr. Bartoletti is a baker by trade, having been in the business for over 15 years, and is a specialist with both cakes and bread.

It is his intention to carry a larger line of cakes than has been the custom of this bakery in the past, and to improve on the bread, buns, etc.

EMPEROR VISITS FRANCE

M. Sarraut, French minister of colonies, and the emperor of Annam, snapped as the monarch left the boat at Marseilles. The two proceeded together to Paris where the ruler was given a princely greeting. The emperor heads the district sometimes known as Cochon China. He was accompanied by his young son.

MEDFORD MAN MAY HEAD THE AMERICAN LEGION

THE DALLES, Or., July 29.—With the election of officers for the ensuing year billed for the final day's program of the fourth annual convention of the Oregon state department of the American Legion, here today, speculation is rife as to state commander candidate possibilities.

Two Legionnaires, George R. Wilbur of Hood River, and George A. Coddling of Medford, loom on the horizon as the only ones receiving any consideration openly, and the possibility of a last-minute dark horse, while possible, is not probable, unless some unforeseen happening takes place between now and time for nominations.

HENRY FORD LAUNCHES NEW GLASS FACTORY

DETROIT, July 29.—Henry Ford has launched upon a new enterprise—that of glass making.

The manufacturer has established here and began to operate a plant that will produce glass for automobile windshields. It is to be the first plant in the country designed especially for making of the windshields.

PREFERS WHITNEY AS HER MATE TO HIS DOLLARS

NEW YORK, July 29.—Declaring she wanted Baron James Henri De Rothschild for a husband more than the half million dollars for which she sued him, Mlle. Marie Porquet, beautiful Parisienne, waltzed across the Atlantic today in pursuit of Rothschild. According to Mlle. Porquet's counsel, who filed the half million dollar breach of promise suit for her against the son of Europe's Croesus, the girl slipped out of the country without their knowledge.

PEACE IN COAL STRIKE IS NEAR SAY OPERATORS

JOINT CONFERENCE TO BE HELD ON WHICH HOPES ARE PINNED

There Has Been No Response to the President's Request for Coal Production in the Strongly Organized Districts.

WASHINGTON, July 29.—There is no indication of any increased coal production in response to President Harding's invitation to re-open the mines in strongly organized districts, the government survey announced today.

Prominent operators at Cleveland say that peace is near at hand. Within a short time, possibly next week, at a joint conference representing a majority of the tonnage and a majority of the central competitive fields, will meet the miners' scale committee in an effort to arrange a basis of settlement.

It is now generally admitted that the only means of averting a coal famine is to make an agreement satisfactory to the organized miners.

RUSSIA SOVIET IS FLIRTING WITH JAPAN AND CHINA

BERLIN, July 29.—That negotiations are progressing for a separate Russo-Japanese treaty is strongly indicated by Litvinoff, the soviet trade and diplomatic representative. He refused to discuss the program, declaring, however, that important conferences are progressing, not only between Moscow and Tokio, but also between the soviet capital and Peking.

SHIPS WARNED THEY MUST CONSERVE COAL

WASHINGTON, July 29.—In order to conserve the scanty supply of coal in the United States, the government has requested that the shipping companies bunker their vessels from American ports only to the next port of sail.

After August 5, the ships sailing from foreign ports will be requested to bunker sufficient supplies for the return voyage. Canada has been advised she should look elsewhere for coal during the emergency.

Klamath Falls has big paving and sidewalk program.

BRITISH STEAMER SINKING OFF CAPE VERDE

LONDON, July 29.—The British steamer County Carmarthen bound for Key West, is sinking off the Cape Verde Islands, according to Lloyd's advices. Help is in sight, and the crew may be taken off.

CHARGES CUNHA TAMPERED WITH MOONEY JURY

SAN FRANCISCO, July 29.—A new sensation in the Mooney case was sprung when Mrs. Carrie McNevin, suing her husband, William C. McNevin, for divorce, filed an affidavit wherein she charges that Assistant District Attorney Edward Cunha, one of the prosecutors in the bomb cases, in which Thomas Mooney was convicted of complicity in the Preparedness day bombings in 1916, held a night conference during the trial with McNevin, foreman of the jury.

It is alleged they discussed the testimony and its effect on the jury, and later McNevin boasted of his influence on the jury.

DRIVEN FROM HOME BY CLOUDBURST NEAR DENVER

DENVER, July 29.—A cloudburst originating in Parker, Colo., swelled Cherry creek running through the heart of Denver. It washed out several bridges, flooded several blocks and drove scores of families from their homes at Globeville.

Several hundred motorists were marooned at Pierce on the return trip from the Cheyenne Frontier celebration.

CHICAGO CAR STRIKE SEEMS NOW CERTAIN

CHICAGO, July 29.—The strike on the street car and elevated lines appeared inevitable today when the conference of union and company officials broke up in complete disagreement.

AMNESIA VICTIM CANNOT RECALL HIS OWN FAMILY

FORMER RESIDENT OF ASHLAND NOW HOTEL CLERK, HAS LOST IDENTITY

Harry Benton Cannot Recall His Own Name Nor Remember His Wife, Two Daughters and Son—Was Located by Friends Here.

CHICO, Calif., July 29.—Remembering only his name and forgetting all other evidences of his past life, including his wife and three children, Harry Benton, clerk in a local hotel, presents what physicians declare to be an unusual case of pronounced effects of amnesia. For Benton's mind, in spite of every willingness on his part to regain his old self, refuses to link up the present with the past and reveal what is now hidden behind the black clouds of forgetfulness.

City Marshal J. W. Peck has a letter from Chief of Police August Vollmer, of Berkeley, informing him that Benton is really from the university town, where his wife is a school teacher. There are two daughters besides the son at present working in Woodland.

Benton came here following the recent Northern California roundup, for which organization he acted as publicity man. Two years ago he lived in Ashland, Or., and it was through acquaintances there that his Berkeley friends learned of his presence in Chico.

BLIMP COMPLETES RECORD FLIGHT OF 1100 MILES

BELLEVILLE, Ill., July 29.—The longest flight ever attempted by the army lighter-than-air service was completed yesterday when dirigible balloon A-4 arrived at Scott Field, near here.

The blimp arrived from Langley Field, Va., a distance of approximately 1100 miles in 40 hours and 40 minutes of actual flying time. Two stops were made.

U. S. DEMANDS PUNISHMENT OF CUBAN KIDNAPPERS

WASHINGTON, July 29.—The American delegation has demanded from the Cuban government that the kidnapers of Eugene Jova, acting American consul at Sagua Lagrange, be apprehended and punished, according to official advices received by the state department today.

DEVALERA REPORTED ON WAY TO THIS COUNTRY

NEW YORK, July 29.—There is a well-defined report in circulation that Eamon DeValera has left Ireland and is on his way to the United States.

SISKIYOU FOREST FIRE IS GOTTEN UNDER CONTROL

WEED, Calif., July 29.—The fire which has been raging about six miles northwest of Weed on the slope of Mount Eddy is finally under control.

The high wind which prevailed for several days, made fighting the fire a very difficult matter. About 40 men were employed in the work and considerable expense was incurred before the fire ceased to be a menace.

NINETEEN GRADUATE FROM SHASTA SUMMER NORMAL

MT. SHASTA, Calif., July 29.—The 1922 summer session of the Chico state teachers college came to a close last evening when 19 students from northern California, received their diplomas of graduation.

WOOL MEN SUCCEED IN GETTING PROTECTIVE TARIFF

WASHINGTON, July 29.—Compensatory and protective duties on wool fabrics has been passed by the senate; also a compensatory duty of 45 cents on cut or uncut wool pile fabrics.
