

ASHLAND DAILY TIDINGS

(International News Wire Service)

ASHLAND, OREGON, MONDAY, JULY 31, 1922

No. 280

ASHLAND CLIMATE, without the aid of medicine, cures nine cases out of ten of asthma. This is a proven fact.

MALARIA GERMS cannot survive three months in the rich ozone at Ashland. The pure domestic water helps.

VOLUME 3 (Successor to the Semi-Weekly Tidings, Vol. 43)

TERRILL WINS OUT DEFEATS RECALL BY 305 VOTES

ASHLAND'S MAJORITY AGAINST SHERIFF OFFSET BY VOTE OF COUNTY

Returns from All Precincts Will Not Be Officially Declared Until Wednesday, But Majority for Terrill Is Admittedly Decisive.

TOTAL VOTE CAST
Sheriff C. E. Terrill.....2943
D. M. Lowe.....2638
Majority for Terrill.....305

The recall of Sheriff C. E. Terrill has been decidedly defeated, the returns showing a majority in his favor of 305 votes. The result evidenced peculiar conditions, with Medford lined up solidly against Ashland—the latter giving a majority of 421 for the recall and the former registering a majority of 405 against it.

It was the most bitterly fought election known in this county for many years. In this city 974 votes were cast, and in Medford 1181, nearly double the vote cast at the recent primaries. To a large extent the same conditions obtained throughout the rest of the county, although the causes contributing to the general result were different according to localities. In this city the battle was fought out on a straight "wet" and "dry" issue, while in Medford the fight raged around the Ku Klux Klan.

Following is the complete Ashland vote by precincts for Lowe and Terrill in the recall election Saturday:

Precinct	Lowe	Terrill
Southeast Ashland	108	26
Boulevard Ashland	132	18
East Ashland	63	16
Oak Ashland	60	45
East Central Ashland	55	44
West Central Ashland	33	40
North Ashland	70	27
Northwest Ashland	106	40
Total	677	256

The total registration in Ashland is about 1975, but there were only 974 votes cast at the election. Apparently there were only 10 or 12 ballots that were thrown out as the result of being mutilated or marked unlawfully.

Lowe received 677 votes in the city, and there were 689 votes cast in favor of the recall, while Terrill received 256 votes, and 272 ballots were cast against the recall.

Medford gave Terrill a majority of 309 over Lowe, the vote being: Lowe.....872
Terrill.....1181

Central Point gave Lowe a majority of 102, Lowe receiving 188 to Terrill's 86 votes.

Talent, the old home town of Lowe, gave Terrill a majority of 9, the vote standing 99 for Lowe and 108 for Terrill.

Following is the complete vote in the other precincts of the county:

Precinct	Lowe	Terrill
Barron	7	14
Union	22	47
Watkins	17	21
Butte Falls	9	31
Derby	4	7
Mound	34	49
Willow Springs	19	28
Perdue	19	16
West Ashland	21	19
Bellevue	30	14
Orchard Home	32	30
Eagle Point	35	149
N. Jacksonville	35	111
S. Jacksonville	15	135
Griffin Creek	31	30
Prospect	32	20
Phoenix	59	150
Roxy Ann	55	95
Lake Creek	8	74
Climax	2	12
Trail	20	17
Gold Hill	61	60
Foots Creek	6	24
Applegate	22	33
Sterling	—	27

LONE PINE MINE TO BE WORKED BY MEDFORD MEN

GOLD HILL, July 31.—The old five-stamp quartz mills used for custom work some years ago just east of Gold Hill, has been sold to C. C. Clark and associates of Medford, and the new owners are moving it to the Applegate district to be rebuilt on the Lone Pine quartz gold mine, recently purchased from G. L. Haft of Gold Hill.

WOMEN'S GYM AND ART COLLECTION BURN AT U. OF O.

EUGENE, Or., July 31.—Fanned by a brisk wind, fire on the University of Oregon campus Saturday afternoon destroyed the women's gymnasium building, now housing part of the art department, and the annex adjoining, in which the school of journalism and the infirmary are located.

The blaze also damaged the residence of Dean Sheldon. The total damage to college structures is estimated by President Campbell at nearly \$60,000.

This loss does not include the valuable Fairbanks art collection, that was housed in the gymnasium. This collection, consisting mainly of sculptured work, was destroyed. It was the property of Avard Fairbanks, professor of sculpture at the university.

FAMILY AWAKE TO FIND HOME GOING INTO DITCH

WENATCHEE, Wash., July 31.—George F. Hauber and family, of Peshastin, woke up yesterday morning to find that their house and the land surrounding it were steadily moving down the hill toward an embankment 300 or 300 feet high. Hauber had built a summer cottage on the hill above his place at Peshastin. The house was below the spring. The water slowly penetrated the subsoil, eventually saturating it. Then the house slid for a distance of 50 feet and lodged in an irrigation ditch which prevented it from going over the embankment. This morning the family was busy getting out the household goods.

HALL-OLCOTT RECOUNT BEGAN IN SALEM TODAY

SALEM, Or., July 31.—Judges Bingham and Kelly, sitting en banc today, allowed the Hall forces to extend the recount into Baker, Klamath, Sherman and Wasco counties.

The court denied the application that the entire vote in seven Marion county precincts be thrown out due to Hall's allegation that the overwhelming Olcott vote there was due to influence on the part of Catholic clergymen and other church officials.

SALEM, Or., July 31.—Today the eyes of all Oregon are on this city, where, if the best laid plans of attorneys and judges materialize, the primary election contest, instituted by R. R. Coster in behalf of Charles Hall, will get formally under way.

Due to the fact that the case is not appealable—that the rulings of Judges George Bingham and Percy Kelly of the Marion county circuit court are final—virtually all details concerning the case after it has left Marion county depends on stipulations to be made between attorneys for Governor Olcott and Senator Hall. Should the attorneys so agree it is possible that the two jurists may conduct the case in counties other than Marion. Otherwise, under the law, it necessarily will be fought out in the local courthouse.

A want ad will sell it.

Brighton Beach Girls Playing Water Baseball

Water baseball is the latest game among the beauties who flock to Brighton Beach, New York's popular seaside resort. The game is fashioned after the national pastime, but played in slightly different manner. Home plate is anchored in a rowboat or on a raft, where the catcher and batter stand. The various bases are marked off with flags. The pitcher trends water while delivering the ball.

PARTY OF FOUR CAUGHT UNDER CAR NEAR GOLD HILL

GOLD HILL, Or., July 31.—Dr. H. E. Burmaster, his wife and daughter and Paul Schillerstrom, of North Bend, Or., were badly cut and bruised late Saturday when their auto turned over and pinned them beneath it in the soft mud of the irrigation ditch on the Pacific highway just south of Gold Hill.

The accident occurred just opposite the Gold Hill auto camp. A number of campers rushed to their rescue and saved several of the party from drowning and smothering. The doctor was driving the auto. The steering gear went wrong, and the car turned over three times.

WOBBLES PLAN ONSLAUGHT ON KLAMATH JAIL

KLAMATH FALLS, July 31.—"One hundred footloose rebels" are wanted by the I. W. W. to rescue "five fellow workers who have fallen into the net of the timber barons of Klamath Falls." This is the plea set forth in the "Industrial Worker" the I. W. W. newspaper printed in Seattle, a copy of which reached this city.

The writer says their members are "laughing" in jail here with little chance to get a trial before October. He appeals to the "manhood of his brethren," asking "or are we afraid that someone might slap us on the wrist?" The jail guards are scored for their "brutality" and for their "bestial action" in manhandling the prisoners.

The article continues with this appeal: "The fellow workers are holding the fort bravely. Are we coming? If we are not, shame upon us!"

"There is no use of less than 100 men going there. Are there 100 footloose rebels left in this northwest who have any real manhood, or are we all afraid that someone might slap us on the wrist?"

"The writer is ready to take a leave of absence from his job and be the one to open the dance."

"If you are a man and mean business and can be ready for action by about August 8th, write to the stationary delegate, Box 421, Tacoma, Wash., but do not write unless you can be depended upon."

THREE STATES TO HOLD PRIMARIES TOMORROW

KANSAS CITY, Mo., July 31.—The southwest temporarily neglected agriculture ties the week to give its attention to politics. Missouri, Kansas and Oklahoma will vote tomorrow on issues involving national policies of the democratic party, the future of the Kansas industrial court and many state issues. The most important state political situation in years exists in Missouri, where voters will be asked for a vote of confidence on Senator James A. Reed, who is opposed by the Wilsonian democrats.

INDICTMENTS BY GRAND JURY TO COME TOMORROW

BURR TURNS UP AND IS UNDER EXAMINATION BY JURY TODAY

Rumored That Nearly a Score of Indictments Will Be Handed Down And Will Involve Several Residents of Ashland.

MEDFORD, July 31.—When the special grand jury reconvened this morning, Tom Wurd, the department of justice chief, was on hand bright and early and with him was the badly scared negro bootblack, Arthur Burr, who last March was taken into the Siskiyou by masked men, a rope placed about his neck, and three times swung into what he thought was eternity, and then under a volley of pistol shots, sent speeding over the mountains until he found safety on the other side of the California line.

He was to have been on hand Friday morning, but he was too badly scared to come further than Weed, as the train would bring him into Medford after dark. Tom Wurd was sent after him when he learned he was at Weed, and brought him to the city Saturday evening, and has had him in his charge since then. He is a voluntary witness, not under arrest, but is closely guarded to assure his safety.

All Medford is on edge today, as it has been since the polls opened here Saturday morning in the recall election, and it is openly said that every other citizen is toting a gun as protection against a probable outbreak when the expected indictments are handed in by the grand jury tomorrow. It is believed that the jury will conclude its labors today with the examination of the witnesses in the Burr case. They were practically through with the Hale and Johnson cases, when adjournment was taken on Friday.

Burr, it will be recalled, had just finished a sentence in the county jail at Jacksonville, and was taken in an auto by four men, ostensibly to go to Ashland, instead of which he was turned over to a mob of masked men, who took him to the Siskiyou, not far from the Oregon line.

The federal officers here have given it out that they have a list of 381 members of the Ku Klux Klan in this county, which has been placed before the grand jury, and it is expected that this list will be made public with the findings of the jury. It is the general expectation that there will be nearly a score of indictments, and that several Ashland men will be named as among those concerned in the night raids. This is, of course, all rumor. The proceedings of the grand jury room are supposed to be secret, but as a matter of course, there is considerable leakage from witnesses who have been under examination.

TARIFF "BLOC" GETS HIGH DUTY ON WOOL BLANKETS

WASHINGTON, July 31.—The republican "tariff bloc" won another victory today in enacting sharply increased duties on woolen blankets. The senate first rejected an amendment slashing the rates, and then adopted the committee's higher duties.

CHARGE FEDERAL OFFICES ARE SOLD TO HIGHEST BUYER

WASHINGTON, July 31.—Starting charges that federal offices in South Carolina have been sold to the highest bidder for sums ranging from \$800 to \$2000, by Joseph Tolbert, republican national committee man, republican state chairman and United States marshal for South Carolina, were made by Senator Dial, democrat, of South Carolina, in a statement issued today.

"Tolbert has run roughshod over our people; he seems to be drunk with the power of a little authority," Dial declared.

AUTO ACCIDENT SUFFERED BY LOCAL PEOPLE

H. L. Sayles was considerably bruised and scratched yesterday morning when he was caught under his machine when it went over a bank east of the city. He was caught in such a position that he was unable to get out of the wreckage until other motorists arrived and gave assistance. He is able to be about today, although feeling rather sore from the bruises he received. The ladies of the party escaped injury with the exception of the nervous shock.

Mr. and Mrs. Sayles and another lady left Ashland yesterday morning in Mr. Sayles' new Overland car, their destination being Buckhorn lodge, where they intended taking dinner.

Mrs. Sayles was driving the car, and they had reached a point about 15 miles out of Ashland, and had left the main highway, with everything going along nicely. At this point, the road passes over a small stream, after which it makes a square turn to the left and goes up a steep grade. It seems the machine would not take the grade, and in endeavoring to shift gears, the car started backing down the hill and went over the bank instead of turning onto the bridge.

The body of the machine was badly damaged where it backed into a large rock, and it will probably have to be replaced with a new one. The windshield was broken by the impact, but the chassis of the car and the engine were not damaged in any way. The Class A garage was called and gave the car first aid bringing it to the city in the afternoon.

FIVE LIVES LOST BY DROWNING OVER SUNDAY

PORTLAND, July 31.—The Willamette and Columbia rivers took a toll of five lives Sunday. Three children of Mr. and Mrs. Joseph Alax were drowned when their automobile backed off the St. John's Ferry. James Spencer was drowned at Fairview, while swimming. He was taken with cramps. Nizamemon Noyanu, a Japanese, was drowned while swimming at Ross Island.

SHASTA TRAIN HITS AUTO; TWO INJURED

EUGENE, Or., July 31.—Luther Hudson, aged 38, was severely injured, and his wife suffered a bruised leg, when the auto in which they were riding was struck by the Shasta Limited train at Fourth and Lawrence streets at 4:30 p. m. Saturday. Hudson was taken to the hospital. His skull is fractured, but it is believed that he will recover.

TALKING MOVIES INVENTION SAID TO BE SUCCESS

CHAMPAIGN, Ill., July 31.—The sound recording camera, an invention that synchronizes the human voice with human expression and actions, is apparently a fact. Demonstrations are being given here in the physics building of the University of Illinois.

"It is no longer an experiment," declared its inventor. "The successful basic principles of the invention have been established."

This camera, that records the voice and all sounds on a film such as is used in the moving picture business, is indorsed by members of the faculty in touch with the work.

Joseph T. Tykociner, an assistant professor of research in the engineering experimental station, is the inventor.

BIG SPRUCE MILL BEGINS OPERATION NEAR TOLEDO

TOLEDO, Or., July 31.—The big mill of the Pacific Spruce corporation, originally constructed by the government and connected with the timber by more than 24 miles of railway, has begun operations and promises to become a leading factor in the lumber industry of the state.

The development of these operations by the new Oregon concern, representing 800,000,000 feet of spruce, yellow fir, hemlock and cedar hold-ings, and with a mill with an estimated capacity of 10,000,000 feet a month, is considered by lumbermen to be one of the outstanding activities in the lumber industry of this state in recent years.

CODDING BEATEN IN RACE TO LEAD AMERICAN LEGION

THE DALLES, Or., July 31.—George R. Wilbur, of Hood River, was elected state commander of the American Legion, defeating George Coddling of Medford, by a vote of 89 to 50, in a spirited contest which featured the close of the fourth annual legionnaires' convention in this city Saturday.

Portland delegates aided materially in the election of Wilbur, the 23 votes from that city being thrown in favor of the Hood River candidate. Both men are popular and able workers in the affairs of the Legion.

Immediately after the contest was decided, Comrade Coddling requested that the adjutant be instructed to make Wilbur's election unanimous. This was granted. Coddling served as vice-commander in the year just concluded.

IRELAND'S DAILY CASUALTY LIST

DUBLIN, July 31.—Eight officers and men were killed or wounded in two ambush attacks against Free State troops at Maryboro yesterday. In the first ambush a motor car was blown up by a land mine. Reinforcements ran into a second ambush, and Divisional Commander McCurtain was killed.

MAY TAKE PLAN OF PRESIDENT TO END STRIKE

OPPOSING FORCES GATHER IN CHICAGO FOR FINAL CONFERENCE

Chairman Hooper of Labor Board, After Conference at White House, Leaves for Chicago to Attend Meeting of Policy Committee.

MAY ACCEPT PRESIDENT'S PLAN TO END STRIKE

CHICAGO, July 31.—Ninety men, members of the policy committee of the federated railway shopmen's union, are assembling for the conference tomorrow to consider President's Harding's plan for a strike settlement. It is the belief that the unions will accept the plan outlined by the president.

WASHINGTON, July 31.—While the opposing forces in the railway strike are gathered in Chicago and New York today for tomorrow's important decision of peace or war, evidences are multiplying in Washington today that the administration considers the rail strike as good as settled.

Chairman Hooper, of the railway labor board, arrived here yesterday and this morning had an hour's conference with President Harding at the White House, discussing the "immediate situation," as he described it. As soon as the conference was over, Hooper announced he was leaving for Chicago immediately to make preparations for the work that the board will be confronted with in August.

BASBALL RESULTS TODAY

National League
At Brooklyn 2; St. Lou's 6.
At New York 5; Pittsburgh 12.

At Salt Lake 8-16; Sacramento 15-9.

JURY IS DEADLOCKED IN OBENCHAIN TRIAL

LOS ANGELES, July 31.—After that he believed there was little likelihood of a verdict being reached. The court refused to discharge them and ordered the jury to retire for deliberating for 66 hours, that the jury in the murder trial of Madeline Obenchain was evenly divided on a verdict, was revealed when Judge Shenk officially polled the jury.

Foreman Paddock told the judge that the jurors stood six to six, and further deliberations.

BRITISH LOOK ASKANCE AT REQUEST TO SEARCH SHIPS

LONDON, July 31.—Washington's request for "reciprocal" search of ships flying the British flag, outside the 12 mile zone, where such ships are suspected of carrying whiskey cargoes to United States territory, in violation of the prohibition law, was brought to the attention of parliament today.

Lloyd George told the house of commons that such a proposal had been made, and that it is now being considered, but indications were that no action would be taken.

MOVIE FOLKS NOT SO BAD AS THEY ARE PAINTED

LOS ANGELES, July 31.—Will S. Hays, president of the Motion Picture Producers and Distributors' association of America, in a talk at a dinner given in his honor by Hollywood chamber of commerce, declared that after a close study of motion picture studios here he had failed to find "the horrors of Hollywood" certain eastern publications had associated with life in that section of Los Angeles.

"The one bad influence in Hollywood is talk," said Mr. Hays.
