

Local and Personal

Locksmith. Fixt Shop. 282tf
Spend less and dress better by buying your fall suit at Paulserud's. 286tf

Will Change Location—
L. Leedom, who has been operating a vulcanizing shop in the Allen building on North Main street for several years, has leased the room at the corner of First and East Main streets, in the Beaver building, and will occupy the same about September 1. The reason given for the change is that the new location will be more centrally located.

Don't forget the dance at Jackson Hot Springs Wednesday night. 293-1

Orres cleans clothes. Phone 64. 288tf

Property Changes Hands—
Mrs. Jessie M. Stannard has sold her property on Liberty street to Mrs. Sarah M. Updegrat. The transaction was made through the Beaver Realty company.

Better be safe than sorry. See Beaver Realty Co. about your insurance. Phone 68. 287tf

Cliff Payne makes folding screens.

Visits Old Friends—
Mrs. Oscar Paulson, whose home is in western Nebraska, is visiting with the Jackson Gyger family on Neil creek. Mrs. Paulson is over 70 years old, and made the trip west in a car, coming by way of Seattle with some Nebraska friends.

This season you can't duplicate our values anywhere. Paulserud's. 286tf

Expert piano tuning. Carl Loveland, studio at 135 E. Main. Phone 465. 286tf

Leave on Trip North—
Mr. and Mrs. Howard Rose left yesterday by motor for a trip to Portland, Seattle and other northern points. While it is not known just how far north they will go, it is safe to say that they will cross the border into the land where the bar still exists.

Carl Loveland is the official piano tuner for Madame Tracy-Young. Ask her. Studio 135 E. Main. Phone 465. 286tf

Automobile insurance a specialty. Ask Mr. A. L. Lamb. Yeo, of course. 265tf

Dies in oLug Beach—
Word has been received in Ashland of the death of Mrs. Willametta Sharp at Long Beach, Calif., July 31, following a surgical operation. Mrs. Sharp was quite well known in Ashland, having lived here until about six years ago. She operated a rooming house on North Main street opposite the Presbyterian church.

Let Jerry O'Neal figure your next job of plumbing. First class material and workmanship. Phone 138. 207 E. Main street. 238tf

DEATH FOR DUCKS

J. M. Amick of Ione, Amadore county, California, with a fowling-piece which has been in his family for many centuries. It is now seven feet long, but originally was a full eight feet six inches from butt to sight. Mr. Amick uses the gun for duck hunting and says he can bring a bird down from a height of 300 feet.

You Would Be Surprised

To know how many pretty coats have already been selected from the new arrivals. There are so many attractive ones that the hardest job is to decide on which one to take. Lots of particular people prefer to buy as soon as they can be assured of a comprehensive showing to choose from. We can give you this assurance, because we have already received about six dozen of the season's newest coats, and they represent about all that is best in style and materials.

A splendid assortment of the new tailored suits for misses women, and stout women is now being shown. Suits are particularly good for early Fall wear, and you should be wearing one now.

May we show you this week?

The Enders Company

11.50 Installed Free

OIL!

We've Got It Right Here at Home

Millions of Barrels of it- Costs 40c- Sells for \$3.00- What are we Going to do With It?

LET IT REST IN THE MOUNTAINS, AS IT HAS FOR CENTURIES, OR TURN IT INTO

DOLLARS?

Every day at 3 o'clock, in the building adjoining Mac's Garage on Pioneer Street, engineers are giving public demonstrations of a practical method for extracting oil from the mountains of shale at our doorstep. Whether or not this is to be made an Ashland industry is up to you. Every retort erected means a

500 Bbl. Gusher Per Day

There is enough shale in the Dead Indian and Antelope Valley holdings of the Hartman Syndicate to operate ten retorts each day with a capacity of 500 barrels of oil every 24 hours, which would equal

Ten Gushers Spouting 5000 Bbls. of OIL Every Day at \$3.00 a Bbl.

Do you realize what that means to Ashland?

ONE RETORT

will turn out 500 barrels of oil a day. That oil will market for not less than \$3 a barrel in the field. The cost of operation is 40 cents a barrel.

The Profit \$2.60 a barrel. That means \$1300 a day, 365 days in the year. Does that mean anything to you?

Are you going to get in on these profits?

Are you going to get in on the biggest enterprise ever launched in Oregon, and which means the making of Ashland the central point in the revolution of the oil industry of the world?

HOW?

Shares are being offered today at par—\$10 a share. The sale is limited to the amount necessary to install one retort with a capacity of 500 barrels of oil a day.

NOT ANOTHER DOLLAR IS NEEDED

Can you estimate what that Ten Dollar share will be worth the day the first Hartman Retort starts spouting oil? It will soar like a war baby and it will be yours if you will exercise simple common sense. See the demonstration today. Talk with the men at the head of the enterprise. See what you are asked to invest in, and then apply good business judgment to the proposition.

SEE HARTMAN TODAY
At the Demonstration Building on Pioneer Ave. or at the Company Office 29 First St.
