Detrick sells butter for less.

Visit in Ashland

Mrs. S. L. Roberts and two daughters, of Spokane, Wash., took dinner last evening with Mr. and Mrs. A. Butler. The visitors have just returned from a trip to Los Angeles and other southern California points.

Now is the time to buy your camping equipment at cut prices. See J. P. Dodge & Sons. 302-2

Automobile insurance a specialty. Ask Mr. A. L. Lamb. Yeo, of course. 265tf

Stopping in Ashland

C. H. Willison, of Portland, a former Ashland resident, was in the city today calling on some of his old friends. Mr. Willison was formerly with a wholesale grocery firm of Portland, and is well known throughout the southern part of the state. Mr. Willison states that Mrs. Willison is enjoying the best of health and sends greetings to her friends here.

Ladies and Gents

One more week to have your hats cleaned and reblocked. Jack Carlisle, next door Square Deal Grocery. 301-2*

Putting in New Front

Thad P. Coleman, who recently purchased the building at 89 North Main street, is having the front of the building completely remodeled. Large plate glass will be placed on either side of the door, with panel glass above. The wood work will all be given a coat of paint, which will add much to the appearance of the building.

Good insurance at good rates. Phone 274-J. Yeo of course. 265tf

George Alfred has been appointed as one of the directors of the Talent irrigation district to take the place of O. A. Manning, who resigned.

Hillsboro—\$7500 contract for a new school unit is awarded.

Don't fail to see the demonstration of the Hartman shale oil retort tonight at 8 o'clock, Mac's garage.

LITTLE TALKS ON THRIFT

By S. W. STRAUS, President American Society for Thrift.

WE are learning more and more that co-operation is one of the chief elements of business success. It is the oil that keeps the great, complicated machinery running smoothly. Too many men have made the mistake of believing that they could rise to success only through pulling down those ahead of them, but in the long run, such a policy of selfishness and discord never pays. The elimination of this factor in a business organization is as necessary to efficient management and progress as the elimination of waste. In fact discord is waste, and co-operation is a fine type of business thrift.

The individual employee or member of a business organization should bear in mind that his own success must always be in proportion to the success of the institution to which his services are given. Thus as he co-operates with his co-workers to the common good he is benefiting his own fortunes and is in turn receiving the reciprocal benefits from his associates' endeavors. We help ourselves most when we help each other.

There is a rightful place in organized business for fair rivalry and competition among those who compose the personnel of any institution. There must always be the spark of initiative, and the incentives that lead to personal aggressiveness. Nothing is more deadly to business progress than a treadmill existence on the part of those who do the work, whether it be mental or physical. It is a part of individual thrift to cultivate accord and to practice co-operation with those with whom we associate in our daily duties. It is business thrift upon the part of executives to display these same qualities with their associates and to encourage them among their subordinates.

CARVING HAS VANISHED

This carving of "Christ De Profundis," which was on a large Florida beam and for which a shrine was planned in New York, has mysteriously disappeared. The carving is a remarkable bit of handwork and was said to have been done by a prisoner condemned to death and an inmate in prison at Guatemala. A drive was started for funds for the erection of a shrine in New York, in which the carving was to be placed, and much money was realized from the sale of photographs of the carving. Now the work has disappeared.

Eugene—Penn sawmill, recently destroyed by fire, to be rebuilt.

Roseburg—Livestock industry in Umpqua valley soon to be big resource.

Don't fail to see the demonstration of the Hartman shale oil retort tonight at 8 o'clock, Mac's garage.

MAY TAKE SPECIAL EXAMINATIONS ON SEPT. 1

The beginning of the first semester of the local school is only one week away, and the teachers and pupils are getting set for the year. Superintendent Briscoe is endeavoring to have everything in perfect shape on the opening day, and to that end has issued the following requests.

Any grade or high school pupils wishing to remove a failure in any subject may take examination at the Senior high school building Friday morning, September 1, 1922.

All high-school pupils who have taken subjects in a non-standard high school should take examinations at this time, for the state department of education requires this to be done before credit for such work may be accepted by standard high schools.

The division line between Junior

high school and the Hawthorne school will be Pioneer avenue. All children from grades one to six inclusive, living on the east side of Pioneer avenue, will go to Hawthorne school. All those living on the west side of the avenue will go to the Junior high school.

Patrons will help in a rapid and successful organization of the school term by seeing that all children are in attendance at the opening of school. A few days missed at the beginning of a term may retard a child a whole semester, and put all at a disadvantage when working conditions should be at their best.

Beginners who will be six years old on or before September 30, 1922, should enter school at the beginning of the fall term, but the first B grade will not accept any children who will not be of the required age, and none of them after Monday, September 18, 1922.

ASHLAND GIRL MARRIED AT MEDFORD YESTERDAY

Hiram J. Arnold and Maude J. York were married yesterday evening by Rev. D. E. Millard at his residence in Medford. Two sisters of the bride were the only witnesses.

Miss York is an Ashland girl, and her marriage comes as a surprise to her friends in this city.

POSITIVELY THE LAST PUBLIC DEMONSTRATION OF THE

HARTMAN RETORT

for extracting

OIL FROM SHALE

8 P. M.—MAC'S GARAGE ON PIONEER ST.

It had been intended to give a private demonstration for the benefit of some people from Medford, Weed and Portland, who are interested, but upon the urgent request of a number of Ashland folks, who have not yet seen the demonstrator at work, it was decided to give

ONE MORE PUBLIC EXHIBITION

Those who have not seen the demonstrator at work, actually producing oil from the rock, within three-quarters of an hour after the retort is started, should not fail to be on hand. It will be the last time the demonstrator will be seen at work in public. It is interesting to the point of fascination, and whether you contemplate investing or not, you will be welcome.

For the convenience of those who are interested and want to know in detail the plans of the Hartman Syndicate, the office at 29 First street will hereafter be kept open until 9 p. m. This is done in order to give those whose time is occupied during the day, to call in the evening, when all information will be cheerfully furnished them.

The shares today are selling at Ten Dollars each. They will never be sold for less and the day the Hartman Retort starts to work on the Dead Indian holdings, there is every probability the values of these shares will jump and keep on the upward trend. Not a dollar's worth will be placed on the market beyond what is necessary for the work of construction and installation. Thereafter the subscription books will be closed.
