INDIANA MINES CLOSE

TERRE HAUTE, Ind., Aug. 31.—Twenty-eight Indiana coal mines were forced to close down today due to a shortage of cars.

Breaks Arm in Fall—
Mrs. Evans, of Rogue River, had the misfortune to fall and break her arm yesterday at her home, and was brought to Ashland, where Dr. Gregg set the broken member. Mrs. Evans is the daughter of Mrs. Hubert High and is staying temporarily at the family home on Fork street.

"BOOTLEGGING" IN ALIEN IMMIGRANTS

WASHINGTON, Aug. 31.—Estimates of from one hundred to three hundred thousand aliens with no right to be in this country have been made by Secretary Davis of the department of labor and Director Burns of the department of justice investigation bureau.

These aliens slip into this country either from Cuba, landing on the Florida coast, and making their way north and west, or they come in over the Canadian or Mexican border. Without an absolutely prohibitively expensive border patrol, it seems impossible to prevent smuggling of either liquor or aliens, but much can be done to prevent the latter, according to Secretary Davis, if congress is willing to enact a compulsory registration law.

Representations have been made to the Cuban government, with the hope that it can aid in preventing the influx of the 40,000 Chinese now supposed to be on the island awaiting a chance to enter this country. If, however, international agreements prove ineffective in preventing our immigration laws from being violated, Secretary Davis believes that a compulsory registration law for aliens would make smuggling unprofitable, if not impossible. He is also of the opinion that it would speedily rid this country of many of its undesirable aliens and take from jails, workhouses and almshouses many a national who has no right here, and send him back to his native land, there to be cared for, not at the expense of the American taxpayer.

Southern Pacific system, composed of the six shop craft unions, which have been out on strike, announced today that the Southern Pacific company had signed an agreement with its non-striking shop employees to put in force the working rules promulgated last spring by the United States railroad labor board.

These rules, according to Gordon, the company refused to put in effect last spring with the old shop-craft employees. They are known as Agreement number six, he said, and include 179 rules. He said he had received a copy of the agreement just signed by the company with its present employees. The company's previous refusal, he said, was made in a letter to the federation, dated March 13, 1922.

Money in His Shoes.
A Pole named Pietr Tabla, traveling from America to Danzig, was taken ill recently in the Y. M. C. A. hut, Waterloo road, London, and removed to the infirmary. He had only two shillings threepence in English money, but hidden in his clothing he had 22 \$10 gold pieces and paper money to the value of \$900. His shoes were found to be very heavy, and when they were photographed by the X-ray, 12 large coins, presumably \$10 gold pieces, were found hidden between the leather and the soles of each boot.—Brooklyn Eagle.

memory training is not a series of lectures—it is a practical and simple method of instruction in the Memory principles and their uses.

You cannot judge a book by its cover. If you are interested in improving your memory, come and give me a trial.

Class starts this (Thursday) evening at 8 o'clock at the Armory. 307-1

Railroad Notes

Rounhouse Foreman Anguin was visiting with his wife for a short time the other day.

Jack Lucey, yard engine tender, after being shopped for a few days on account of bad order, is back on the job again.

Traffic on the Southern Pacific has been exceptionally heavy for some time, but with Trainmaster McCarthy and Yardmaster Gillette at the helm, the trains are moving on schedule time.

Quite a crowd of Ashland people gathered at the depot Sunday evening to see the circus trains go through.

You may be sorry if you don't insure with Yeo, of course. 307tf

Good insurance at good rates. Phone 274-J. Yeo of course. 265tf

Local and Personal

RAILROAD EMPLOYEES REACH WORKING RULES AGREEMENT

SAN FRANCISCO, Aug. 31.—L. S. Gordon, secretary of the Federation of Railway Employees of the

Memory training is the basis of all mental capacity and one of the most progressive and interesting of studies.

In your every day life and work you need a dependable memory. It not only saves you time and money, but assists you in accomplishing much greater results in whatever you attempt.

The principles involved in the course are so simple that any man, woman or child with average intelligence can master them with ease in four oral lessons, thereby releasing all strain to study. Students from ten to 80 are eligible for instruction.

This course provides material with which you can actually work after receiving the four oral lessons. It does not train the memory for one thing only, but for all things, making it easy to retain what you read, to remember figures of any denomination, points in speech, stories, poetry, rituals, mental calendar, and names.

The investment for this entire course is \$12, or \$3 for each lesson. In that way you are not obligated to continue the course unless you are interested.

REMEMBER — This course of

TOMORROW AND SATURDAY
Dorothy Dalton in
"The Crimson Challenge"

Here it is—cowboys, coyotes, "bad men," and Indians, mixed with riding and shooting stunts. Not ancient history either, but an up-to-the-minute picture of a romantic spot in the West of today.

See Dorothy Dalton as the two-gun heroine avenge herself upon one man and win the love of another in a picture as big and refreshing as the wind-swept prairies.

Admission, 10 and 35c
