STRIKING RAILWAY SHOPMEN ARE TARGET OF INJUNCTION

Government Interferes at Request of Attorney Daugherty

Hearing Set September 11

VIOLENT ACTS ARE PROHIBITED BY GOVERNMENT

USUAL FORMS OF EXPRESSION ARE ALL PLACED UNDER BAN.

CHICAGO, Sept. 1.—A temporary injunction restraining all striking shopcraft men and their leaders from interfering in any way whatsoever with operation of the railroads throughout the country, was granted by Federal Judge Wilkerson at the request of Attorney General Daugherty. The hearing to make the order permanent has been set for September 11.

Granting of the injunction came after an impassioned plea by the attorney general, on behalf of the "people of the United States," who he said, had been brought "face to face with a great peril."

The injunction is the most drastic step yet taken by the United States government in any industrial crisis confronting the nation. The action is said to be paralleled as a sensation only by the action the government took in the case of Eugene Debs several years ago.

The injunction virtually forbids all further strike activities by shopmen, and prevents them from:

Parading, picketing, arguing with anyone against going to work; holding public meetings to show how strong the striking organizations are; writing to anyone advising him to leave the railroad employment; throwing stones at railroad cars or engines is also prohibited.

Calling railroad employes names. ("Probably includes the term 'scab.'")

Walking down a railroad track or right of way, or loitering in the vicinity of any railroad property; interfering with any railroad employe in performance of his duty; interfering in any way with the inspection, repair, operation or use of trains, cars and other railroad equipment.

Judge Wilkerson, in granting the injunction, declared the attorney general in asking for the order, was within his "fundamental and constitutional" rights attached to his office representing the people of the country.

The injunction order, in its sweeping effect, ties up the funds of the striking unions and forbids the organizations to use them in furthering the strike.

RECOUNT OF VOTES

NOMINATES OLCOTT
SALEM, Or., Sept. 1.—Ben W. Olcott is declared to be the duly nominated Republican candidate for governor in an order handed down by Circuit Judges Kelly andingham this morning formally dismissing the suit brought by R. R. Costner, contesting Olcott's nomination. Jurisdiction in the case, however, is retained by the court, pursuant to stipulations entered into by attorneys for the contestant and contestee for the purpose of determining the costs in the case and fixing the same.

The Hall-Olcott recount controversy was abandoned by attorneys for Charles Hall, defeated candidate for the republican gubernatorial nomination, at the outset of the taking of testimony here, after two weeks of ballot recounting had returned Olcott material gains over the returns accorded him in the official count of the primary ballots.

PENDLETON IS GETTING READY FOR ROUND-UP

"WILDEST YET" IS REPORT SENT OUT FROM EASTERN OREGON

STEERS SHIPPED FROM OLD MEXICO

Entire Surrounding Country Being Scoured for New Material for Cowboys: Big Time Is Assured For Riders.

PENDLETON, Sept. 1.—Director S. R. Thompson, in charge of livestock for the Round-Up, has gone out in the highways and byways of the wildest stock country, and now the Round-Up has its livestock of international fame located in its back lot.

About half a hundred real Mexican three year old steers, shipped from below Uncle Sam's line, and which looked just like ordinary critters when unloaded here a short time ago, are in the words of Sam Thompson, "one rearing bunch of the wildest." They are feeding and fattening and wilding on the Umattilla meadows, and will be one of the toughest and fastest bunches of longhorns ever brought here.

Out of the Seven Mile country have come 40 horses. They are not horses, they are beasts. Among the old bunch of a little over 30 are such buckers as Hot Foot, No-Name, U-Tell-Em and the whole string of fame, besides half a dozen neversaw-man bronchos, augur badly for Cowboy. Outlaws of the country are being rounded up for the Round-Up.

DRIVER IS SHOT BY JEALOUS OFFICER

PORTLAND, Sept. 1.—Police Patrolman T. E. Reed, 43, jealous over the affections of his ex-wife, shot and severely wounded Jeff Sambreno, driver for the American bakery, No. 483 Williams avenue, yesterday afternoon.

E. E. Brackney, No. 490 Flint street, who was waiting for a car on the northwest corner of Page and Williams avenue, said that he was shaken from a reverie by the crack of a pistol.

He whirled just in time to see the driver of the bakery wagon, who was standing at the rear of his wagon, backed against the curb on the southeast corner of the street, turn around on his heels and topple forward on his face.

EXTREME HEAT CAUSES 2 DEATHS IN CHICAGO

CHICAGO, Sept. 1.—Two persons dropped dead from the heat today, lending a tragic confirmation to the weather bureau's report that this day is the hottest September 1 since the time the thermometer reached 95 in 1913.

The mercury hovered around 90 today.

ESPEE SHOPMEN ALSO BENEFIT BY WAGE RAISE

PORTLAND, Sept. 1.—Shopmen of the Southern Pacific company and all other railroads where "company unions" have been formed to take the place of the striking federated shop crafts, will receive increases in wages similar to those arranged by the Union Pacific system and announced Wednesday.

This advice was received from local officials of the Southern Pacific company yesterday. The Southern Pacific company has a shop employees' association similar to the Union Pacific and officials of the company have been in negotiation with representatives of the shopmen.

The wage increases ranging from 2 to 22½ cents per hour, granted by the Union Pacific system, was declared today by officials of that company, to be general instead of confined to certain classes. The rate will be on a sliding scale basis adjusted by efficiency and will apply to all workers.

NEW U.S. POLICY IS AID TO GUARD UNITS

SALEM, Or., Sept. 1.—Under a new policy of the war department, the national guard, in event of war or great national emergency, would take its place as the backbone of the first line of national defense, according to information received from Washington by Adjutant General George A. White.

"The announcement of the war department policy with regard to a national position in readiness," says the communication received by the adjutant general, "makes it necessary that all of the 18 national guard divisions be developed to the greatest practicable extent, that they be prepared at all times for instant service, and that in event of a national emergency they be able to hold until such time as our unorganized reserves can be mobilized and made available in the theater of operations. It now appears that the national guard will have to constitute practically all the first line."

EMERY GIRLS RETURN FROM ALASKAN TRIP

The Misses Nina and Hazel Emery returned to Ashland last evening after a three weeks vacation trip which took them to Alaska.

The girls left here in their car, driving to Seattle in two days. From that city they embarked on a coast-wise steamer bound for Alaska. The vessel made numerous stops to load and unload freight at the ports en route, giving the passengers sufficient time to see the towns along the coast.

The most northern town reached on the trip was Skagway, and despite the fact that many alluring things are said about the wonderful northland, Miss Hazel says that she was glad to get back to Ashland.

The land voyage was thoroughly enjoyed by both, but the ocean trip was rather rough, and not the most enjoyable experience.

DUKE AND DUCHESS TO CHIN WITH BURBANK

SANTA ROSA, Calif., Sept. 1.—The Duke and Duchess of Tallyrand were granted a 15 minute interview with Luther Burbank today, and are expected here late this afternoon to fill the appointment which they requested. THREE BANDS TO FURNISH MUSIC FOR LABOR DAY

ASHLAND, MEDFORD, GRANTS PASS MUSICIANS WILL PERFORM

PARADE STARTS ON BOULEVARD

Organizations and Participants Are Asked to be Ready by 9:30 O'clock—Big Ten Round Fistic Battle Arranged by Medford Promoter.

With three brass bands from Medford, Grants Pass and Ashland, there will be plenty of music for the big Labor Day parade Monday morning. Members of the 16 railroad unions in the city will assemble promptly at 9:30 o'clock Monday morning, at the Moose hall. Work clothes will be the uniform of the day.

At 10 o'clock the head of the parade will form on the Boulevard, and the movement toward Lathia park, where the day's program will be given, will begin. The committee asks that all those participating in the parade be ready at 9:30 o'clock in order that the proper places may be assigned, and a good alignment observed throughout the procession.

Fight fans will be gladdened by the news that there will be a 10-round bout staged at the Lyric theatre at 3:30 o'clock by "Knock Out" Brown, Medford fistic promoter. The classic will be between "Battling" Frick of Medford and Lawrence Day of Klamath Falls. The men are entered in the 150 pound class. Four scrappy preliminaries are booked for an opener.

Picnickers are warned not to forget to bring a cup in which to obtain their coffee, which, with the barbecued meat, will be furnished by the committee.

A grand ball in the evening at the Armory will prove a fitting windup for the Labor Day celebration.

CIVIC CLUB BOARD MAKE PLANS FOR COMING SEASON

The executive board of the Civic Improvement club met at the Chamberlain-Palmer ranch yesterday afternoon. Mesdames Hammond, Wilshire, Fuller, Dill, Elhart, Jarvis and Peil were present. Mrs. Pracht, the other member of the board, was unable to attend. Mrs. Elhart is acting as temporary treasurer in place of Mrs. Elmore.

Plans were discussed for the coming year, and a program outlined. With the opening of the new club house, there will be a reception and program of interest to everybody. Thanks to the generosity of Mr. Winburn the new building will soon be completed. A telephone has been installed, and 376-R will soon be a well-known and popular number.

The Civic club, as a body, has been invited to act as judge in the Labor Day parade. The parade will line up at 9:30 on Monday at the Hawthorne school house, and all ladies of the Civic club who are willing to act as judges will meet at that time and place to arrange for marking the entries and the distribution of prizes.

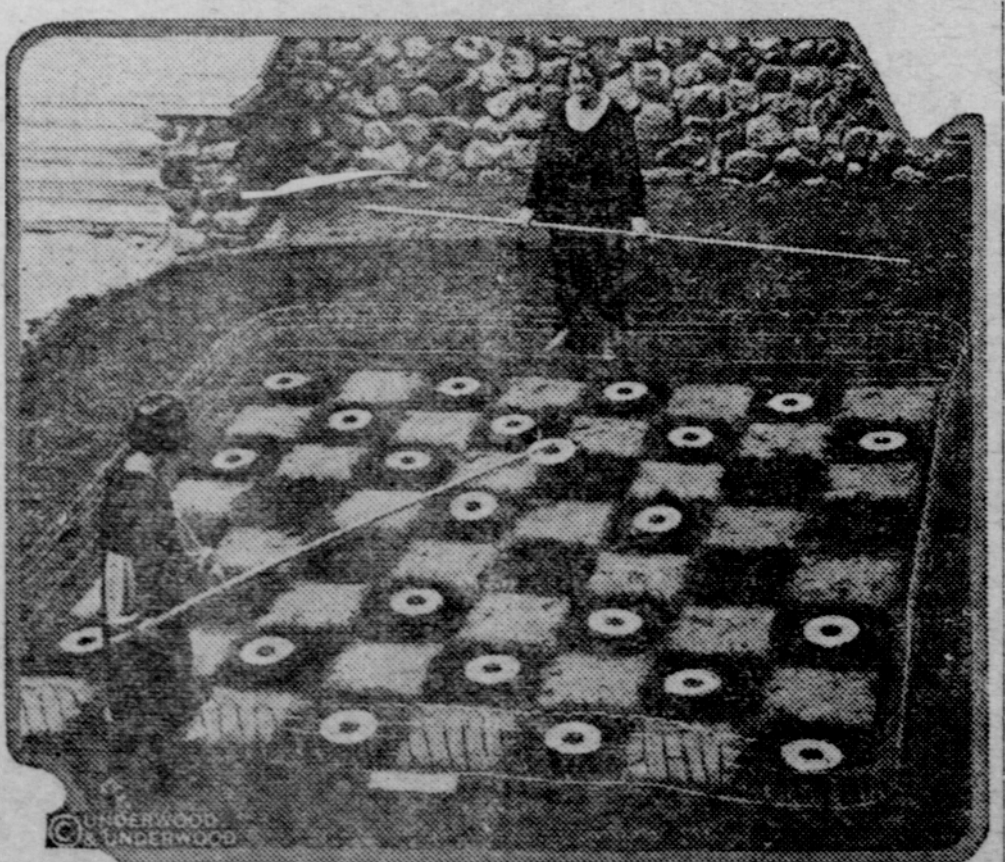

ENTERTAINMENT BY MEMORY EXPERT DRAWS BIG CROWD

Charles W. Hamley, the memory expert, who is stopping in Ashland for a few days, gave a fine demonstration of what can be done by memory training, when he appeared before a crowd of about 300 people at the Armory Wednesday night.

Not only did Mr. Hamley live up to the expectations of the crowd, but far surpassed what any person in the audience had imagined he would see or head. Such marked ability was shown that the audience went away with a thorough appreciation of his talent.

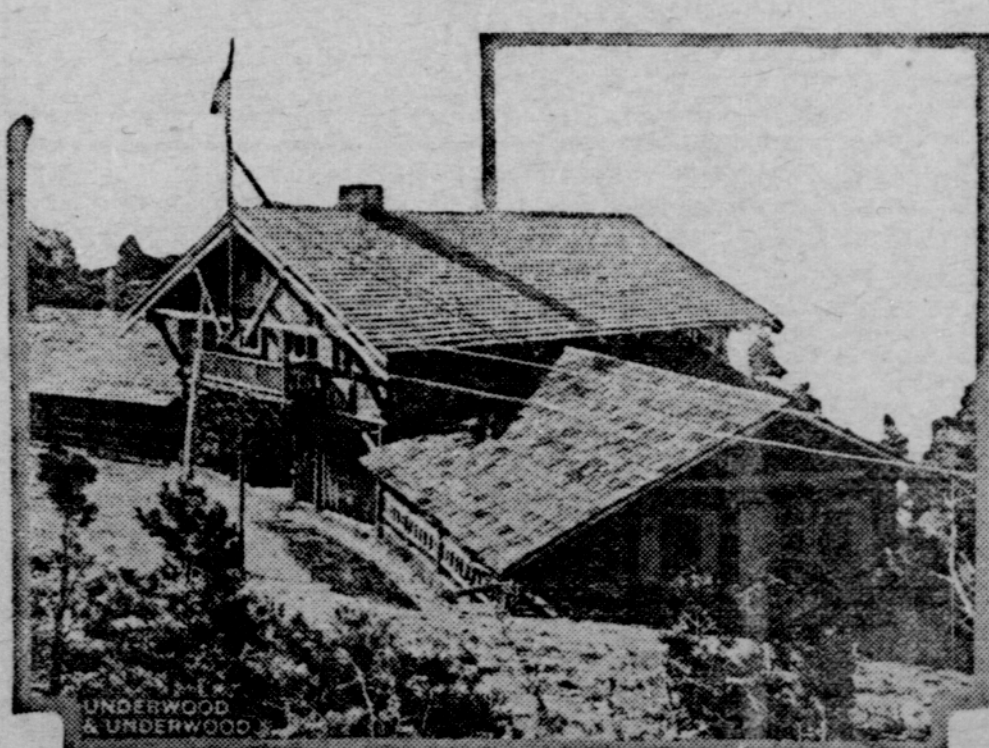

Mr. Hamley is giving a course of memory lesson while in the city, and held his first class last night in one of the small rooms of the Armory. About 15 students were present.

Memorial to Buffalo Bill Cody

One of the most extraordinary and fitting memorials to a real American is the one that has been erected to commemorate the deeds of "Buffalo Bill" Cody—a rest house on the site of one of the ranches from which he sallied on the hunting expeditions which gave him his name and fame in the colorful days when the West was wild and woolly. The place is called Talska Tepee and is within the Denver Mountain park system.
