NEW YORK, Sept. 6 .- No conferences have been held by the Association of Railway Executives or by any executives with Bert Jewell, or others representing the striking shopmen, according to a statement that Thomas! Cuyler, chairman of the rail association, issued today.

"The statement that a settlement of the shopmen's strike has been effected is absolutely without foundation," Cuyler declared. "The roads are standing squarely on the platform adopted August 23. Executives are united as to this and are entirely satisfied with present conditions."
