

PEACE PLAN MAY BE ACCEPTED BY TONIGHT, JEWELL

SHOPCRAFT HEAD IN SECRET SESSION WITH POLICY COMMITTEE

MODIFICATION IS REFUSED BY JUDGE

Wilkerson Gives Unions Second Set-Back; Will Not Move Until the Government Presents Evidence of Conspiracy or Restriction.

CHICAGO, Sept. 12.—"Settlement on a separate peace plan for ending the strike should be reached by 5 or 6 o'clock today," it was declared by Bert L. Jewell, president of the striking federated shopcrafts, as he entered a secret session of the shopcrafts policy committee to continue deliberations.

Jewell, for the first time, admitted that he had arranged a separate settlement plan with various railroads, and that he would urge its acceptance by the policy committee.

CHICAGO, Sept. 12.—A motion to modify the most drastic provisions of the temporary injunction secured by the government against the striking railway shopmen was denied by Judge Wilkerson in the federal court shortly after the hearing to make the temporary injunction permanent opened for the second day of argumentation.

The denial was the second setback given the unions' side of the case, Wilkerson having yesterday declined to dismiss the writ after counsel for the defendants had completed their argument.

Wilkerson today said he would hold the motion to modify in abeyance until the government presented its alleged evidence of conspiracy to "restrict and destroy interstate commerce."

FIRE DESTROYS BUILDINGS AT CALIFORNIA MINE

REDDING, Calif., Sept. 12.—All the buildings at the Gold Leaf mine, hoisting works excepted, were destroyed as the result of a brush fire. The Gold Leaf is midway between Redding and Shasta, and work was resumed in the mine about a month ago.

The buildings destroyed include the superintendent's office, boarding house, assay office, barn and two bunk houses. The loss is about \$3000. The buildings cost a great deal more when they were erected.

The hoisting works on a hill a quarter of a mile away, together with all the mine stores, escaped. Four power poles were burned. George F. Graves and Harry Woll were at the hoisting works when the brush fire reached the assay office, and they saw it for the first time. They saved the hoisting works and then let the fire burn on north and west.

The significance of the transaction was not learned, due to the absence of officials of either concern. In some quarters, however, it was believed that the transfer was the forerunner of a heavy movement in timber lands in this county.

The deed covers all property of the Long-Bell company in Klamath and Lake counties, the basic value of which lies in the \$6,418 acres of timber lands transferred. The accompanying trust deed, secured by \$30,000,000 worth of gold bonds, covers 225 printed pages, brief size.

Even Astoria, surrounded by cooling (supposedly) ocean breezes, complained when 91 degrees were reached.

Webster Wertz Jr. left on train 16 last night for Forest Grove, where he will enter Pacific university for a three year course. Webster is one of the youngest graduates of the class of 1922 from the Ashland high school, being only 17 years old, and his grades entitled him to a free scholarship in a choice of any state college. He has been employed since the close of school at the Spencer ranch.

There is just as good or better opportunity today than ever before for a young man to get an education and make good, but it not found on street corners or around pool halls and the back door of show houses.

JUDGE HOLDS POW-WOW AFTER INDIAN SHOOTING

ROUND MOUNTAIN, Calif., Sept. 12.—Judge L. B. Ralston, of this township, had a peculiar case to deal with, and he handled it in an original way.

Walter Moody, Indian, was arrested on the complaint of Jerome Tom, another Indian, on a charge of assault with a deadly weapon with intent to kill. Moody shot a bottle of supposed firewater out of Tom's hand. Judge Ralston called in all the Indians in the neighborhood and had a sort of joint pow-wow. The result of the talk was that Jerome Tom was found to be as much to blame as Walter Moody.

Judge Ralston sentenced both, defendant and complainant, to the county jail for six months, and then admitted both to probation on their giving bonds to keep the peace.

This administration was satisfactory to the two principals and all of the tribesmen.

The second series of divine healing will be conducted by Dr. Charles S. Price at the Chautauqua building this evening, and a record-breaking crowd is anticipated.

He also showed several pictures showing the immense number of persons who filled the Denver Auditorium and the Wichita Forum building during the gospel appeals made at those cities. Tribute of an extraordinary nature was bestowed upon the meetings by Mayor Bailey of Denver, and by Judge Ben Lindsey, of the juvenile court of the same city.

Testimonials from hundreds of those who have been cured through prayer and faith are given by Dr. Price.

Dr. Price spent the day visiting local people who were afflicted with physical incapacities.

GERMAN GIRLS SOLD TO FOREIGN SHIPS, REPORT

BERLIN, Sept. 12.—It has come to the knowledge of the Hamburg police that girls, mostly 13 to 15 years old, are being smuggled on board ships by foreign sailors, and by the most alluring promises are persuaded to leave their native country to go to South America, where they fall a ready prey to South American agents and are practically sold for immoral purposes, it is declared.

The police in many cases also ascertained that the parents of these victims, driven to despair by the food price panic, not only knew of such things going on, but even used threats on their own children to make them go and haunt the sailors' bars in the vicinity of the harbor.
