What Constitutes Advertising
 In order to allay a misunderstanding among some as to what constitutes news and what advertising, we print this very simple rule, which is used by newspapers to differentiate between them: "ALL future events, where an admission charge is made or a collection is taken IS ADVERTISING." This applies to organizations and societies of every kind as well as to individuals.

All reports of such activities after they have occurred is news.
 All coming social or organization meetings of societies where no money contribution is solicited, initiation charged, or collection taken IS NEWS.

A PLEA FOR MOTORISTS
 In nine cases out of ten wherein accidents occur involving drivers of motor cars and pedestrians, the motorist has done all in his power to avert serious trouble. And in about a proportionate number of cases the pedestrian has failed to observe, or rather ignore, all traffic rules and regulations.

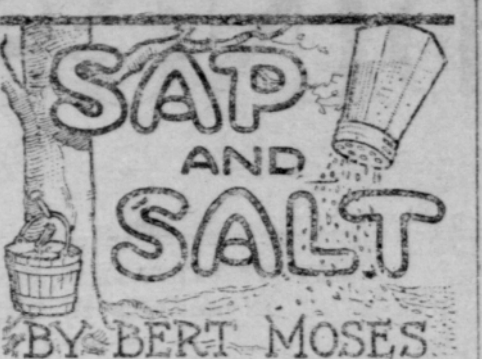

Two near-accidents occurred on the streets of Ashland in the past few days. In the first, two women suddenly cut across the street between two parked automobiles and glanced neither to the left nor to the right. In order to avoid striking them a motorist turned his machine into another car and had to pay for the damage resulting, though the accident was not caused by his carelessness. In the second case, two men walked across the street without first looking to see if the way was clear. The first saw the machine as it turned the corner. He stopped, but the other, with head down, continued on his way until he was brought to a state of consciousness by the violent and protesting shrieks of the brakes on the automobile.

Streets were designed primarily for traffic. The sidewalks were created for the pedestrians. A majority of motorists observe the laws of the state regarding driving. In addition to this they are forced to think for the careless person who is walking. Until pedestrians discontinue their habit of "jaywalking," while crossing the streets, and cooperate with the motorist in relieving him of needless anxiety, accidents that otherwise might be avoided are bound to happen.

Before investing money in any project it is wise to consider the nature of the enterprise. Those that offer the quickest and largest returns are often the ones that prove to be the most retroactive. Any investment that will insure a reasonable margin of profit upon the amount invested is a safe proposition.

"BOGS" COINS ARE AFLOAT IN VICINITY OF WEED
 WEED, Calif., Sept. 26.—Counterfeit half dollars have been appearing in Weed the past few days. The Wood Mercantile company discovered six in its cash Saturday. The source of the bogus money has not as yet been discovered.

Jackson County Fair Awards Are Made To Schools

The school exhibits at the Jackson county fair won awards as follows:

Division 1—Rural: Lake Creek, first; West Side, second; Willow Springs, third; Neil Creek, fourth; Wellen, fifth; honorable mention for industrial art exhibit to Mays Creek and Foothills Creek schools.

Division 2—Two-room schools: Sams Valley, first; Oak Grove.

Division 3—Schools having three or more teachers: Phoenix, first; Gold Hill; Rogue River; Talent (honorable mention for industrial art).

Division 4—High schools: Phoenix, first; Sams Valley.

In divisions 2, 3 and 4, only the school awarded first place received a prize of a standard picture.

Medford schools were represented only by a worthy manual art exhibit, and Ashland had no school work presented. Another year the two first class districts plan to join forces with a complete educational exhibit.

The judging committee made several suggestions helpful to the educational department: Better representation of schools at the fair next fall, every school to exhibit some work. An arrangement of work which will more easily admit of judging. More wall space to be available for the educational exhibits. County superintendent and supervisor to collect exhibits from each school at close of spring term, in order to have them on hand for the fair.

SEVEN ARRESTED AT SISSON FOR POSSESSING LIQUOR

SISSON, Calif., Sept. 26.—Seven citizens of Sisson were arrested Saturday on charges of violating the eighteenth amendment: Pete Neugler, Frank Fuller, M. Ronconi, B. Casalta, G. Spalzi, Roy Zanni and Charles Borgnes.

The arrests were made by Deputy United States Marshal Fred S. Field. The warrants were issued on complaints made by Prohibition Agents A. R. Shurtleff and W. R. Paget, who visited Sisson on September 16.

Roy Zanni and Charles Borgnes drove Deputy United States Marshal Field to Red Bluff, where they appeared before United States Commissioner Gans and pleaded guilty. They will appear in the United States court in Sacramento on October 2d to receive sentence.

The others gave bonds to appear before United States Commissioner Gans whenever they are wanted.

KLAMATH FALLS FIRE CHIEF WILL RECOVER FROM INJURY

KLAMATH FALLS, Sept. 26.—Fire Chief Keith Ambrose, who was injured in a rooming house fire here, will recover. Hospital authorities said he suffered principally from smoke.

Carried down when the second floor fell in a fire at the Star Rooms, a frame building near Sixth and Main streets, Ambrose was pinioned beneath burning timbers and narrowly escaped death before rescuers reached him. He was unconscious for some time.

Hair to Be Worn Straight This Autumn

HAIR, SHORT, AND UNCURL, IS THE LATEST
 DOROTHY DALTON ADOPTS THE NEW STRAIGHT BOBBED MODE
 HAIR DRAWN TIGHTLY BACK NEW MODE FOR LONG HAIR

THERE has been much wailing and gnashing of teeth among the bobbed heads of the land. And much too much flourishing and waving of the curling irons. And burnt-up hair, and coarsened locks, dried by the permanent-rinsing of the hair.
 One had to have short, curly hair—because everybody had to have short, curly hair. And the funny part was, no one ever had short hair and curly hair together at the same time and the right 'inc. The coiffure was full and fluffy and round when one had no time to go, and when one had some place to go, with a beau, one's hair looked like Sam Hill. Fresh curls, the weekly shampoo, and the Special Date never seemed to synchronize.
 Life was becoming too complicated. Something had to be done to save the heads of the fair. They couldn't get along with bobbed hair, and they wouldn't give it up.

And now the solution; it's all very simple.
 Nobody's going to curl the hair. They're going to leave it straight. They are going to depend on the natural gloss of a well-groomed head for the standard of chic and beauty. Of course, all the hair-dressers will be furious, but no doubt they will bear up under the blow.
 The new coiffure for bobbed hair is the straight bob. It is very pleasing, and follows the lines of the head in a manner that is undeniably artistic. It will turn out at the ends naturally and smartly in most cases, as the short-bob, natural head-dressing does the photo above. The picture shows Dorothy Dalton, the Paramount motion picture star, in "The Siren Call," an Irvin Willat production, doing her hair in this newest and smartest bobbed mode. She is one of the first screen stars to adopt this sensible

and attractive dressing sponsored by Paris.
 Paris, for the long haired, designs the slick-back mode of wearing the hair, as shown in one of the sketches above. Dips and stray wisps of hair plastered cunningly and artfully against the cheek, are an added attraction. The hair is drawn back very tightly, and knotted low at the back—near the nape of the neck. This knotting of the hair there, gives a picturesque profile absent from the hair dressing modes for many years. It is pleasing and favorable to many women, and it is surprising it has not come back before.
 Brilliantine is also a part of this long-haired, shining, seal-like coiffure. But the shine of brilliantine never has the charm and refinement of the natural gloss of the well-cared-for, well-groomed, head of hair.

Farmers Held Salvation of United States; Bumper Crops Help Offset Effect of Strike

WASHINGTON, Sept. 26.—The American farmer—the backbone of American prosperity—provides the chief hope, through his bumper crop, that the country can go through the winter with a minimum of handiaps following the twin industrial strikes. The farmer, according to officials of the federal reserve board, is to have a good season. He will get higher prices than last season. He will have enough surplus to supply a greater volume of goods to foreign buyers.

While the strikes have cost billions of dollars in wages and other losses, the farms have gone ahead by their increased output in rolling up more agricultural wealth.

The federal reserve board foresees many complex problems this winter, as an outgrowth of the strikes, although the general business situation is believed to be inherently sound.

Business activity has kept up at a high level relatively, according to reports of bank agents. Labor disturbances have, of course, kept business somewhat suspended in many of the chief industrial localities, where railroad and coal labor has been idle, but the country as a whole is on a good footing, the reports declared.

ROCKEFELLER SHOULD HAVE RESIDED IN OREGON

SALEM, Or., Sept. 26.—If William Rockefeller had been a citizen of Oregon instead of New York state when he died, his heirs would have been compelled to pay inheritance tax on his estate in the amount of \$11,966,325 more than in New York.

This was set out in a statement prepared here by O. P. Hoff, state treasurer, for transmission to William G. Shepherd of New York city, who is preparing an article on the subject for publication in an eastern magazine. In New York state, the inheritance tax on Mr. Rockefeller's estate was estimated at \$7,986,300.

BISHOPS' MEETING ENDED IN PORTLAND

PORTLAND, Sept. 26.—The sun has set on the 47th triennial general convention of the Protestant Episcopal church. But it was a glorious sunset, especially for Episcopalians of Portland and Oregon.

Never before in the 147 years' history of the American Episcopal church, do records show or minds recall such a royal reception and hearty welcome. First honors have, therefore, been accorded Portland, along with the prediction that such a spirit of welcome will not be exceeded until the church decides to come to the Far West once more for her general meeting.

The general convention, which opened September 6, closed Saturday afternoon at 1:30 o'clock with a brief evening prayer service, at which the pastoral letter was read.

COUNTY NURSE ON JOB AFTER 3 MONTHS' LEAVE

Marie E. Fallidine, Jackson county public health nurse, who spent the summer in the east on a three months' leave of absence, is back in the county again, and at her usual work. She was in Ashland Monday, looking over some cases that had called to her attention, and looking after other routine business.

Miss Fallidine does not expect to hold any weighing and measuring clinics for babies in Ashland until October, after which time they will be held regularly.

The offices of the county nurse are located in the Medford building and she may be reached by phone, her number being 456, Medford.

Grants Pass Men Prove Easy Marks For Fast Worker

(Grants Pass Courier)

Many local merchants are bemoaning the fact that no trace has been found of the woman who fleeced them out of several hundred dollars last week. She purported to have an excellent advertising scheme and, on the strength of a few credentials, collected heavily from a number of local merchants. Today they have neither the advertising nor the money. It will probably be credited to profit and loss—mostly loss, only one merchant having come out more than even on the proposition. The rest are in the hole for the amounts they paid in advance on a fake, the amounts ranging from \$10 to \$40.

The woman said she was getting advertising for stationery of the Good Samaritan hospital here. She exhibited credentials from everybody except the chamber of commerce, which is supposed to put its stamp of approval on all advertising schemes before they are patronized by the local merchants. Secretary Sabin states that not a single merchant referred to the chamber as to the genuineness of the scheme. Miss Aitchison, of the local hospital, says that the woman carried a large number of credentials from people

she knew personally, and it was because of this fact that she wrote a letter commending the advertising.
 The woman was one of the smoothest workers seen here for some time. She was later apprehended at Roseburg and put under ball, which she forfeited. None of the money paid by the merchants was recovered.
