

Local and Personal

Eye Injured at School—

Winston Johnson, son of R. W. Johnson, of 407 Scenic Drive, suffered a badly injured eye at school yesterday, when he was thrown against a radiator by another boy. The eye began to swell and before medical aid could be obtained, it was swollen almost out of the socket. The attending physician believes that the sight of the eye will not be injured.

Wanted, women to work in fruit at Talent cannery. For particulars, phone 364-J1. 1tf

They are GOOD! 10¢

Dies at Grants Pass—

Word has been received in this city of the death of Miss Pearl Langtwaet of Provolt. Miss Langtwaet was a student at the Ashland summer normal school during the past summer.

CENTURY NOTHING TO HER

Mrs. Hannah Eldred of Baldwin, L. I., was ironing a shirt at 7 o'clock the other night and singing—she always sings when she works—when a hundred or so descendants and other relatives came in and reminded her that it was her hundredth birthday. Mrs. Eldred reads without glasses and is astonishingly vigorous for her 115 pounds. The photographer said, in an aside to one of the daughters: "Can she walk unaided?" Mrs. Eldred overheard and answered him by dancing a jig. Then, just to prove her pep, she went out into the yard, chopped wood, hung up a washing on the line, pushed a wheelbarrow around, and then climbed a ladder.

Mother was very anxious to have this particular dinner a success. Therefore she was very much dismayed when at 5 o'clock she discovered that the maid had broken the gravy boat belonging to her best set of dishes. Then a bright thought struck her. Her neighbor had the exact set and would surely lend her the desired piece of china. The dinner went along splendidly until the meat course was served and the maid brought in the gravy boat. Then up spoke the five-year-old daughter of the house: "I want to tell you," she announced, "you'd better all be careful of our gravy boat because it isn't ours, and we'd hate to break another one today, wouldn't we, mother?"

Cycol keeps your engine free from destructive "sulpho" compounds

A way has been found to remove destructive "sulpho" compounds from motor oil. It is the new Hexeon process used only in making Cycol Motor Oil.

Because Cycol is free from destructive "sulpho" compounds it retains its "body" under terrific engine heat and maintains an unbroken lubricating film between moving parts. Thus the motorist who uses Cycol heads off engine damage.

Flush your crankcase and refill with the correct grade of Cycol.

Free from destructive "sulpho" compounds CYCOL MOTOR OIL
