VICTORY TODAY PLACES GIANTS IN 2-GAME LEAD

YANKEES ARE DEFEATED BY SCORE OF THREE TO NOTHING

UNWANTED PITCHER PROVES HIS WORTH

Scott Latest Hero; Ruth and Groh Have Argument at Third; Crowd Hoots Man Once Idol of All Baseball Fans.

POLO GROUNDS, New York, Oct. 6.—John Scott, whose baseball name has been known in the majors for less than three months, and who was shunned like a prairie dog while he went the rounds pulling managerial door bells, pitched himself into fame and fortune, and the Giants into their second victory over the Yankees in the world's series, today. The score was three to nothing.

Scott was not wanted anywhere, after the Cincinnati Reds turned him out in a cold and indifferent world at the start of the present season. He finally prevailed upon McGraw to give ear to his plea late in the season and today the refugee repaid his benefactor by pitching the greatest game of the series. Only four hits were made off Scott, one of them being a scratch hit by Bob Menzel, which started a near-rally in the seventh.

But Scott fanned Elmer Smith, pinch hitter for Ward and disposed of Everett Scott on a grounder to Bancroft, at which time the rally became a collapse.

The Giants manhandled Hoyt right merrily, and the contrast of their own ineptitude with the success of the National league entry seemed to upset the Yankees' plumb, and ultimately led to some unpleasantness when Ruth deliberately bumped Groh off his feet when he was caught out at third in the fourth inning.

This ill-matched pair separated with difficulty. Ruth was roundly hooted by the crowd every time he poked his nose above the dugout thereafter.

The Giants are now leading two games to none.

EVANGELISTIC JEW TO SPEAK TUESDAY

"The Conversion of a Jew" will be the subject of an address by Charles I. Spellman, Hebrew Christian evangelist, of Los Angeles, at the Baptist church, Tuesday, October 10, at 7:30 o'clock. Mr. Spellman claims the distinction of having had a call from God to preach to both the Jew and the Gentile.

It has been openly estimated that there are more Jews accepting Christ according to the population of the world, than Gentiles. Out of 15 1/2 millions of Jews in the world, more than 50,000 are taking a stand for Christ, while of the three and one-half millions of Jews in the United States, more than 25,000 have accepted His teachings.

ASHLAND MAN HELD IN PORTLAND JAIL

Word was received in this city late last night of the arrest in Portland of G. M. Cooper, who is wanted in this city on the charge of writing a check with no funds in the bank.

Mr. Cooper sold his place here a few weeks ago and left for the north, but not before he had made a purchase from the Eastern Supply company, giving in payment a check on the First National bank. When the check was presented for payment, the funds which had been in the bank were withdrawn, and the bank refused payment. Chief of Police Hatcher was notified and cards were sent out over the country, notifying the police at different cities that Cooper was wanted, and the arrest last night was the result.

Chief Hatcher wired the Portland officials this morning to hold the man until he arrived, and he expects to leave for that city today to bring him back to answer the charge.

REVOLUTION CRY BEING SOUNDED BY ITALIAN FACTIONS

ROME, Oct. 6.—Italian troops in Trentino and other territory that was taken from Austria are being reinforced to prevent hostilities between the fascist and the socialist and bolshevik faction of extremists.

Leaders among the social extremists are openly demanding a revolution. Fears are sweeping the country that a civil war will be precipitated.

Members of the fascist deny they are preparing for war, but all indications are that they are plotting to get absolute control of the government.

HUGE WATERSPOUT SEEN OFF COAST OF OREGON

NEWPORT, Or., Oct. 6.—The fishing schooner Empire narrowly escaped being overwhelmed by a huge waterspout when about 15 miles off shore. A huge block of water, estimated at about 200 feet in diameter and extending high in the air, was observed off the port bow. The course of the boat was instantly changed. The waterspout assumed a funnel shape, twisting spirally, was sucked to a great height and collapsed with a thunderous noise. Waterspouts in this latitude are a rarity.

SISKIYOU NATIONAL FOREST IN NEED OF NEW ROAD

The most important road need in the Siskiyou national forest in southwestern Oregon is a road between Gold Beach and Agnes, a little way up the Rogue river, says T. P. Flynn, forest examiner, who has just returned from a trip through the forest with Supervisor E. H. MacDaniels. This would make Agnes more accessible and would be a great thing for the settlers, besides being important from an administrative standpoint, Flynn said.

A suspension bridge is to be built across the river at Agnes within the near future, according to Flynn, in which the settlers will co-operate with the forest service to some extent.

LEGION LYCEUM DRIVE MAKING GOOD PROGRESS

Though the teams that are covering the city in the interest of the American Legion for the sale of tickets to the winter lyceum course have only canvassed a portion of their territory, and some districts have not yet been visited, reports from the captains are very encouraging.

The drive will be continued until a sufficient number of the tickets have been sold to insure the cost of the attractions. The Legion, which is backing the lyceum course again this year, is confident it will receive sufficient financial support to place five numbers before Ashland people.

KLAN ISSUE INJECTED IN PENDLETON POLITICS

PENDLETON, Or., Oct. 6.—Before the annual round-up, Pendleton citizens thought it would be difficult to get candidates for all the elective offices open in the city administration, but the fight is on in city politics, and the political battle resolves itself into the Ku Klux Klan issue.

The issue is openly klan and anti-klan. But the problem of the city is one of finances, and since the adoption of a budget, exceeding the income, this question will have to be fought out at the polls.

A hot election is predicted, with canvassing now under way.

SATURDAY IS FINAL REGISTRATION DAY

Every citizen who desires to vote at the forthcoming general election in November, and has not registered, must do so during the day tomorrow as that is the last day for registration. Under the permanent registration provisions of the Oregon laws, only those need register who have just come of age, who have changed residence to another precinct, who have failed to vote for two years, which would result in their names being dropped from the registration rolls.

All Ashland citizens who desire to register may do so by calling at the Billings real estate office and asking for registration blanks.

WINBURN DINNER IN ALBANY IS SUCCESS

ALBANY, Or., Oct. 6.—Jesse Winburn's so-called non-partisan banquet to the press of Oregon in honor of Walter M. Pierce, democratic candidate for governor, was given at the Albany hotel with 101 persons present.

The fact that several republicans, who had bolted the ranks of their party, were present as supporters of the Union county man for the next executive of Oregon, appeared to be one of the reasons for calling the affair non-partisan. Lack of political issues in the state at the present time was pointed out as another.

Bert Moses, acting as toastmaster, introduced Mr. Winburn, chief donor to the Pierce campaign fund, by reading an editorial from the Corvallis Gazette-Times expressing admiration for the "Winburn style of community spirit."

SAVAGE ANIMALS INJURE TWO IN NORTHERN CALIF.

Two persons in northern California were recently the victims of infuriated domestic animals.

While attempting to put a chain through a ring in the nose of a bull, John Robustelli, well-known farmer near Yreka, was attacked by the maddened bovine and butted against the corral fence, so severely injuring him that he died a few hours later.

Mrs. Hugh Grant, an aged lady, met a boar while crossing a field. The huge hog rushed at her and succeeded in knocking her down. Mrs. Grant escaped with bruises and a bad shaking up, as dogs that accompanied her, were successful in keeping the board at bay until she had time to make her escape.

SNAG IS STRUCK AT THE MUDANIA PEACE MEETING

RELATIONS WILL BE RESUMED FIRST OF COMING WEEK

BRITISH FEAR TURKS WILL BEGIN OFFENSIVE

Boullion Held Responsible for Collapse of Conference; Allied Representatives to Consult with Governments During Week-End Period.

CONSTANTINOPLE, Oct. 6.—The Near East conference, which entered into a sudden deadlock at Mudania, is to be resumed Sunday or Monday, according to information received here.

No sooner was word received that the conference had broken down than information began to trickle in that Turkish troops were beginning to enter the neutral zone.

It is understood that allied representatives will take today and tomorrow to confer with their home governments pending a renewal of the negotiations.

The chief obstacles are:

Refusal of the Greeks to withdraw from Thrace;

Insistence by the Turks that they occupy Constantinople and Adrainople immediately.

LONDON, Oct. 6.—Fears of war in Asia Minor again blazed forth in the wake of the collapse of the Turco-Allied armistice conference. It was admitted by Downing street officials that the British fear an offensive by the Turks against the British at Chanak, on the Asiatic side of the Dardanelles.

The British declare that Henri Boullion, Franco-British-Italian pacification emissary, is responsible for the breakdown because he informed the Turks the demands they made were impossible.

SNOW AT CRATER LAKE FORCES WORKMEN HOME

Sixteen inches of snow at Crater Lake has put a stop to all activities at that place at the present, and it is thought that it will not be resumed again this fall.

Workmen left the lodge Wednesday with the snow almost knee deep and still coming down with no signs of quitting. Snow continued to fall as far down the road as White Horse creek.

Work on the addition to the lodge has ceased and will probably not be started again until the latter part of May or the first of June of next year.

HOBOS CONTINUE TO COME AND GO IN JUSTICE COURT

Six hobos were brought before Justice Gowdy this morning, where a fine of \$2.50 was assessed against a part of them who pled guilty to trespassing on the railroad property. All were released after the assessed fines were paid and took to the highway to make their way south.

The railroad officers are bringing in only a small number of those with whom they come into contact, for one day during the first part of the present week, the officers had 43 of the "weary Willies" in charge at one time. This is slightly above the average of what is generally found in the railroad yards at one time, but it is not uncommon for the officers to pick up as many as 25 from one train when it arrives.
