WORLD FAIR IS POSTPONED FOR TWO MORE YEARS

MORE TIME NEEDED IS DECISION OF FAIR COMMITTEE FRIDAY

PORTLAND PROPOSES THREE TAX LEVIES

One Million Dollars to be Raised Each Year for Three Consecutive Years is Plan; Huge Advertising Campaign Scheduled.

PORTLAND, Oct. 9.—The exposition for the exploitation of Oregon's resources and opportunities is to be known hereafter as the "1927 Exposition." The exposition committee decided last Friday, by unanimous vote, to postpone the time for holding the exposition for two years, so that a more creditable one might be created.

This action will in no way change the measure upon which the people of the state will vote November 7, giving Portland authority to tax itself for the exposition. No tax is provided outside of Portland. The measure provides that the exposition shall be held in 1925 or as soon thereafter as it can be arranged, so that the authority from the voters of the state to make the special tax on Portland is required just as before, regardless of the postponing of the time for holding the exposition.

After carefully considering all angles, the exposition committee has decided that there is not sufficient time to create the great exposition planned by 1925, and that two years additional will give opportunity to make it even more extensive than originally planned.

While the state in general will vote on the proposal to give Portland permission to tax itself, that city itself will vote on a proposal to levy a tax of \$3,000,000 at the rate of \$1,000,000 a year, the first levy to be made after private subscriptions to the extent of \$1,000,000 have been raised.

The exposition committee also has authorized immediate commencement if the exposition is approved at the November election, of an intensive advertising campaign for Oregon, in which its attractions and opportunities will be set forth to the world, and which is to continue on through to the period of the exposition.

BOUNDARY LINE IS MISTAKEN BY TURKS

PARIS, Oct. 9.—Turkish troops that violated the neutral zone on the Turkish straits, at Ismid, south of Constantinople, have withdrawn, according to an announcement made by the French foreign office.

Foreign office officials said they considered the Ismid incident closed and no longer a source of anxiety.

According to official advices, the commander of the Turks at Ismid said he had mistaken the exact location of the neutral boundary line and crossed it without knowing it, withdrawing as soon as the British military authorities demanded it.

It was Turkish forces in this sector whose movements gave so much anxiety to the British.

MEN OUTCLASS WOMEN; WIN FANCYWORK PRIZES

TACOMA, Wash., Oct. 9.—Two men invaded "no man's land" at the western Washington fair at Puyallup and were awarded first honors for needle work. The winners are James Oliver, a local tailor, and R. D. Balou, member of the Tacoma fire department. Oliver won his first prize with a filet-trimmed luncheon set, and Balou's winning display was a luncheon set trimmed with tatting.

Judges at the fair said the work of the men surpassed any women's work shown.

The Ladies' Art club will meet this evening in Pioneer hall. Hostesses for the evening are Mesdames L. Schwein, W. M. Myers and Clint Baughman.

SUBJECT TESTIFIES GLAND OPERATION HAS RESTORED HIM

PARIS, Oct. 9.—Youth can be restored by monkey gland operations. Rejuvenation is no longer a theory, it was demonstrated here by M. Voronoff, famous scientist, before an assembly of 200 physicians, including many surgeons of the College of France and many prominent physicians.

For the first time in the history of medical science, a human being who had gone through the rejuvenation process, was exhibited before a group of scientists in eline demonstrations.

Arthur Liard, 74, testified to gathered assembly and stated that his youthful vigor had been restored and that he now felt like a man of 35.

SOUTHERN OREGON MAY YET HAVE RAIL ROAD TO THE COAST

PORTLAND, Oct. 9.—Financial negotiations are being made by southern Oregon mining interests to raise the capital necessary for the completion of the California & Oregon Coast railroad between Grants Pass and Crescent City, Calif.

Indirect advice of these negotiations has been received during the past month by officials of the Southern Pacific company and the Oregon state bureau of mines and geology. The reports indicate plans for establishing a capital working basis by the spring of 1923.

Prior to the war this railroad under the guidance of Robert T. Twohy was pushed from Grants Pass a distance of 15 miles, to Waters creek.

To push the line through the valley of the Illinois river and into the port of Crescent City on the extreme northern California coast, a total of approximately 85 miles of track must be laid at a cost ranging between \$2,500,000 and \$3,000,000.

EMBROIDERY CLASS WAS WELL ATTENDED SATURDAY

The children's embroidery class, which held its first session at the Needlecraft shop Saturday afternoon was attended by an even two dozen children, who were given their initial instruction in fancy work. Many of the youngsters had never received any tutoring along this line but all gave their undivided attention to Mrs. Conover, who believes they will be greatly benefitted by the lessons which she is giving free of charge.

Owing to the number that came for the lessons, two classes were formed, one between 1 and 2 o'clock and the other between 2 and 3.

Those in attendance at Saturday's classes were: Clarice and Irma Crowson, Blanch Gates, Viola Hayes, Eunice Wing, Virginia Crandall, Sylvia Provost, Luella Reeder, Sarah and Margaret LeMasters, Dorothy Nininger, Mary and Myrtle McCoy, Beatrice and Viola Underwood, Virginia Hooper, Miram and Portia Conover, Agnes Hervey, Viola Wood, Ione Hazen, Norma Brower, LaVerne Ramsey and Frances Cadamo.

AUTO THIEF HAS HIS NERVE; STEALS BATTERY FROM CAR

When Ray Clary attempted to start his car about 10 o'clock last night, he received no response to a turn of the switch. He lit a match and discovered the floor boards to be out of place. Bending lower, Clary found that while he had been making a social call, someone had paid a visit to his machine while it was parked in front of the house, and departed with a storage battery.

WOMAN KILLS LARGE BUCK WITH SMALL CALIBER RIFLE

WALKER, Calif., Oct. 9.—Mrs. Fred Jensen, of McKinney Creek, in Siskiyou county, while hunting with a .22-caliber rifle, jumped a deer. She was not looking for such big game, but with her first shot, she killed it down.

She then shot a second time, hitting it in the neck. It was a five-point buck. Mrs. Jensen's husband had to carry it home for her a distance of about one-half mile.

YANKS FAIL TO TAKE ONE GAME DURING SERIES

FIVE TO THREE WIN SUNDAY GIVES TITLE TO THE GIANTS

SHAKE-UP PREDICTED FOR 1923 BALL SEASON

Manager of Losing Team Probably Will Be Seeking Another Berth; Owner Dissatisfied with Showing of Club This Year.

NEW YORK, Oct. 9.—Post mortems on the world's series, which was brought to a conclusion Sunday with the Giants winning five to three and copping the title without the loss of a game, may be summed up by stating this salient fact, to wit:

The Yanks cannot hope to repeat next year in the American league race unless drastic changes are made in the personnel of the club. They must get a new team for the manager, or a new manager for the team. Since the latter may be accomplished with considerably less trouble and money than the former, it is to be assumed that Miller Huggins will go, and a majority of his self-centered Mormons will stay.

Colonel Houston, part owner of the club, has been gunning for Huggins these several years. It is probable Houston will score a hull's-eye now that Huggins has demonstrated that he can get only a minimum of best ball out of these discontented prima donnas.

NEGRO KILLS HERO WORLD WAR WHO ATTEMPTS ARREST

VANCOUVER, B. C., Oct. 9.—Constable McBeath, who returned from the world war with a Victoria cross, was fatally shot, and Detective Quirk was wounded today by Fred Deal, a negro.

Deal was driving an automobile erratically in the heart of the city, when the two officers jumped on the running board and arrested him. While Quirk took charge of Marjorie Earl, white, an underworld character who was with Deal, McBeath escorted Deal to a patrol box. There the negro attacked the officer.

When Quirk went to the assistance of McBeath, Deal opened fire, fatally wounding McBeath, who died soon after reaching a hospital. Quirk was wounded, but not seriously, and gave chase to Deal, who later was captured.

COMPLAINTS FILED FOR PICNIC PARTY

Four complaints were filed in the city court this morning, one each against E. M. Potter, Jesse Winburn, Georgia Coffee and Frank P. Farrell, for disregarding city ordinance No. 738, which prohibits people from picnicking above the intake of the city water works.

The complaints were filed by Officer Fred Carlton, who is on duty in the canyon to prevent any picnicking in the watershed of Ashland creek. He found the picnic party at the end of the road, some two miles above Sap and Salt.

Others in the party besides those complained against, and who were guests at Sap and Salt at a 9 o'clock breakfast and 3 o'clock dinner, were Dr. and Mrs. F. G. Swedberg and daughters, Mr. and Mrs. Frank P. Farrell, G. A. Briscoe, Mrs. Lance Briscoe, Miss Geraldine Ruch, Mrs. Miriam Shepherd and daughter, Mrs. Charles Loomis and Mrs. C. D. Winland.

The filing of the above complaints is to settle the question as to who has supervision of the Ashland creek canyon, the government through the forestry service, or the city of Ashland, which gets its water supply from the watershed in which the picnic was held. The case will undoubtedly be appealed and carried to a higher court, regardless of which side is given the decision in justice court.

YOUTH IS HELD IN CONNECTION WITH MURDERS

PASTOR AND CHOIR LEADER MISTAKEN BY SLAYER, IS WITNESS' STORY

DEAD WOMAN THOUGHT SWEETHEART OF HAYES

Jealousy Leads to Fatal Shooting; Chum of Young Killer Being Held In Jail as Material Witness to the Shooting.

NEW BRUNSWICK, N. J., Oct. 9.—The mysterious double murder of Dr. Edward Wheeler Hall, wealthy rector of a fashionable Episcopal church, and his beautiful choir leader, Mrs. James Mills, reached a sensational climax today when Clifford Hayes, a 19-year-old boy, was arrested for the murder, and his chum, Raymond Schneider, arrested as a material witness.

According to a confession by young Schneider, which was obtained after an all-night grilling, Dr. Hall and his companion were victims of mistaken identity.

Hayes was madly infatuated with a 15-year-old girl. He was suspicious of the relationship between the girl and her step-father, and he shot and killed Hall and Mrs. Mills when he saw them at a lonely spot, thinking they were his sweetheart and her step-father.

COAL COMPANY IS DENIED REHEARING BY SUPREME COURT

WASHINGTON, Oct. 9.—The United States supreme court today denied a petition for the rehearing of the case of the Coronado Coal company against the United Mine Workers of America.

In a decision earlier in the year, the court held the miners union was responsible as such for damages to property and life growing out of the strikes.

The refusal of the court to rehear the case released approximately a million dollars of funds of the United Mine Workers, which was held up pending action by the court.

The Coronado Coal company is left free to bring suits for damages to property in the lower federal courts.

MEDFORD BATTERY SHOP IS PURCHASED BY LOCAL MEN

During the latter part of the week negotiations were under way between Max and Ted GeBauer, of Ashland, for the purchase of the Perkin's Auto Electric shop, 27 Grape street, Medford. Satisfactory arrangements were made during the week-end, and the new owners assumed the management today.

Though having their business in Medford, both the men will continue to reside in Ashland, making the trip to Medford daily.

FOREIGN STEAMERS ALLOWED MORE TIME TO CUT OUT BOOZE

WASHINGTON, Oct. 9.—President Harding has ordered a temporary delay in the full enactment of the Daugherty ruling against the transportation of intoxicating liquors aboard both American and foreign ships. In a letter to Secretary of the Treasury Mellon, President Harding ordered that the customs officers be instructed not to enforce the ruling against foreign vessels leaving their home ports or American vessels leaving foreign ports on or before October 14.

This step, the president explained, does not affect the prohibition against sale of liquor on board American ships. That is to cease immediately.

BEAR STATE RIDER WINS FIRST PLACE KLAMATH RODEO

KLAMATH FALLS, Oct. 9.—Billy Raymond, a young cowboy from Dorris, Calif., is the champion bucking horse rider of this section of the west. He won that honor and the first prize of \$500 here in the finals of the three-day Southern Oregon rodeo.

Boss Richardson, of Paisley, was second and Montana Red Frank Smith and Red Parker tied for third.

Jesse Stahl, the famous colored rider, was seriously but not dangerously injured riding here. The rodeo was unusually free from accidents however, although many of the riders received bad falls.

The crowds taxed the fair grounds to capacity each day. The rodeo was generally conceded the best ever staged in this section.

The most remarkable feature of the rodeo to visitors was that all stock used and on exhibit was raised in Klamath county. Local riders made gratifying showings in contests against professionals.

Jackson county farmers are reported as being determined that the county will capture prizes at the big state fair.

The pictured forest fire representation painted by Miss Mabel Russel of this city, was shown at the state fair at Salem, in an exhibit made by the Scenic Preservation society at the request of Governor Ocott. Miss Russell sent the picture direct to the governor, who wished it to be seen by the people of the state, emphasizing the need to be careful with fires in the forest. The painting has been returned to Miss Russell.
