### Many Attend Institute-

More than 200 teachers of Jackson! county are in attendance at the annual teachers' institute in Medford this week. Today is the second day of the session. The teachers will be guests at a dinner given in their honor at Phoenix Friday evening, following the closing of institute. The domestic science class of Medford high school served lunch to the teachers at the high school building this noon.

absurdly simple, once revealed. Nazimova, the great Russian actress, soon to appear in a motion picture version of "Salome," is responsible for the disclosure. For many months before beginning actual production of this photoplay, Nazimova delved deep into the historical facts about the hot-blooded daughter of Herodias; and from what, she learned by actual rearch, rebuilt the character of the

girl with amazing fidelity. The mystery has always been how John the Baptist, a man of indomitable spiritual strength, could have been tempted by the beauty of Salome, why he should have found it necessary to steel himself against the caresses of a mere barbaric girl

Why did she so appeal to him? According to Nazimova, her charm lay in the fact that she acthally loved him, though she may have been unaware of it herself.

"Men," said Nazimova, "regard vamping and love as two things as different as salesmanship and sincerity. As a matter of fact, a woman does her best vamping N A Z I M O V A when she actually is in love: she

puts her heart into her work, you might say.
