LLOYD GEORGE MADE WELCOME BY BIG OVATION

ENGLISH PREMIER DECLARES HE IS READY FOR THE FIGHT

LAW STILL EXPECTS ELECTION ON MONDAY

Unionists Are Slow in Giving Promises to Form New Cabinet; Many Names Are Suggested for Various Ministerial Offices.

LEEDS, Eng., Oct. 21.—"It is for the people to decide whether a political party or a nation comes first," Lloyd George declared here today. A great ovation was given the premier.

"I put my record in the hands of the people. The banner of strife has been raised, and I welcome the fight," he said.

Lloyd George said the coalition government, which won a victory in the war, is now broken because the unionists thought they did not get enough out of Winston Churchill, the vice-president.

He claimed credit for the establishment of the league of nations. He also predicted a general disarmament soon.

"Britain has recaptured the money market of the world," he averred.

LONDON, Oct. 21.—Andrew Bonar Law has not yet secured sufficient unionist promises to form a new cabinet. It is expected the unionists will elect him Monday.

Names that are being considered for the ministerial slate, are: Viscount Cave, lord chancellor; Lord Curzon, foreign secretary; Stanley Baldwin, chancellor of the exchequer; Lord Salisbury, secretary of state for war; Lord Derby, lord of the admiralty; Viscount Peel, secretary for India, and Colonel Leopold Amory, colonial secretary.

SURPRISE SHOWER GIVEN POPULAR YOUNG WOMAN

The home of Mrs. B. J. Heer, at 117 High street, was the scene Thursday evening of a very pretty affair in the way of a surprise shower on Mrs. Carl Smith. Mrs. Smith was formerly Miss Zella Heer and one of Ashland's most popular girls among the younger set, till about two years ago, when she took to herself a husband, since which time she has been the efficient bookkeeper of the Swift company in Ashland. The Smiths are moving to Dunsmuir, Calif., to make their future home, where Mr. Smith has been transferred by the Southern Pacific company. Mrs. Smith was the recipient of many dainty and useful gifts from her friends as a go-away remembrance of happy days spent together.

After a social evening spent in pleasant chat and discussion of the "Coming Age," dainty refreshments were served by the self-invited guests, which were as follows: Misses Dorothy Jones, Hazel Smith, Margaret Van Dyke, Isoline and Margaret Campbell, Esther Kleinhammer, Helen Addison, Beth, Joyce and Pauline Johnson, Mesdames Carl Loveland, Lynn Slack, Gene Hastings, Claire Tucker Scott, Arthur Ericson, Carl McCune and "Chic" Farlow.

CAMP SITE PROTECTIVE ASSOCIATION IS FORMED

Incorporation of the Southern Oregon Camp Site Protective association for \$500 is announced at Salem. Those interested in the corporation are Mayor C. E. Gates and Frank P. Farrell, Medford, and George A. Gardner, Jacksonville.

The business of the society is to protect the scenery of Oregon for the purpose of obtaining permanent camp sites and to make the state more attractive for outside tourists. The incorporation sum was donated by Jesse Winburn to give a proper impetus to the movement, which is a purely philanthropic venture.

MISS LIBERTY NOW BATHED AND WASHED FOR WINTER SEASON

WASHINGTON, Oct. 21.—Miss Liberty, atop the dome of the United States capitol, received her decennial bath this fall.

An army of workmen, in order to reach the goddess who holds aloft her torch high above the capitol dome, had to build a great series of scaffolds up the side of the building.

They first washed her and then painted her, and the first snows of winter will find her wearing a nice new gown.

STATE GUARD UNIT NOW BEING SOUGHT BY KLAMATH FALLS

KLAMATH FALLS, Oct. 21.—Formation of a national guard company here was discussed at a meeting in the American Legion club rooms, which was attended by Adjutant General George White, local executive men and others. Dr. T. C. Campbell, W. T. Lee and R. E. Bradbury were named as a committee of investigation.

Should a national guard be organized here, according to the committee, it would mean the distribution locally each year of \$10,000, and the guard would be without expense to the community. As the government is anxious to establish several new guard companies in Oregon, it is believed Klamath Falls would be assigned a company. This, it was pointed out, would probably lead to the construction of an armory, which would provide a public hall for all public gatherings.

If the government feels that there are 75 men in Klamath county willing to be members of its reserve corps, a regular army man will be sent in to assist in the organization.

Election Is Investigated—

Investigation of the last primary and recall elections, and phases of the Elmer Simonds case, were conducted by the grand jury in session in Jacksonville Friday. It was believed, owing to the religious faith of one of its members, that the work would be completed late yesterday.

It was reported that the investigation included that of date, election books, records from the county clerk's office and the hearing of testimony. The term of the present grand jury expires Monday, at the opening of the petit jury, when a new grand jury will be drawn.

Talent Cannery Apples—

The Talent cannery, which has been busy this past week in putting up apples, will soon complete the run of the season. Few apples are being received there, though the product is said to be of good size and quality this year. There was not a sufficient quantity of the fruit turned in to enable a long run this year.

Brakeman Is Held Up—

While protecting the rear of train 15, George Daudel, brakeman, was held up between Third and Jackson streets in Medford Thursday night, and relieved of his watch and several dollars in cash. The robber called Daudel's bluff when he tried to pass his watch off for a switch key. The man is described as being about five feet eight inches in height and weighing around 145 pounds. He wore a white handkerchief for a mask.

This depends on Judge Walter, elected to fill the late Senator Watson's unexpired term, whether or not he delays obtaining his commission for several weeks after election.

Native city men have been making considerable money in the last few years, and they have taken to champagne, gaudy socks and week-ends spent in company with attractive, if not demure, ladies of color. Civilization seems to be making headway in Africa, with the champagne appetite growing and chocolate-colored flappers in the vampire business.

DROPS DEAD ON WAY TO WORK HYATT DAM

Thomas Malone dropped dead Friday afternoon while en route to work after having had his lunch at the noon hour at the Hyatt Prairie construction camp.

Mr. Malone had been in poor health for some time and a Portland specialist had told him some time ago that he would live but a short time unless he underwent an operation, which he refused to consider. During the last few weeks, he had not been feeling as well as usual, and when he failed to appear on the job Friday after the lunch hour, workmen were sent out in search of him, and he was found where he had fallen on his way to work. He had taken a short cut over the hill, while the other workmen had followed the course of the stream to the scene of the work, which accounted for his not being seen at the time he fell.

A search of his belongings at the camp failed to reveal the name of any relative or friend, and J. P. Dodge and Sons, who have the body in charge, have been unable to find any trace of the dead man's relatives.

The body is being held at the Dodge Undertaking parlors pending the location of relatives or friends.

LIQUOR VESSEL BROUGHT TO PORT UNDER TRAINED GUNS

CANADIAN GOVERNMENT WILL RECEIVE APOLOGY

1000 Cases of Whiskey Taken by Over-Zealous Officials Will Also Be Restored to Owners; Embarrassing Situation Created.

WASHINGTON, Oct. 21.—American prohibition agents "blundered" when they seized the Canadian schooner "Emerald" loaded with liquor, off the New Jersey coast, the treasury department disclosed today. For the first time since the dry era, the government must apologize to a foreign government.

The dry chaser "Hahn" ventured eight miles off shore, trained her guns on the liquor laden "Emerald" and brought her to port. This constituted a serious breach of international comity, for the "Emerald" had not established communication with the American shore.

The state department is to restore the 1000 cases of whiskey to the owners of the Canadian vessel and answer to the British government's protest.

INTER-CLASS DEBATES ARE BRINGING OUT MUCH TALENT

Thirty-two students at Ashland high school are working hard in preparation for the class tryouts which will decide the personnel of the teams for the inter-class debates. The district question for the debates this year is: Resolved, that the United States government should own and operate the coal mines.

SUISLAW RIVER REPORTED FAIRLY ALIVE WITH FISH

EUGENE, Oct. 21.—The lower Suislaw river is alive with salmon, said Louis E. Bean, state game and fish commissioner, who has returned from Cushman. The big fall run is on, he said, and the people along the river are taking out more than they know what to do with.

Mr. Bean said that some of the commercial fishermen catch boat-loads of salmon in less than two hours. The fish are going to waste he declared, for the reason that the one small cold storage plant cannot take care of all offerings. Two car-loads of iced salmon were shipped to New York this week, and other shipments are to be made.
