U. S. S. Arkansas Theoretically Sunk

Remarkable photograph made from a navy photographic plane showing a plane passing over the U. S. S. Arkansas after dropping a torpedo which made a direct hit. The Arkansas was theoretically "sunk" as a result of the maneuvers off the Virginia Capes when a squadron of torpedo planes searched out three ships of the Atlantic fleet, attacking them. The photograph shows clearly the wake of the torpedo.

Medford Business Visitor—Donald P. Dickerson was a business visitor to Medford today.

Domestic Science Schools Use Calumet

Where baking is done scientifically—where ingredients stand or fall under exacting tests, you find Calumet Baking Powder used more often than any other brand.

—the choice of over hundreds of brands—the perfect leavener—pure—uniform. Keep this in mind when you buy baking powder, because it is of vital importance to successful—dependable baking. The purchase price of baking powder does not determine its economical merits—results tell the story.

That's why the sale of Calumet is 2 1/2 times as much as that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.
