THREE POINTS EMPHASIZED BY H. J. WISEHAUPT

STUDENTS ARE TOLD TO USE THEIR HEADS, TIME AND INITIATIVE

SUCCESS OR FAILURE SUBJECT WEDNESDAY

First of Series of Lectures A Get-Acquainted Affair; Character Analyzed to Remain 10 Days; Hour Is Advanced.

Use your heads. Utilize your spare time and develop your initiative.

These were the three points driven home by Howard J. Wisehaupt, character analyst and "town doctor," to the student body of the Ashland high school this morning. These particular points were aptly illustrated by Mr. Wisehaupt by practical applications and humorous instances.

"Initiative is one of the greatest demands made by the present business world," declared Mr. Wisehaupt. "In accordance to present policies of big business men, the thing that needs to be done must be accomplished without special instructions covering the situation. You must use your heads." The short and snappy address was concluded with an urging that the student utilize every spare moment, and to make the most of his opportunities.

Though the gathering at the Civic club building Wednesday night was not as large it is would have been had there been no counter attractions, those present were very much interested in the message brought by Mr. Wisehaupt. In a larger sense of the word, the meeting was a "get-acquainted" affair.

"Four out of five men are at present engaged in an occupation for which they are unfitted," stated Mr. Wisehaupt. "And the uneducated man at 30 years of age is as far up the ladder as he will ever be. The educated man will continue to advance."

Three humorous readings were given at the close of the lecture, and three more are slated tonight. Mr. Wisehaupt will limit himself to nine such readings during the three day course of lectures. He and his party will remain in Ashland until a week from this coming Sunday, and he is making appointments for individual consultation.

"Personality" is the subject of his address this evening. The hour of the lecture has been advanced to 7:30 o'clock, instead of 8 o'clock as advertised, on account of the political meeting at the Armory this evening.

OREGON BANKERS PLAN ON SERVICES OF A FIELD MAN

Bankers of Oregon will inaugurate something new in this line of business, beginning the first of the year, when the services of a field man will be obtained, is the message brought by J. W. McCoy, cashier of the First National bank, who attended a recent meeting of the executive council of the Oregon State Bankers' association in Portland. The duties of the field men will be similar to those of the extension department of the universities.

The field man will serve to bring the bankers closer together, and will also work for a closer co-operation between the agricultural and educational lines in production. This is something entirely new in the west, and according to Mr. McCoy, something that the bankers believe to be new in the United States. Business men and the school will be given an opportunity to hear the field man when he visits Ashland.

GIVES DELIGHTFUL PARTY TO LITTLE SCHOOLMATES

A delightful Halloween party was enjoyed by a number of little girls, who assembled at the Vendome hotel Tuesday evening.

Games appropriate to the day were played and the little folks were all attention when the word "ghost" was heard, whether it was in connection with some story by one of the older folks, or in the games being played.

A dainty lunch was served at 10 o'clock by Mrs. Hudnell, at whose home the party was held. She was assisted by Mrs. W. E. Jordan.

Those present were: Ruth Doan, Ruth Peebler, Elizabeth Wolcott, Bernice Clawson, Bonita Dunlap, Rosa Franco, Olga Jordan, Hazel Hudnell and Eleanor Doan.

Two expert mechanics, formerly of Salt Lake City, have taken charge of the repair shop of the Buick Sales Agency. All work guaranteed.

TEN-FOOT RAINFALL

A freak rainfall covering a spot about ten feet square, which continued to fall in Alexandria, Va., for several days, is puzzling scientists. While the weather bureau declares that Alexandria's freak rain is a physical impossibility, the fact remains that in front of 417 South Washington street and nowhere else, it was raining for days. Hundreds of curious persons flocked to the scene, skeptical, but were converted before leaving. The gentle rainfall was a reality without doubt.

Sanford, a reading by Mrs. Smith, a duet by the Misses Helen Sanford and Keitha Brookmiller, and a reading by Mrs. J. O. Oskar.

Legal Holiday November 11—Armistice day, Saturday, November 11, has been declared a legal holiday, Governor Ben W. Olcott making a proclamation to that effect. Medford is planning a celebration on a large scale then, and the Ashland high school eleven will meet Medford high in the afternoon.

Entries Close Friday—Fruit in single layer boxes is being received in large quantities by the Medford chamber of commerce for exhibition at the Apple show. CHRISTIAN WORKERS BAND HAVE REGULAR MEETING

The Christian Workers Band met Tuesday evening at the Presbyterian church for regular business session. It was decided to hold a union young people's social Tuesday, November 28, for the promotion of Christian good fellowship and the work of the Kingdom of God. Questions pertaining to the placing of a few more Bibles in the local hotels were settled. Those who have been going out to help W. W. Robison in Sunday school rallies, reported a fine spirit and much appreciation of the Ashland C. W. B. The meeting at Sams Valley last Sunday was especially good.

Next Sunday afternoon, the Band will start from the library at 1:30, to go to Gold Hill for a 3 o'clock service. Those who can do so, will go on to Rogue River for the evening service. Each member should take his own evening lunch, if staying over.

Some have asked who are members of the Band. Any member of any of the young people's Christian societies—E. L. C. E., or B. Y. P. U., are members of the Band. Their only aim is a wider activity than in the local society, holding themselves ready for any Christian service. It is a good work.

LOOMIS-FOR MAYOR PARADE ON SATURDAY AFTERNOON

A Loomis-for-Mayor parade is being arranged for Saturday-afternoon at 3:30 o'clock by the ladies of the city. They have engaged the band and are decorating a number of cars for the occasion.

The parade will start at Charlie Loomis' store on the Boulevard, proceed down Main street to the Plaza and back out East Main.

A number of fetching banners are being prepared and it will be interesting.

"We want a change" will be the motif of the parade.

Water Causes Trouble—A flash of light and then darkness told the story of a short circuit in the street light crowning the fountain in front of the Citizens bank Tuesday night. Investigation showed that the drain from the fountain had become stopped up and caused the water to back up and run into the conduit of the light wire, making a short circuit. The city light department repaired the damage Wednesday afternoon.

Spend Week-End Here—Mrs. Mabel Cook and daughter Barbara were week-end visitors with Mr. and Mrs. J. E. Anguine, on Bush street. Mrs. Cook and daughter are returning to their home in Oakland, Calif., after an extended trip through the east.

Glee Clubs Busy—Plans for the coming operetta to be given in December are keeping both the boys' and girls' glee clubs busy practicing at the high school. Though the date is several weeks away, work has already started on the production.

Politicians Are Active—Sponsored by the Independent Voters' league, a political meeting will be held in Central Point this evening and another one in Ashland on Saturday night. Fire Loss Is Heavy—Medford's largest fire, which destroyed the Mason-Ehrman plant Tuesday night, is estimated to have done damage to the extent of \$230,000, including loss to stock and to the building. The origin of the blaze is still a mystery, as George T. Collins, manager, declares every possible precaution against such a disaster had been provided for, with the exception of automatic sprinklers. The building had been looked over by the fire inspectors a short time previous, and was declared to be without any hazards. The building was erected 10 years ago.

WORKING HARD FOR GRANTS PASS GAME

Enthusiasm over the coming Ashland-Grants Pass football game, to be played in the Rogue river town next Saturday, is running high at Ashland high school. A large crowd of rooters will accompany the eleven for their return game with G. P. H. S. An earlier contest resulted in a 68-6 victory for the Ashland team.

With the return of Captain Charles Rush to the line-up, the local aggregation is considerably strengthened. Rush, who quit the team earlier in the season, decided to again don his mole-skins and lead his team mates against Medford on Armistice day.

No let-up in work has been permitted by Walter Hughes, coach, and the men are out every night until dark, getting themselves in condition for the coming game. It is at present the greatest ambition of every individual player who wears the red and white, to defeat Medford this season.

Comparative scores so far this year, give the edge to the Medford high school team, but this is only serving to fire the determination of Ashland to defeat their ancient opponents.

Armistice day will see one of the greatest football struggles in southern Oregon this year.

Mrs. Coleman has made a careful study of the suggestions and aids for the household to prevent accidents, and hopes that every housewife will observe them.

HUMAN LEG DISCOVERED NEAR WATER MAIN; COPS SEARCHING FOR OWNER

PORTLAND, Nov. 2.—Finding a man's leg wrapped in a box near a water main by workmen, may lead to a possible murder mystery, deputy sheriffs say. The leg was severed at the knee.

This recalls the case months ago here when part of a human body found was believed to be that of Ernest Descamps, former French underworld king. Police are looking for the owner of the property.

FULL HOUSE GREETES SECOND SHOWING OF 'WE SHOULD WORRY'

Another packed house greeted the cast of "We Should Worry" at the second and final showing of the production Wednesday night. Standing room was being sold the evening previous, and every seat was taken before the curtain raised.

As on the opening night, the audience were highly pleased with the offering, and greatly complimented both members of the cast and Mr. and Mrs. Frank Powell, who directed the Elks' musical comedy.

Financial returns from the production were being checked today, but were not completed in time to give a report on the amount cleared by the show. The complete funds, after all expenses have been met, will be turned into the fund set aside by the Elks for Christmas charities.

FREIGHT PILES UP; TRAFFIC IS STOPPED

The wreck of a freight train on the Southern Pacific, near Dunsmuir, Calif., early Wednesday, resulted in passenger trains 54 and 16 due out of Ashland at 5 and 7 p. m., respectively, not arriving here until 4 a. m. this morning.

Several cars of the freight train were piled up across the right of way, and the debris had to be removed before any trains could get by the point. No one was injured in the wreck, and the track is now clear, according to information that reached this city.

SPOOKY PARTY GIVEN FOR FRIENDS HALLOWEEN

The sons of Mr. and Mrs. A. C. Meyer, of 75 Pine street, entertained a number of friends at a Halloween party Tuesday evening. The rooms were appropriately decorated with witches, cats and jack o' lanterns. Games were played, after which seasonable refreshments were served. It was a very spooky party, as several times a ghost walked through the house. A number of grown folks were present and had as good a time as the kiddies. The young guests were: Norma and Wilda Peterson, Helen and Fern Madden, Virginia Hooper, Donald and Margie Guiley, Raymond Dougherty, Harold GeBauer, Albert Malcolm and Yale Meyer.

SAFE IS FORCED AND \$228 TAKEN IN CASH, CHECKS

ASHLAND LUMBER CO. VISITED BY THIEVES DURING NIGHT

MASTER KEY IS USED IN GAINING ENTRANCE

Suspicion Directed Toward Expert Workmen; No Clues Were Found Today by Police Who Were Called To Investigate Robbery.

Burglars gained entrance to the office of the Ashland Lumber company last night, where they broke into the safe and obtained \$288 in cash and checks.

The safe and office of the company were closed about 5:30 Wednesday evening by Mr. Madden, the bookkeeper, and he was the first at the office this morning, failing to notice anything out of place until he started to unlock the inner door of the safe, when he found the lock broken. Investigation proved that the money box had been entered and \$140 in currency, \$27.57 in gold and silver, and \$121.03 in checks had been taken.

Upon examination of the windows and doors of the room, they were all found to be locked as they were at closing time the night before, and it was concluded that a master key had been used on the Yale lock with which the front door was opened, and that the combination on the safe had been worked to gain entrance, but on finding the inside door was locked with a key, a punch and hammer were brought into play which broke the cast lock, thereby releasing the door.

No marks of any kind were found on anything either on the inside or outside of the building to indicate who committed the crime, and the police are at a loss for a clue.

ASHLAND LADY RETURNS FROM VISIT IN THE EAST

Mrs. Emma L. Oeder and daughter returned to the city the first of the week after a month's visit with relatives at Whitehaven, Pa.

Mrs. Oeder says that she is delighted to get back in old Ashland once again and considers herself fortunate in living in the west at the present time. Conditions in the east, according to Mrs. Oeder, are very bad, particularly with the railroads and in the coal regions.

Whitehaven is located in the soft coal district of Pennsylvania, and miners and their families in that section are practically destitute, having been out of work for many months. Credit is a thing of the past with all merchants.

The railroads are all short of cars as well as engines, and very few of the roads carry anything in the way of freight except coal and perishable fruits, making it almost impossible to get wearing apparel of any kind.

Mrs. Oeder says that she believes the west is in much better condition at this time than the east, and that the people on the coast are very fortunate.

MISS COZORT ENTERTAINS AT HALLOWEEN PARTY

Among the Halloween parties enjoyed was the one given by Beatrice Cozort at the home of her parents, Mr. and Mrs. J. G. Cozort, at 685 B streets. The house was appropriately decorated with autumn leaves, jack o' lanterns, owls, black cats and other Halloween favors.

After a ghost parade through the residence part of town, a supper, was served consisting of pumpkin pie, cake and hot chocolate.

A fish pond and other games were greatly enjoyed by all present until a late hour, when all went to their homes, voting Miss Beatrice a charming hostess. Those present were Dolly Frank, Ermina Selby, Audrey Brown, Catherine Freeman, Esther and Ruby Peffley, Irene and Helen Lizaee, Wynona Gilsan and Beatrice Cozort.

POWELLS PAY COMPLIMENT TO 'WE SHOULD WORRY'

"Our stay in Ashland has been one of the most pleasant of our numerous engagements," declared Mr. and Mrs. Frank Powell, who have been in the city for the past two weeks directing the Elks production, "We Should Worry." "Everyone has been perfectly lovely to us, and not once was the complete harmony of our work marred. We have never dealt with a more lady-like aggregation of women, especially the girls of the Pony ballet. They were the sweetest little girls we have met, and not one of them gave us a 'fresh' reply."

Mr. and Mrs. Powell left this afternoon for San Luis Obispo, Calif.
