

LOOMIS MEETING ARMORY TONIGHT

ASHLAND DAILY TIDINGS

(International News Wire Service)

ASHLAND CLIMATE, without the aid of medicine, cures nine cases out of ten of asthma. This is a proven fact.

MALARIA GERMS cannot survive three months in the rich ozone at Ashland. The pure domestic water helps.

VOLUME 4 (Successor to the Semi-Weekly Tidings, Vol. 43)

ASHLAND, OREGON, FRIDAY, NOVEMBER 3, 1922

No. 54

\$100,000 ROAD BOND FAVORED BY OFFICIALS

MEASURE UP TO PEOPLE, JUDGE AND COUNTY COMMISSIONERS SAY

TO CONSTRUCT HIGHWAY TO KLAMATH CO. LINE

State Gives Assistance for Construction Work on 50-50 Basis; Expense of Special Election Ballots Saved by Voting Now.

Favoring the proposed \$100,000 road bond issue to complete the Ashland-Klamath Falls highway in Jackson county, which will be submitted to the people at the election Tuesday, November 7, George A. Gardner, county judge, James Owens and Victor Bursell, county commissioners, have explained the entire situation. By putting the measure to the people at this time, an expense of \$2500 will be saved, as this of the approximate cost of ballots for a special election.

In 1920, the people of Jackson county passed a bond issue of \$500,000, which was to be used to co-operate with state and federal authorities in constructing certain roads.

With the \$200,000 voted for use on the Crater Lake highway, arrangements have been made for completion of said highway to the park line, with 42 miles already macadamized, all agreeing that Jackson county need not co-operate further in the Crater Lake highway construction.

With \$150,000 voted for use on the Ashland-Klamath Falls highway, work has been well advanced in Jackson county, and Klamath county has voted \$300,000 in bonds to be used in that county. The work on the Ashland-Klamath Falls highway is being carried forward on a 50-50 basis with the state in both Klamath and Jackson counties. With their bond issue, Klamath county is able to complete the highway in that county. In Jackson county there will be about \$90,000 shortage to finish the co-operation with the state, hence the \$75,000 bond issue, which together with some general road funds, will complete the road to the county line.

The completion of this highway, the court believes, is of vital importance in marketing produce in the Klamath country, and will otherwise be of great public utility when fully graded and macadamized. Bids for completion of this road have already been received by the state highway commission, and are being held subject to the outcome of the bond issue next Tuesday. Upon the approval of the bond issue, the county court would be authorized to co-operate with the state for the completion of the highway.

The remaining \$25,000, which makes up the \$100,000 proposed issue, is to be used to co-operate with the state to complete the Pacific highway at Gold Hill, where the highway crosses the river, by the building of a bridge and such construction as will be required to bring the crossing up to standard state requirements, and eliminate the grade crossings. Any moneys derived from the proposed issue will be used for co-operation work only.

With the completion of the state highways, to-wit, Pacific highway, Crater Lake highway and Ashland-Klamath Falls highway, the state will assume the maintenance thereafter, which will mean a saving to the county of thousands of dollars each year.

The bonds are to be issued at 10 year serials, which would mean four tenths of a mill levy, or 40 cents on each \$1000 valuation after 1924.

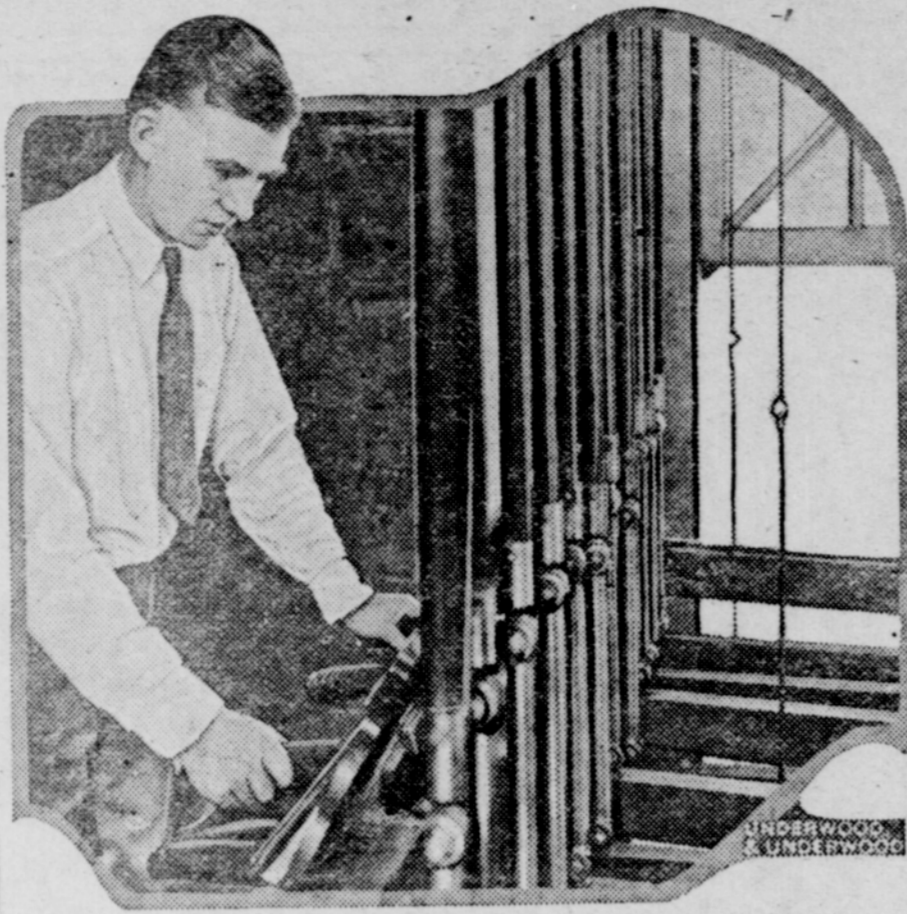

One hundred thousand dollars of the 1913 bond issue will be retired in 1923, and thus no additional levy over the present amount will be required to retire the proposed issue.

SALEM MAN PURCHASES BAKERY FROM KISTLER

Another business transfer is reported for the week. The Bon Ton bakery, corner of Fourth and A streets, having changed management Thursday, J. W. Kistler, former proprietor, has sold his interest in the establishment to O. M. Franklin, a recent arrival in Ashland.

For a great many years, Mr. Franklin has manufactured bakery products in the Willamette valley, and moved to this city from Salem. Mr. Kistler plans on spending the winter in Oklahoma.

Donates His Pay for War Memorial

To play the chimes at Indiana university for five years and donating his pay of \$100 a month to war memorial buildings in memory of the university's soldier dead is the unique pledge of Archie Warner, band leader of the university. The Indiana chimes are among the largest in the country and it is no easy task to play them, but Warner climbs into the tower every evening at 6 o'clock and cheerfully goes through with the program of Indiana songs. His \$500 pledge was applied to a fund of \$413,000 raised on the university campus within thirty hours.

CAR OWNERS MUST OBTAIN TRANSFER OF STATE LICENSE

J. J. McMahon, motorcycle speed cop on the highways in this section of the state, was a visitor in Ashland Thursday afternoon and, while he brought in no violators of the law, he handed out some good advice to automobile owners. Mr. McMahon states that many people do not provide themselves with proper permits or licenses, particularly so in the case of the purchase of second hand cars by dealers and quite often when one person buys a second hand car from another. He says that he expects to see that the law providing for obtaining of transfers for such licenses is enforced to the letter in the future, both as to private individuals and to automobile dealers. Following is the penalty provided by law: "Any person who violates any of the provisions of this act or fails to provide himself with the proper permit, license or licenses prescribed herein, shall, upon conviction thereof, or upon entering a plea of guilty to a complaint or indictment charging him with violation of any of the provisions of this act, unless otherwise provided for in this act, be punished by a fine of not to exceed \$100 or by imprisonment in the county jail not to exceed one year, or by both such fine and imprisonment, in the discretion of the court."

THANKSGIVING DAY NAMED BY HARDING

WASHINGTON, Nov. 3.—President Harding issued his Thanksgiving proclamation today. He says, "As we survey the experiences of the past 12 months, we find our estate presents much to justify a nationwide and most sincere testimony of gratitude for bounty bestowed upon us."

Mail Service to K. F. Stopped

The mail service between Ashland and Klamath Falls over the Howard stage line, was discontinued, effective November 1. The mail usually received over this route will now arrive in Ashland on train 12 the following morning, being delivered on city routes just 24 hours later than before. The service is used each summer, but owing to the roads, it is impossible to make the trip in the winter time.

Short Circuit Blamed for Fire

That a short circuit in the wiring was responsible of the fire that destroyed the Mason-Ehrman building in Medford Tuesday night is the opinion of George T. Collins, manager. He also believes that the building might have been saved had the Medford fire department been equipped with an apparatus to fight an inside fire above the second floor. The manager was very strong in his praise for the work done by the fire department, in view of its lack of proper equipment.

NAVY WINS 14 TO 0 OVER PENN STATE; CROWD IS 35,000

WASHINGTON, Nov. 3.—Thirty-five thousand saw the Penn State-Navy game today. The navy scored in the second quarter on a forward pass, McKee to Taylor. Conroy kicked the goal. The navy scored again in the third period, when Kratz, Penn State halfback, fumbled on his own 15-yard line. Cullen, one of the Navy backs, scooped up the ball and raced for a touchdown. Conroy kicked the goal. The Navy won—14 to 0.

MOTOR VEHICLES IN CO. REACH 4840

Application blanks for 1923 licenses have been mailed by the secretary of state to all motor vehicle owners in Oregon, so as to permit them to apply for and receive such licenses before January 1, 1923.

In a recent report issued by the secretary of state, the following is set forth:

"The distribution of the registrations up to September 15, 1922, shows that in Jackson county there were registered 23 motor vehicle dealers, 425 chauffeurs, 706 motor vehicle operators, 69 motorcycles, 4348 passenger cars, three ambulances and hearses, 28 busses and stages, 116 commercial cars of less than one ton capacity, 340 trucks of from one to five tons capacity, and five trailers of from one to five tons capacity, or a total of 4840 licensed passenger and commercial motor vehicles."

Astoria—Actual work on construction of the naval base at Tongue point to begin about January 1.

HOLD-UP FOILED BY OFFICERS; 2 BANDITS DEAD

\$200,000 IN POSSIBLE LOOT LOST IN THE UNSUCCESSFUL ATTEMPT

SPECIAL AGENT LEARNS OF PLANS IN ADVANCE

Detectives Ready for Highwaymen; One Credited With Twelve Train Stick-Ups and Had Served Long Term in Prison.

ST. LOUIS, Nov. 3.—Firing with deadly aim, post office inspectors and railroad detectives killed two bandits who held up the Memphis Flyer on the Frisco railroad at Wittenburg, Mo., this morning. One of the dead bandits was identified as Jack Kennedy, an escaped convict, known as "Jack the quail hunter."

Plans of the bandit gang were learned several days ago. A special agent overheard two of them discussing the plot in the reading room of a Memphis hotel.

Detectives were crouched in the engine cab and opened fire. A few miles down the track, two confederates of the dead bandits appeared. Both were captured. There was \$200,000 in actual money available if the holdup had been successful.

The other slain bandit was identified as Harvey Logan, of Houston, Texas. The men had looted sacks containing hundreds of registered letters. They jumped on the locomotive at Wittenburg and let the train run wild for 16 miles. Finally it stopped dead. Inspectors lay in wait for the men who ran at the command of "halt." A bullet fusillade riddled their bodies.

"Quail Hunter" Kennedy equalled Jesse James, railroad detectives stated. He is credited with the robbery of a dozen trains and served 12 years of a 17 year sentence before being released. He was a former engineer on the Southern Pacific and reputed to be the west's best pistol shot.

WIDOW OF PASTOR SUFFERS RELAPSE

WATERLOO, N. Y., Nov. 3.—Mrs. Anna Wadsworth Christler, widow of Rev. Leonard J. Christler, the slain Havre, Mont., clergyman, was unable to attend his funeral today, due to her nervous exhaustion. The constant vigil by her husband's bier brought on hysteria attacks.

The Rev. Christler was slain by Mrs. Margaret Carleton, who then suicided. Jealousy was thought to have been the motive.

A want ad will sell it.

Denby Helps Lay a Corner Stone

The cornerstone of the largest masonic temple in the world was laid by master masons of Michigan the other day at Temple and Cass avenues, Detroit. Secretary of the Navy Edwin Denby, personal representative of President Harding, assisted Grand Master McKenzie in the ancient ceremony, which is one of the few rites of operative masonry still practiced by the world's largest secret order.

ARMY TRANSPORT PLANE ATTEMPTS LONG FLIGHT

SAN DIEGO, Nov. 4.—The giant army transport monoplane T-2 hopped off at Rockwell field early this morning on the second attempt to span the continent in one flight. Lieutenants Oakley Kelly and John MacCreedy piloted the plane.

They expect to reach Long Island New York at 4 o'clock Saturday afternoon. The world's distance flight record will be broken by more than 1000 miles if the plane negotiates the flight.

MEDFORD PLANS ON BIG CELEBRATION

MEDFORD, Nov. 3.—(Special).—A big day of celebration and entertainment will be held here Armistice day, Saturday, November 11. The program will follow the general line of entertainment given last year with some additions and will be high class in every detail. Free band concerts and street vaudeville will start at 8 o'clock and the time from then on will be taken up with features which include free pavement dance, apple show in chamber of commerce building, big patriotic parade, football at 12:30 between Ashland and Medford high school teams, open house in Legion hall, with radio concerts, automobile races at fair grounds, smoker at Natatorium and the annual patriotic ball at fair grounds pavilion.

The Armistice day celebration last year drew one of the largest crowds ever seen in Medford, and it is believed that with the superior features to be staged this year, an even larger number of visitors will be entertained.

PASSENGER TRAINS AGAIN DELAYED BY BLOCK, TUNNEL 14

Many strange faces were seen on the streets of Ashland this morning due to the blocking of the main line of the Southern Pacific at Tunnel 14 near the summit of the Siskiyou mountains Thursday night. Trains from the south were delayed several hours, while those from the north were held here pending the arrival of those from the opposite direction. While the trains were being held here, many passengers availed themselves of the opportunity to see Ashland, and wandered around the city.

When George Kramer, agent for the Southern Pacific, learned that among those on board one of the stalled trains, were members of the Washington State college football team en route to Berkeley for a game with the University of California Saturday, he got in touch with the chamber of commerce, with the result that cars were provided, and the football men entertained by a whirl around the city.

Another noted passenger was Bart Spellman, line coach for the University of Oregon's football team. He was on his way to Berkeley to see the game tomorrow between the Cougars and the Bears in order to get a line-up on the style of play used by the Washington State men. The University of Oregon and the W. S. C. team will meet in Eugene Nov. 11, during the annual Homecoming celebration held by the University of Oregon.

VIRTUES EXTOLLED AT MASS MEETING

Nearly 300 people attended the special mass meeting of citizens called by Mayor C. E. Lamkin in the Armory Thursday night. Though called for a political gathering, the meeting soon developed into a denunciation of the Tidings, Jesse Winburn and B. R. Greer. Little was said by any of the speakers about Dr. Blake or Charlie Loomis, the two candidates for mayor.

"I do not smoke, chew or use tobacco in any form," said Dr. Blake in response to a query as to how he stood on the prohibition question. "I have never been seen in a state of intoxication. I have never even smoked a cigarette. As far back as I can trace in my family, no Blake has ever used tobacco. And I don't gamble, but I understand Charlie Loomis has a punch board in his store."

What promises to be a hot time in the old town tonight is arranged for 8 o'clock, when the "Loomis-for-Mayor" meeting will be held at the Armory. Judging from remarks overheard today, citizens of the city will be told a great many things in a straight-from-the-shoulder manner by men who know.

Pendleton—A Road association has been formed which has for its object the boosting of a north and south highway from Pendleton to Lakeview.

CHEERFULNESS IS KEYNOTE FOR PEP MAN'S TALK

SECOND LECTURE OF SERIES DRAWS LARGE AND INTERESTED CROWD

FINAL PUBLIC LECTURE TO BE GIVEN TONIGHT

"Character Analysis in Business" Is Topic Selected by Mr. Wischaupt; Hour of Meeting Again Scheduled For 7:30 O'Clock.

"Salesmanship is made up of 90 per cent of personality, which in turn is one of the biggest factors in business," declared Howard J. Wischaupt, the "Pep" man of Cleveland, in his lecture on "Personality" at the Civic club building Thursday night. There were three times the number of people present than attended the meeting the night before.

"Get up when you wake up and wake up when you get up," Mr. Wischaupt continued. "Keep yourself in good humor during the day, for you can't think of hate or dismal things when you hump. We need men with backbone, not men with a wishbone, which is as a piece of putty and will stay where it is put. You cannot hope to influence others until you can rule yourself."

Mr. Wischaupt further stressed the importance of personality in business and salesmanship during the second of the series of three lectures he is giving free to the public. He dwelt upon the importance of making a favorable impression on the prospective customer in the first few seconds at the time of the contact.

Five necessary qualities were enumerated by Mr. Wischaupt as being vital to a pleasing personality. These were cheerfulness, honesty, courtesy, sympathy, and sincerity. He also told of the necessity of starting the day right.

The final lecture of the series will be delivered tonight, at 7:30 o'clock. He will speak on "Character Analysis in Business." A great amount of interest is being shown in the lectures, and Mr. Wischaupt is kept busy during the day with many appointments.

VARIOUS MALADIES SUFFERED BY PROMINENT ENGLISHMEN

LONDON, Nov. 3.—Three of England's prominent citizens are under a doctor's care. The Prince of Wales was thrown from his hunting horse and suffered contusions of the ankle. Former premier Lloyd George is suffering from a cold and inflammation of the throat. Former colonial secretary Winston Churchill is recovering from an appendicitis operation.

CALIFORNIA JUDGE DECIDES WINE HAS NO LEGAL VALUE

SAN DIEGO, Calif., Nov. 3.—A court decision taboing criminal prosecutions for theft of liquor on the ground that it has no legal value will be taken to the California appellate court, District Attorney Muir said today.

Superior Judge Marsh dismissed yesterday two men charged with stealing rare liquors valued at \$10,000 from the home of James W. Coffroth, millionaire sportsman. The district attorney holds that the wine and whiskey was purchased prior to the enactment of the dry law and thus has legal value.

COLLEGE WOMEN TO MEET ON SATURDAY

On account of the regular meeting date of the Cpllege Women's club coming on Armistice day this month, the meeting of that organization will be held tomorrow instead of the following Saturday. The meeting will be held at the home of Miss Thone Carkin, 1334 Reddy avenue, Medford.

WEDDING DAY APPROACHES FOR WM. HOHENZOLLERN

DOORN, Holland, Nov. 3.—The old German court chaplain will give some pointed remarks regarding the late ex-kaiserin, prior to the wedding Sunday of William Hohenzollern, former kaiser, and Princess Hermine of Reuss. He will use a text from First Corinthians.

German women oppose the marriage. The bride is 30 years his junior, and is a striking contrast to the kaiser's emphasis on the sanctity of the marriage union.

ASHLAND NEWS IN PARAGRAPH

Pastors to Change Pulpits

Rev. C. F. Koehler, pastor of the Presbyterian church, will occupy the pulpit of the Presbyterian church in Medford Sunday evening at 7:30 o'clock in exchange with Rev. E. P. Lawrence, of that city, who will speak here. In speaking of the exchange, the Medford Mail Tribune says: "Mr. Koehler is very conservative in his attitude generally, entered the union meetings under Dr. Charles S. Price in a skeptical mood especially regarding the divine healing part of the work. Many who have been interested in these meetings and those who have been skeptical concerning them and their permanent value will be interested in hearing this message from Rev. C. F. Koehler."

Parent-Teachers' Meeting

The regular meeting of the Parent-Teachers association will be held this evening at 7:30 in the Hawthorne annex on the Boulevard. Reports of the delegates who attended the national and state convention, will be made, and a general discussion of subjects of vital interest to all parents will be taken up. Fathers have received a special invitation to attend the meeting.

Making Inspection Trip

Mr. Loomis, of Portland, head checker of the Standard Oil company in the state of Oregon, was in the city today looking over the belongings of the company and getting acquainted with the local people.

Jarvis' Will Return Soon

Dr. and Mrs. George O. Jarvis, who have been enjoying an extended motor tour vacation, have written their Ashland friends from San Diego, stating they expect to be back here in a few days. Though the trip was taken for a vacation, Dr. Jarvis could not resist temptation, and during a visit with friends in Los Angeles, managed to find time to perform two operations.

Steps for Short Visit

Willamette valley motorists who stopped in the city for a short visit with friends today, were Mr. and Mrs. W. G. Ballack, Miss Mae Ballack and Miss Maurine Ballack, of Albany. They were on their way to Long Beach, Calif., from Portland and will spend the winter in southern California.

Frost Is Heavy

With snow in the Siskiyou surrounding the city, the thermometer took a sudden downward movement Thursday night. This morning many flowers, which had been in bloom, were frost bitten, and the ground heavily covered with frost. The water at the lower intake was covered for a large share of its surface with a thin scum of ice.

Quarterback on "Fresh" Team

Mingus Aitkin, of this city, who is a freshman at the U. of O., is playing quarterback with the freshman team this year and is said to have made a permanent berth for himself.

Home from California Trip

A. R. Shelby, salesman for the Baker, Hamilton and Pacific company, who resides in this city, arrived home Thursday, from a business trip through California.

Building Political Fences

C. M. Thomas, republican candidate for circuit judge, was a visitor in the city today, looking over his political fences and adding a few extra rails for strength.

Medford to Play Roseburg

For the first time in nearly 10 years, Roseburg will send her football warriors into southern Oregon, when the Umpqua valley team meets Medford in Medford Saturday afternoon. In preparation for the game, the high school students at Medford are devoting 15 minutes daily practicing yells. Reports from Medford say that Coach Eddie Duron will have two complete teams on hand to meet the visitors, and that he has been keeping his men in strict training.

Visit Friends Here

Mr. and Mrs. Harry L. Grube, Mr. and Mrs. Steward, of Cottage Grove, and Mrs. Johnson, of Los Angeles, spent today as the guests of Mr. and Mrs. Fred Wilson and Mr. and Mrs. W. G. Curry, of North Main street. The visitors were formerly neighbors and friends of the Wilson and Curry families when all lived in Pennsylvania. The visitors expect to spend the winter in southern California.
