## WATER SOUGHT BY LAND OWNERS OF BELLEVIEW

BOOSTER CLUB ORGANIZED TO FURTHER INTERESTS OF DISTRICT

### 'IRRIGATION' WEEK IS PLANNED, NOVEMBER 20

Co-Operation Is Deemed Necessary; Chamber of Commerce and City Council Render Valuable Aid; Officers and Committeemen Chosen.

Boosters of the Belleview district held a meeting Tuesday night at the school house for the purpose of organizing a club to further irrigation for the district lying south of Ashland. The name selected for the organization was "Boosters for Belleview Irrigation."

Observance of the week beginning November 20 as "Irrigation Week," is being sought by the club, as the first order of business.

With the encouragement offered the residents of the Belleview district some time ago at a luncheon given by the chamber of commerce, at which time the business men of the city clearly demonstrated that they considered the time ripe to bring water to the district, and as being willing to lend a hand, a large portion of the land owners have already pledged themselves to take water. An united effort will be made in the next 10 days to secure the co-operation of every person in the district, and to put the project over.

The city council has gone on record as favoring the project, and has shown its faith in the success of the project by voting to buy 400 acres of water for the city.

Officers and committeemen elected Tuesday night are: Fred Homes, president; J. H. Frohboes, secretary; treasurer; J. W. Young, A. C. Joy and John Dill, publicity; Leo F. Ferguson, R. A. Avery, C. A. Brown, W. L. Moore, A. C. Joy, W. O. Martin, J. H. Frohboes, Fred Homes and J. W. Williams, soliciting.

## HEAVY TAXES, DEBT CASTING SHADOWS ON GERMAN NATION

BERLIN, Nov. 15.—Germany is faced today by an internal and external crisis as a result of the fall of the Wirth government. The fall has been expected for some time. The German mark is nearly valueless, while debt and taxation are crushing rich and poor alike.

The socialists and the democrat party are strongest, but are taking no part in the government, due to a decision by their leaders. The party contends that the stabilization of the mark is the first duty of any government. The future attitude of labor will be the great issue if a general election is ordered.

### ANNIVERSARY PLAY OFFERED AT HIGH SCHOOL TONIGHT

"As a Woman Thinketh," a three act comedy, will be offered by an all-star cast selected from the student body of Ashland high school for the anniversary play to be given in the auditorium of the high school this evening. The curtain will rise promptly at 8 o'clock. A heavy advance seat sale indicates the youthful actors will be greeted by a packed house.

The comedy deals with the trials of a mother who is a slave to her household and family, who is sorely tried by the characteristics of her family. Her husband is the possessor of an ill temper, while her three daughters, one of them married, are extravagant, has a taste for improper company, and a leaning toward slang and chewing gum, respectively. In addition to these afflictions, the poor woman has a dishonest negro cook and a shiftless son-in-law. Disorder reigns, and many laughable scenes are produced. In the end, all is peaceful, and a happy home results.

### RUMOR OF NATIONAL GUARD CUT DENIED BY WEEKS

SALEM, Nov. 15.—Denial of reports that there is any inclination on the part of the war department to reduce present national guard allotments to the state or any plan to up-set present regulations effecting the national guard as the mainstay of the first line for national land defense, has been made in a letter from Secretary of War Weeks to Brigadier General George A. White, head of the Oregon national guard. The widespread reports that sweeping changes were under consideration effecting the national guard of the United States were caused by the action of the war secretary in calling for a board of officers to sit in Washington this month to revise allotments.

The letter said that the real mission of this board with which General White has been invited to sit, is merely to arrange allotments, if necessary, where states are not able to meet their obligations under the national defense act.

## TORY VICTORY IS PREDICTED FOR GREAT BRITAIN

ONLY BLOC BY LLOYD GEORGE CAN PUT LIBERALS IN POWER

### ELECTION TODAY SAID HOTTEST IN 10 YEARS

Nearly 20,000,000 Voters Visit the Polls; Election Costs Total Millions; 615 Seats to be Filled in House of Commons.

LONDON, Nov. 15.—Great Britain, with the exception of Ireland, is electing a new house of commons today, following the bitterest political campaign in a decade. On the outcome depends whether England will continue to have a tory government or the liberals will come into power.

Lloyd George, former premier, has returned to his seat in the commons and is the most spectacular figure of the campaign. There is little chance of the liberals gaining control unless Lloyd George affects a bloc or coalition with the liberals of the opposing faction, or with tories dissatisfied with Premier Bonar Law.

There are approximately 20,000,000 voters. The cost of the election is estimated at \$10,000,000, while 615 seats will be filled.

The added expense will be more than offset, it is expected, by increased receipts. Last year the additional receipts totaled close to \$8,000,000.

## HAYNES SCORED FOR LAXITY IN ENFORCING LAW

### HUGE APPROPRIATION DENIED BY COMMITTEE

\$9,000,000 Declared Not Needed for 1923; 200 Additional Field Men Are Also Refused; Better Results Are Demanded.

WASHINGTON, Nov. 15.—Prohibition Commissioner Haynes was severely grilled by the house appropriations committee, which is preparing the treasury supply bill. The charge was made that the prohibition office failed to enforce prohibition, wasted government funds and violated the rights of individual citizens. Haynes asked a \$9,000,000 appropriation for the ensuing year, and 200 additional field agents.

Representative Gallivan, of Massachusetts, democrat and wet leader, is opposed to large appropriations unless better results are secured. He interrogated Haynes in a hostile manner.

### PURSE GRABBER MAKES GETAWAY IN DAYLIGHT

Something out of the ordinary for Ashland occurred a few minutes after 4 o'clock Tuesday afternoon in front of the Hotel Ashland near the intersection of Main and Oak streets, when a strange young man grabbed the purse of Miss Mabel Roach, breaking the cord which was used a handle, and ran down Oak street. Several persons were near at hand, but none realized just what had happened until the man was well down Oak street and running at full speed.

Miss Roach was dazed by the brazenness of the act and failed to even make an outcry and only looked after the fleeing robber. No police were about at the time, but were called and were on the scene within two minutes, but despite the good description given of the robber, they were unable to locate him during the evening or night. Several clues were run down, but all ended without the desired result.

The purse contained only a small amount of change, but the bag was of the beaded type and a gift from a friend, which was prized very much by the owner.

Winter Fair, December 4-7. Talk it up.
