ASHLAND, OREGON, TUESDAY, NOVEMBER 21, 1922

PETTY JEALOUSIES AND DOUBTS MUST BE DISPELLED SAYS SPEAKER

## STREET DECORATION PLANS ARE APPROVED

Committee of Business Men Is Appointed to Work Out Some Idea As to Best Procedure; Must Have Fir Trees.

"All the communities, for all the state, ALL the time."

This was the message brought to Ashland by E. C. Robbins, dean of the school of commerce, University of Oregon, in speaking at the noonday luncheon of the chamber of commerce in Pioneer hall today.

"Oregon elads the states of the Union in education, where it has more students in college in proportion to the total population of the state, and second in the proportionate number of students in high schools. The state is regarded throughout the country as being the most advanced politically; in morals, Portland has often stood highest on the list of the great cities in the United States, and never less than also leads.

states around us, though our natural straits in order to secure a lasting law prohibits the shooting of does resources are almost unlimited.
