Business Woman Feared She Had Heart Trouble

"Since Tanlac has overcome a bad case of indigestion and nervousness of three or four years standing for me, my work here in the store is a pleasure, and I am certainly grateful for the good health it has given me," said Mrs. J. W. Pickins, of 516 E. 15th St., Los Angeles, who owns and operates the book store at 219 Mercantile Place.

"I was so run down that I felt miserable all the time. My sleep was broken and restless, I had no appetite, and the gas from undigested food caused my heart to palpitate so I thought I had heart trouble. For a time I had a swelling in my legs, too, and it was an effort for me to get about."

"It is wonderful how Tanlac has given me such perfect relief from these troubles. I eat heartily now, sleep like a child at night, and just feel fine all the time."

Tanlac is sold by all good druggists.

White-of-Egg in Calumet a Vital Element Most Baking Powders Lack

Don't use a leavener that does not contain white-of-egg. When you do you take chances—you run the risk of spoiling your bakings.

CALUMET The Economy BAKING POWDER

contains a small amount of white-of-egg. This makes it possible for representatives of the company to test it frequently for leavening strength—right on the dealer's counter. Nothing but absolutely fresh stock is permitted to remain on the dealers' shelves. It must always be up to the high Calumet standard.

Remember the white-of-egg in Calumet protects the success of your bakings. It is the economical positive bake-day aid and its sale is 2 1/2 times as much as that of any other brand. A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce cans instead of 16 ounce cans. Be sure you get a pound when you want it.
