OLYMPIC

The protein content of OLYMPIC egg mashes is completely balanced in itself, consisting of the proper varieties and of superior quality. These are the reasons why OLYMPIC egg mashes are higher in digestibility, safer and productive of such uniform and satisfactory results in health of the layers and in filling the egg baskets. Either of these mashes, properly fed with OLYMPIC SCRATCH, constitute a ration of the proper nutritive ratio for the laying hen.
